**Vancouverism**

By (author) Larry Beasley 🍁

May 01, 2019 | Paperback , Flaps | \$39.95 |

Until the 1980s, Vancouver was a typical mid-sized North American city. But between Expo 86 and the Olympic Games in 2010, something extraordinary happened. This otherwise unremarkable Canadian city underwent a radical transformation that saw it emerge as an inspiring world-class metropolis celebrated for its liveability, sustainability, and competitiveness. City-watchers everywhere took notice and wanted to learn more about this new model of urban growth, and the term "Vancouverism" was born.

This book tells the story of "Vancouverism" and the urban planning philosophy and practice behind it. The author, Larry Beasley, is a former chief planner of the City of Vancouver and a key player at the heart of the action. Writing from an insider's perspective, he traces the principles that inspired Vancouverism and the policy framework developed to implement it. The prologue, written by prominent Vancouver journalist Frances Bula, outlines the political and urban history of Vancouver up until the 1980s as background. The text is also beautifully illustrated by the author with more than 200 colour photographs depicting not only the city's vibrancy but also the principles of Vancouverism in action.

Cities everywhere are asking the same question. Shall we shape change or will change shape us? This book shows how one city discovered positive answers, and it offers the principles, tools, and inspiration for others to follow. While the emphasis is on the accomplishments of Vancouverism, Beasley also discusses the problems now facing the city (especially affordability) and offers suggestions for refining and enhancing the Vancouver model, as well as thoughts on the applicability of Vancouverism to cities and suburbs worldwide.

He sits on the boards of TransLink, British Columbia's integrated transportation agency; the National Capital Commission in Ottawa; and the Canadian Urban Institute. He is a registered professional planner in Canada and the retired co-chief planner for the City of Vancouver.

After more than thirty years of civic service, fifteen as co-chief planner, where he led Vancouver's modern transformation into a world model for sustainable and liveable cities, Larry Beasley now teaches and advises on urbanism around the world. Key appointments have included: special advisor on city planning to the Government of Abu Dhabi, UAE, where he founded the Urban Planning Council, one of the most progressive planning agencies in the Middle East; senior advisor on urban design in Dallas, Texas, where he founded their Urban Design Studio; member of the International Economic Development Advisory Board of Rotterdam, The Netherlands; chair of the NCC's Advisory Committee on Planning, Design and Realty; urban advisor to Nordic Innovations in Scandinavia; planning advisor in Vancouver, BC, as well as Toronto and Brampton, Ontario; and vice-president of Aquilini Developments, a major Canadian development

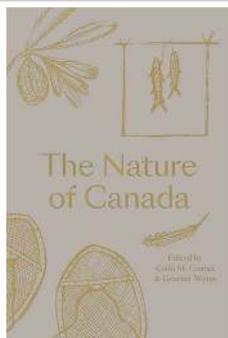

**Reviews**

Larry Beasley takes us on one of the most intense and transformative city-building journeys of our time.

*Vancouverism* is a tale of breathtaking conversion – of principles, ideas, and players – that saw a rather provincial town come of age on the global stage. - **Jennifer Keesmaat, CEO of the Creative Housing Society and former chief planner of the City of Toronto**

In this inspiring "in-the-cockpit" account, Larry Beasley explains the phenomenon of "Vancouverism." While recounting local events, he reveals what was distinctively Canadian about this episode in city building – and its general applicability elsewhere. In an era when there is great frustration with government and an impulse to "get it out of the way," this book makes the case for a highly proactive, enlightened, and nimble government leadership. - **Ken Greenberg, urban designer, vice chair of the City Building Institute at Ryerson University, and author of *Walking Home: The Life and Lessons of a City Builder***

**The Nature of Canada**

Edited by Colin M. Coates , Edited by Graeme Wynn

May 01, 2019 | Paperback , Flaps | \$29.95 |

Snow-capped mountains. Pristine lakes. Crystalline glaciers. Big-sky sunsets. "Canada" is synonymous with nature, and throughout history people have been drawn to it for its bounty – from fish and furs to gold, wheat, and lumber. Intended to delight and provoke, these short, beautifully crafted essays, enlivened with photos and illustrations, explore how humans have engaged with Canadian nature and what those interactions say about the nature of Canada. Tracing a path from the Ice Age to the Anthropocene, some of the foremost stars in the field of environmental history reflect on how we, as a nation, have idolized and found inspiration in nature even as fishers, fur traders, farmers, foresters, miners, and city planners have commodified it and tried to tame it. They also travel lesser known routes, revealing how Indigenous people listened to glaciers and what they have to tell us; how the weather is not what we must endure but what we make of it; and how even the nature we can't see – the smallest of pathogens – has served the interests of some while threatening the very existence of others. The Nature of Canada will make you think differently not only about Canada and its past but quite possibly about Canada and its future. Its insights are just what we need as Canada attempts to reconcile the opposing goals of prosperity and preservation.

**Inside Killjoy's Kastle**

*Dykey Ghosts, Feminist Monsters, and other Lesbian Hauntings*

Edited by Allyson Mitchell 🍁, Edited by Cait McKinney 🍁

Jun 01, 2019 | Paperback, Flaps | \$40.00 |

*Hundreds of years of ridicule, persecution, erasure, misunderstanding, and institutionalization could put anyone in a bad mood. Killjoy invites you into her kastle for a queer exorcism of the past.*

Lesbian feminist histories can have a haunting effect on the present. This book explores the making and experience of Killjoy's Kastle, an immersive walk-through installation and performance artwork (by Allyson Mitchell and Deirdre Logue) that materializes the frightfully acrimonious past for today.

Inspired by Evangelical Christian hell houses of the past, the exhibition has been staged in three cities so far – Toronto, London, and Los Angeles – inviting visitors to interact with humorous and frightening manifestations of the spirits that haunt feminist and queer history. Whereas traditional hell houses set out to scare and convert, Killjoy's Kastle cheekily aims to provoke and pervert, giving expression to old and new anxieties and creating a space for critique, affect, and discussion. Inside Killjoy's Kastle fills this space by exploring the kastle's theoretical and political legacies in chapters by queer and feminist scholars and in vignettes by artists who participated in the project. The many colourful photos in the book also bring Killjoy's Kastle to life, offering an important visual context. By taking the kastle as a starting point, the contributors consider the role of lesbian feminist histories and direct-action aesthetics in contemporary communities, particularly the ways in which political artwork can produce new ways of knowing about the past.

Urgent, necessary, and joyful. - **Jennifer Doyle, author of *Hold It Against Me: Difficulty and Emotion in Contemporary Art***

All the rumours are true: lesbian feminist performance artists are terrifying, titillating, and in-your-face political. This book extends the fright and delight of *Killjoy's Kastle: A Lesbian Haunted House*, revamping the genre of the exhibition catalogue to include, in true feminist fashion, all the various heroines, critics, and guides that influenced and contributed to the project. A book for everyone committed to resisting heteropatriarchal violence, and who wants to laugh (and cry) while doing it. - **Heather Davis, editor of *Desire Change: Contemporary Feminist Art in Canada***

**Four Unruly Women**

*Stories of Incarceration and Resistance from Canada's Most Notorious Prison*

By (author) Ted McCoy

Mar 01, 2019 | Paperback , Trade | \$21.95 |

Bridget Donnelly. Charlotte Reveille. Kate Slattery. Emily Boyle. Until now, these were nothing but names marked down in the admittance registers and punishment reports of Kingston Penitentiary, Canada's most notorious prison. In this shocking and heartbreaking book, Ted McCoy tells these women's stories of incarceration and resistance in poignant detail. The four women served sentences at different times over a century, but the inhumanity they suffered was consistent. Locked away in dark basement wards, they experienced starvation and corporal punishment, sexual abuse and neglect – profoundly disturbing evidence of the hidden costs of isolation, punishment, and mass incarceration.

Ted McCoy weaves a powerful, moving tribute to the women who resisted from inside the Kingston Penitentiary between 1835 and 1935. Read about their solitary isolation in dank dungeons, confinement in “the box,” cat-o'-nine tails lashings, and sexual assaults, and marvel at their remarkable courage.

Compelling, poignant, infuriating, and touching – this book shines a light on the inhumane treatment of female prisoners and the toll it inflicted on them and their families. These women's stories deserve to be read by as many people as possible so that we may remember them and the disgraceful way they were treated. **- Geoffrey Reaume, author of Remembrance of Patients Past: Life at the Toronto Hospital for the Insane, 1870–1940**

Women's Suffrage and the Struggle for Democracy

**To Be Equals in Our Own Country**

*Women and the Vote in Quebec*

By (author) Denyse Baillargeon 🇨🇦, Translated by Käthe Roth

Mar 01, 2019 | Hardcover, Dust jacket | \$27.95 |

"When the history of suffrage is written, the role played by our politicians will cut a sad figure beside that of the women they insulted." Speaking in 1935, feminist Idola Saint-Jean captured the bitter nature of Quebec women's prolonged fight for the right to vote. *To Be Equals in Our Own Country* is a passionate yet even-handed account of the road to suffrage in Quebec, examining women's political participation since winning the vote in 1940 and comparing their struggle to movements in other countries. This astute exploration of enfranchisement rightly recognizes suffrage as a fundamental question of human rights.

Women's Suffrage and the Struggle for Democracy  
**Ours by Every Law of Right and Justice**

*Women and the Vote in the Prairie Provinces*

By (author) Sarah Carter

Jul 15, 2019 | Hardcover , Dust jacket | \$27.95 |

**This long-overdue account of the suffrage campaigns in the first region to grant women the vote in Canada shatters cherished myths about how the West was won.**

Many of Canada's most famous suffragists lived and campaigned in the Prairie provinces, which led the way in granting women the right to vote and hold office. In *Ours by Every Law of Right and Justice*, Sarah Carter challenges the myth that grateful male legislators simply handed women the vote when it was asked for. Settler suffragists worked long and hard to overcome obstacles and persuade doubters. But even as they petitioned for the vote for their sisters, they often approved of that same right being denied to "foreigners" and Indigenous peoples. By situating the suffragists' struggle in the colonial history of Prairie Canada, this powerful and passionate book shows that the right to vote meant different things to different people.

**Contributor Bio**

**Sarah Carter** is the author of numerous books and articles on the history of women and First Nations in Prairie Canada, including *Imperial Plots: Women, Land, and the Spadework of British Colonialism on the Canadian Prairies*, which won the Governor General's History Award for Scholarly Research and the Canadian Historical Association's Sir John A. Macdonald Prize. *Recollecting: Lives of Aboriginal Women of the Canadian Northwest and Borderlands*, which she edited with Patricia McCormack, won four prizes, including the Canadian Historical Association's Aboriginal History Award and the Coalition for Western Women's History's Armitage-Jameson Book Prize in North American women's and gender history. She is a professor and the Henry Marshall Tory Chair in the Department of History and Classics and the Faculty of Native Studies at the University of Alberta.

**One Hundred Years of Struggle**  
*The History of Women and the Vote in Canada*  
 By (author) Joan Sangster   
 Mar 08, 2019 | Paperback , Trade | \$24.95 |

**On the eve of celebrating the 100th anniversary of women's right to vote in Canada comes a timely reassessment of everything Canadians thought they knew about the history of women, the vote, and democracy in our nation.**

The achievement of the vote in 1918 is often celebrated as a triumphant moment in the onward, upward advancement of Canadian women. Acclaimed historian Joan Sangster looks beyond the shiny rhetoric of anniversary celebrations and Heritage Minutes to show that the struggle for equality included gains and losses, inclusions and exclusions, depending on a woman's race, class, and location within the nation. She travels back in time to tell a new, more inclusive story for a new generation and exposes not only the fissures of inequality that cut deep into our country's past but also their weaknesses in the face of resistance, optimism, and protest – an inspiring legacy that resonates to this day.

**Contributor Bio**

**Joan Sangster** is the author of numerous books and articles on the history of women in Canada, including *Earning Respect: The Lives of Working Women in Small-Town Ontario, 1920-60*, which won the Canadian Federation for the Humanities and Social Sciences's Harold Adams Innis Prize. We have needed this book for a long time – a well-written, lively, and thoughtful account of women's campaign for political equality. Sangster gives us the complexity of a highly regionalized movement fed by a wide range of ideologies, and she introduces us to a cast of extraordinary women who quietly pushed for radical change. Deep scholarship, no jargon – a book for all of us. - **Charlotte Gray, author of *The Promise of Canada: 150 Years – People and Ideas That Have Shaped Our Country***

Centenaries are worth celebrating, and Joan Sangster's brilliant 100-year history of women's suffrage provides a fitting occasion for pride. Sangster unveils the rich and diverse stories of the women (and men) whose activism pried the right to vote out of reluctant opponents. Along the way, she shakes up a multitude of misapprehensions. To read this is to be inspired. - **Constance Backhouse, author of *Claire L'Heureux-Dubé: A Life***

**The Last Suffragist Standing**

*The Life and Times of Laura Marshall Jamieson*

By (author) Veronica Strong-Boag 🍁

Mar 08, 2019 | Paperback , Trade | \$32.95 |

***The Last Suffragist Standing* is an unprecedented study of a pioneering Canadian suffragist and politician and an illuminating work on the history of feminism, socialism, internationalism, and activism in Canada.**

*The Last Suffragist Standing* is an unprecedented study of a pioneering politician, a New Woman who tested Canadian democracy. Laura Marshall Jamieson (1882–1964) was the last suffragist in Canada to be elected to a provincial or federal legislature, and her biography opens a window onto the political and social landscape of her time. She embraced issues such as minimum wage, feminist pacifism, housing, and employment equality throughout her six decades of activism. Strong-Boag’s deep knowledge of the history of the women’s movement and Canadian politics turns this compelling account of a woman’s life into an illuminating work on the history of feminism, socialism, internationalism, and activism in Canada.

With verve and insight, Veronica Strong-Boag’s account of Laura Jamieson challenges many widely held myths. The book shows how a seemingly conformist, middle-class matron became an unstinting champion of social change – including women’s enfranchisement, birth control, and social democracy. *The Last Suffragist Standing* is a stunning accomplishment, notably for its fresh and compelling twist on Canadian political history. - **Sylvia Bashevkin, professor, Department of Political Science, University of Toronto**

**A Queer Love Story**

*The Letters of Jane Rule and Rick Bébout*

Edited by Marilyn Schuster

Apr 01, 2019 | Paperback , Trade | \$29.95 |

**A *Queer Love Story* chronicles the poignant, incisive exchanges and intimate friendship that developed between Jane Rule, lesbian novelist and essayist, and Rick Bébout, gay journalist and activist, as they reflected on and participated in the key issues and events that shaped LGBT communities in the '80s and '90s.**

*A Queer Love Story* presents the first fifteen years of letters between Jane Rule – novelist and the first widely recognized “public lesbian” in North America – and Rick Bébout, journalist and editor with the Toronto-based *Body Politic*, an important incubator of LGBT thought and activism. Rule lived in a remote rural community on Galiano Island in British Columbia but wrote a column for the magazine. Bébout resided in and was devoted to Toronto’s gay village. At turns poignant, scintillating, and incisive, their exchanges include ruminations on queer life and the writing life even as they document some of the most pressing LGBT issues of the '80s and '90s, including HIV/AIDS, censorship, and state policing of desire.

She lives in Oakland, California.

**Rick Bébout** was the editor of the hugely influential *Body Politic*, “the magazine of record for the activities and development of the gay liberation movement across the country.” He was born in Ayer, Massachusetts, and came to Canada at age nineteen in 1969. He died in Toronto in 2009.

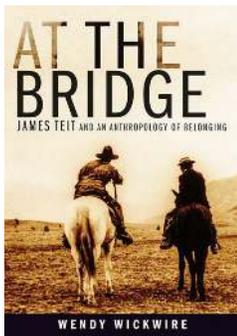

**Jane Rule** was born in Plainfield, New Jersey and moved to Canada in 1956. She died at her home on Galiano Island in 2007 at the age of seventy-six. She was inducted into the Order of British Columbia in 1998, and into the Order of Canada in 2007. She wrote fourteen books, including *Desert of the Heart* (1964), which was turned into the movie *Desert Hearts*.

**Reviews**

These letters swept me up like a novel. The evolving friendship between these unlikely correspondents – the older lesbian writer and the younger gay editor and activist – is, indeed, a love story. But their love is about something much larger than themselves. Jane and Rick’s running analysis of the sea changes occurring in queer life, from the radical seventies, through the AIDS-devastated eighties, to the assimilationist nineties, is incisive, deeply considered and, above all, engaged. In the current era of atrophying attention spans and political atomization, these lush, eloquent letters between people who see themselves first and foremost as part of a movement are exhilarating. - **Alison Bechdel, cartoonist and author of *Fun Home***

These very readable letters, written in a braver and less conventional time, offer a refreshing view that prizes friendship over coupledom and suggests how we all – gay, straight, or just plain queer – might organize our lives and loves outside of the ready-to-wear straightjacket of family and...

*James Teit and an Anthropology of Belonging*

By (author) Wendy Wickwire 🍁

Jun 01, 2019 | Paperback , Trade | \$34.95 |

**At the Bridge lifts from obscurity the story of James Teit (1864–1922), an outstanding Canadian ethnographer and Indian rights activist whose thoughtful scholarship and tireless organizing have been largely ignored.**

Every once in a while, an important historical figure makes an appearance, makes a difference, and then disappears from the public record. James Teit (1864–1922) was such a figure. A prolific ethnographer and tireless Indian rights activist, Teit spent four decades helping British Columbia’s Indigenous peoples in their challenge of the settler-colonial assault on their lives and territories. Yet his story is little known.

At the Bridge chronicles Teit’s fascinating story. From his base at Spences Bridge, British Columbia, Teit practised a participant- and place-based anthropology – an anthropology of belonging – that covered much of BC and northern Washington, Idaho, and Montana. Whereas his contemporaries, including famed anthropologist Franz Boas, studied Indigenous peoples as the last survivors of “dying cultures” in need of preservation in metropolitan museums, Teit worked with them as members of living cultures actively asserting jurisdiction over their lives and lands. Whether recording stories and songs, mapping place-names, or participating in the chiefs’ fight for fair treatment, he made their objectives his own. With his allies, he produced copious, meticulous records; an army of anthropologists could not have achieved a fraction of what Teit achieved in his short life.

Wendy Wickwire’s beautifully crafted narrative accords Teit the status he deserves. At the Bridge serves as a long-overdue corrective, consolidating Teit’s place as a leading and innovative anthropologist in his own right.

Wendy Wickwire’s biography of James Teit is the first comprehensive and authoritative account of this important ethnographer and political activist. This compelling book should become a classic addition to our knowledge of Indigenous-settler relations in early British Columbia. - **Ira Jacknis, author of *The Storage Box of Tradition: Kwakiutl Art, Anthropologists, and Museums, 1881–1981***

Wendy Wickwire’s groundbreaking historical investigation places James Teit as a key figure in early North American anthropology, but also as central to historical Indigenous rights activism in British Columbia. - **Julie Cruikshank, author of *Do Glaciers Listen? **Gandhi's Search for the Perfect Diet**

*Eating with the World in Mind*

By (author) Nico Slate

Feb 19, 2018 | Hardcover, Sewn | \$33.95 |

Mahatma Gandhi redefined nutrition as a holistic approach to building a more just world. What he chose to eat was intimately tied to his beliefs. His key values of nonviolence, religious tolerance, and rural sustainability developed in coordination with his dietary experiments. His repudiation of sugar, chocolate, and salt expressed his opposition to economies based on slavery, indentured labor, and imperialism.

*Gandhi's Search for the Perfect Diet* sheds new light on important periods in Gandhi's life as they relate to his developing food ethic: his student years in London, his politicization as a young lawyer in South Africa, the 1930 Salt March challenging British colonialism, and his fasting as a means of self-purification and social protest during India's struggle for independence. What became the pillars of Gandhi's diet—vegetarianism, limiting salt and sweets, avoiding processed food, and fasting—anticipated many of the debates in twenty-first-century food studies, and presaged the necessity of building healthier and more equitable food systems.

**The Grand Food Bargain**

*and the Mindless Drive for More*

By (author) Kevin Walker

Mar 26, 2019 | Hardcover, Sewn | \$29.95 |

**A look at the true costs of America's seemingly cheap and convenient food system.**

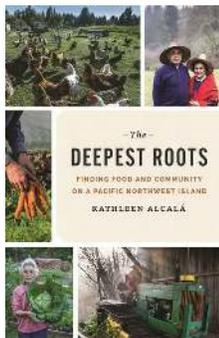

Americans enjoy some of the cheapest, most convenient food on the planet. But like most bargains that are too good to be true, the modern food system is a fraud. It is built on the illusion of limitless abundance, and the planet has its limits. So too do the workers who must labor harder and faster for less pay. So too does a healthcare system that must absorb rising rates of diabetes and obesity.

Through stories from around the globe, Kevin Walker reveals the true costs of our grand food bargain. By the end of the journey, we not only understand how the drive to produce ever more food became hardwired into the American psyche, but why shifting our mindset is essential.

*Finding Food and Community on a Pacific Northwest Island*

By (author) Kathleen Alcalá

Jan 01, 2019 | Paperback , Trade | \$25.95 |

**Combining memoir, historical records, and a blueprint for sustainability, *The Deepest Roots* shows us how an island population can mature into responsible food stewards and reminds us that innovation, adaptation, diversity, and common sense will help us make wise decisions about our future.**

In *The Deepest Roots*, Kathleen Alcalá sets out to re-examine her relationship with food at the most local level. Alcalá walks, wades, picks, pokes, digs, cooks, and cans, getting to know her neighbors on a much deeper level. Wanting to better understand how we once fed ourselves, and acknowledging that there may be a future in which we could need to do so again, she meets those who experienced the Japanese American internment during World War II, and learns the unique histories of the blended Filipino and Native American community, the fishing practices of the descendants of Croatian immigrants, and the Suquamish elder who shares with her the food legacy of the island itself.

*An Atlas of Ocean Pollution*

By (author) Michiel Roscam Abbing

Apr 04, 2019 | Hardcover \$30.95 |

Plastics have transformed every aspect of our lives. Yet the very properties that make them attractive—they are cheap to make, light, and durable—spell disaster when trash makes its way into the environment. *Plastic Soup: An Atlas of Ocean Pollution* is a beautifully-illustrated survey of the plastics clogging our seas, their impacts on wildlife and people around the world, and inspirational initiatives designed to tackle the problem.

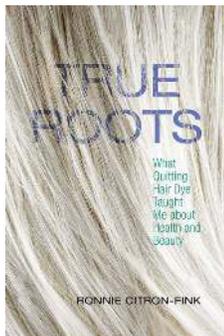

In *Plastic Soup*, Michiel Roscam Abbing of the Plastic Soup Foundation reveals the scope of the issue: plastic trash now lurks on every corner of the planet. With striking photography and graphics, *Plastic Soup* brings this challenge to brilliant life for readers. Yet it also sends a message of hope; although the scale of the problem is massive, so is the dedication of activists working to check it. *Plastic Soup* highlights a diverse array of projects to curb plastic waste and raise awareness, from plastic-free grocery stores to innovative laws and art installations.

According to some estimates, if we continue on our current path, the oceans will contain more plastic than fish by the year 2050. Created to inform and inspire readers, *Plastic Soup* is a critical tool in the fight to reverse this trend.

By (author) **Ronnie Citron Fink**

Jun 04, 2019 | Hardcover , Sewn | \$28.95 |

**A journalist concerned with the risks of hair dye learns to embrace gray hair and better health.**

Like 75% of American women, Ronnie Citron Fink colored her hair. Yet as an environmental journalist, she knew all those unpronounceable chemical names on the back of the hair dye box were far from safe.

So Ronnie decided to ditch the dye and go in search of answers. What are the risks of hair dye? Are their safer alternatives? Will I still feel like me when I have gray hair?

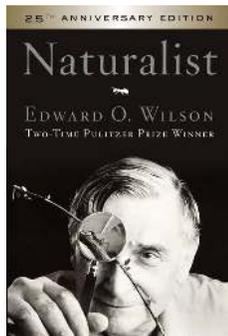

*True Roots* follows her journey from dark dyes to a silver crown of glory, from fear of aging to embracing natural beauty. Along the way, women of all ages can learn to protect themselves from dangerous products and discover a new hair story—one built on individuality, health, and truth.

**Naturalist 25th Anniversary Edition**

By (author) Edward O. Wilson  
 Mar 12, 2019 | Paperback , Trade | \$34.95 |

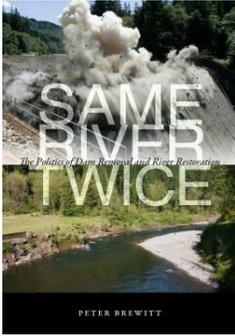

Edward O. Wilson—winner of two Pulitzer prizes, champion of biodiversity and Faculty Emeritus at Harvard—is arguably one of the most important thinkers of the twentieth century. A modern classic of science memoir, *Naturalist* is a wise and personal account of Wilson’s growth as a researcher and the evolution of the fields he helped define. Wilson traces the trajectory of his life detailing how his youthful fascination with nature blossomed into a lifelong calling. As the narrative of Wilson’s life unfolds, the reader is treated to an inside look at the origin and development of ideas that guide today’s biological research.

At once practical and lyric, *Naturalist* provides fascinating insights into the making of a scientist, and a valuable look at some of the most thought provoking ideas of our time. It is a poignant reminder of the human side of science and an inspiring call to celebrate the little things of the world.

**Contributor Bio**

**Edward O. Wilson** is the author of more than twenty books, including *The Ants* and *On Human Nature*, both of which were awarded the Pulitzer Prize. He is currently Faculty Emeritus in the Museum of Comparative Zoology and Pellegrino University Professor, Emeritus at Harvard University.

*The Politics of Dam Removal and River Restoration*

By (author) Peter Brewitt

Apr 04, 2019 | Paperback , Trade | \$28.95

**Tells the stories of three major dam removal projects to show how stakeholders navigate the political landscape.**

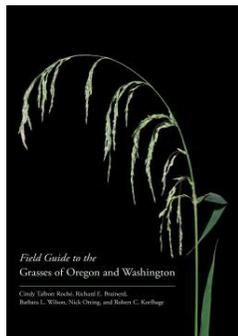

Dam removal wasn't a realistic option in the twentieth century, and people who suggested it were dismissed as fringe environmentalists. Over the past twenty years, dam removal has become increasingly common, with dozens of removals now taking place each year in the US. *Same River Twice* tells the stories of three major Northwestern dam removals – the politics, people, hopes, and fears that shaped three rivers and their communities. Brewitt begins each story with the dam's construction, shows how its critics gained power, details the conflicts and controversies of removal, and explores the aftermath as the river re-established itself.

**Them Goon Rules**

*Fugitive Essays on Radical Black Feminism*

By (author) Marquis Bey

Feb 19, 2019 | Paperback , Trade | \$22.95

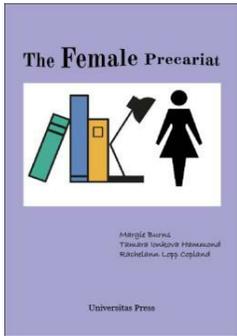

A series of essays that reads like a critical memoir, this work queries the function and implications of politicized Blackness, Black feminism, and queerness. Bey binds together his personal experiences with social justice work at the New York-based Audre Lorde Project, growing up in Philly, and rigorous explorations of the iconoclasm of theorists of Black studies and Black feminism. Bey's voice recalibrates itself playfully on a dime, creating a collection that carries in both academic and nonacademic realms.

Fashioning fugitive Blackness and feminism around a line from Lil' Wayne's "A Millie," *Them Goon Rules* is a work of "auto-theory" that insists on radical modes of thought and being as a refrain and a hook that is unapologetic, rigorously thoughtful, and uncompromising.

Mar 07, 2019 | Paperback , Trade | \$38.00 |

**An insightful volume that addresses gender disparities in pay, professional support, and job security in both the higher education work force and the work force in the newer digital economy.**

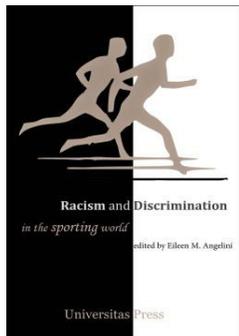

This thematic volume addresses gender disparities in pay, professional support, and job security in both the higher education work force and the work force in the newer digital economy. The purpose of this book is to explain the U.S. higher education precariat and the digital precariat to the world at large, and to document with overwhelming evidence that the precariat in higher education and in the Internet economy disproportionately involves women. We hope that our book will help change the culture of silence. This book is a labour of love; in the long run, we hope that our work will encourage others to devote attention to some egregious problems that ultimately affect everyone.

*Alternative Stories of Alberta from the 60s and 70s*

Edited by Leon Crane Bear , Edited by Larry Hannant , Edited by Karissa Robyn Patton

Jun 30, 2019 | Paperback , Trade | \$34.95 |

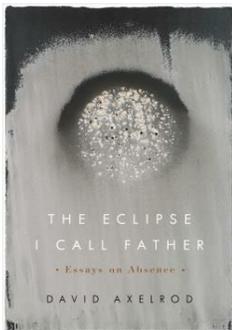

**With chapters by both scholars and activists, *Bucking Conservatism* highlights the lasting influence of Alberta's nonconformists.**

With lively, informative contributions by both scholars and activists, *Bucking Conservatism* highlights the individuals and groups who challenged Alberta's conservative status quo in the 60s and 70s. Drawing on archival material, newspaper articles, police reports, and interviews, the contributors examine Alberta's history through the eyes of Indigenous activists protesting discriminatory legislation and unfulfilled treaty obligations, women and lesbian and gay persons standing up to the heteropatriarchy, student activists arguing for a new democracy, and anti-capitalist environmentalists demanding social change.

This book recognizes the lasting influence of Alberta's nonconformists—those who recognized the need for dissent in a province defined by wealth and right-wing politics—and leaves a set of questions, perhaps sobering ones, for contemporary activists.

**Shifting Grounds**

*Landscape in Contemporary Native American Art*

By (author) Kate Morris

Mar 01, 2019 | Hardcover, Sewn | \$57.95 |

In *Shifting Grounds*, art historian Kate Morris argues that Indigenous artists are expanding and reconceptualizing forms of landscape art, expressing Indigenous attitudes toward land and belonging even as they draw upon mainstream art practices. The resulting works are rarely if ever primarily visual representations, but instead evoke all five senses: from the overt sensuality of Kay WalkingStick's tactile paintings to the eerie soundscapes of Alan Michelson's videos and Postcommodity's installations, this landscape art resonates with a fully embodied subjectivity. In the works of these and other artists, *Shifting Grounds* explores themes of presence and absence, connection and dislocation, memory and commemoration, and power and resistance, illuminating the artists' sustained engagement not only with land and landscape but also with the history of representation itself.

**Contributor Bio**

**Kate Morris** is associate professor in the department of art and art history at Santa Clara University.

This book offers a great deal to experts on contemporary Native art, as well as to scholars of global modern and contemporary arts who seek to learn more about this vibrant subdiscipline. With language that is both eloquent and accessible, *Shifting Grounds* is a significant contribution to art history in general, and Native American contemporary art criticism in particular.

**The Tao of Raven**

*An Alaska Native Memoir*

By (author) Ernestine Hayes

Jan 01, 2019 | Paperback , Trade | \$21.95 |

Using the story of Raven and the Box of Daylight (and relating it to Sun Tzu's equally timeless *Art of War*) to deepen her narration and reflection, Hayes expresses an ongoing frustration and anger at the obstacles and prejudices still facing Alaska Natives in their own land, but also recounts her own story of attending and completing college in her fifties and becoming a professor and a writer.

In her first book, *Blonde Indian*, Ernestine Hayes powerfully recounted the story of returning to Juneau and to her Tlingit home after many years of wandering. *The Tao of Raven* takes up the next question: once the exile returns, then what? Using the story of Raven and the Box of Daylight, Hayes expresses an ongoing frustration and anger at the obstacles and prejudices still facing Alaska Natives in their own land, but also recounts her own story of completing college and becoming a professor and a writer. Hayes lyrically weaves together strands of memoir, contemplation, and fiction to articulate an Indigenous worldview in which all things are connected, in which intergenerational trauma creates many hardships but transformation is still possible.

**Contributor Bio**

**Ernestine Hayes** is assistant professor of English at the University of Alaska Southeast.

**Reviews**

*The Tao of Raven* is marvelous in scope, a narrative that inspires, mesmerizes, teaches, and above all connects us with the world and our ancestors. With deft craft Hayes layers story in a warm design that places her personal tale within the story of her ancestors, and their collective story within the eternal history of territory. Just as Raven brought the gift of daylight to a people living in darkness, Hayes offers her clear vision of all that remains unseen and unconsidered. This is a work of towering importance.

*Republic Café* is a meditation on love during a time of violence. A single sequence, arranged in fifty-four numbered sections, *Republic Café* details the experience of lovers in Portland, Oregon, on the eve and days following September 11, 2001. To touch a loved one's bare skin, even in the midst of great tragedy, is simultaneously an act of remembering and forgetting. *Republic Café* is a tale of love and darkness, a magical portrait of the writer as a moral and imaginative participant in the political life of his nation.

**Reviews**

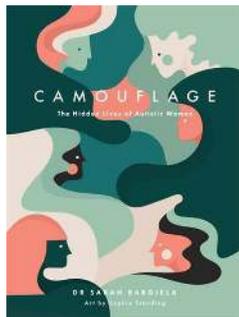

I was unprepared for the true enormity of the scope of this remarkable, deeply moving, and consistently compelling new book. With Biespiel's usual elegance and formal grace, *Republic Café* strikes me as being both expansive and deeply forgiving of human acts, however horrible.

**- David St. John, author of *The Last Troubadour: New and Selected Poems***

Biespiel's finest book of poems to date. *Republic Café* builds on his strengths as a lyric poet with a social conscience, a latter-day Romantic in a skeptical time. *Republic Café* is both personal and political, much in the manner of its evident forebear, Walt Whitman. This is a postmodernist's Romanticism.

*The Hidden Lives of Women with Autism*

By (author) Sarah Bargiela , Illustrated by Sophie Standing

Mar 21, 2019 | Paperback , Trade | \$25.95 |

**An engaging and beautifully illustrated graphic book shedding light on the under-explored condition of female autism.**

Autism in women and girls is still not widely understood, and is often misrepresented or even overlooked. This graphic novel offers an engaging and accessible insight into the lives and minds of women with autism, using real-life case studies. The charming illustrations lead readers on a visual journey of how women on the spectrum experience everyday life, from metaphors and masking behaviours to communication online, dealing with social pressures and managing relationships.

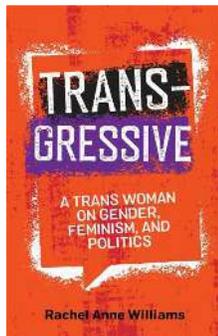

Fun, sensitive and informative, this is a fantastic resource for anyone who wishes to understand how gender affects autism, and how to create safer, more accommodating environments for women on the spectrum.

*A Trans Woman on Gender, Feminism and Politics*

By (author) Rachel Anne Williams

Jun 21, 2019 | Paperback , Trade | \$29.95 |

**Provocative essays that empower readers, raise awareness and break down misconceptions about trans identities.**

How do I know I am trans? Is trans feminism real feminism? What is there to say about trans women's male privilege? This collection of insightful, pithy and passionately argued think pieces from a trans-feminist perspective explores issues surrounding gender, feminism and philosophy and challenges misconceptions about trans identities. The book confronts contentious debates in gender studies to alleviate ongoing tension between feminism and trans women. Split into six sections, this collection covers wider issues, as well as autobiographical experiences, designed to stimulate the reader and encourage them to actively participate.

**Life Isn't Binary**

*On Being Both, Beyond, and In-Between*

By (author) Meg-John Barker , By (author) Alex Iantaffi

Jun 21, 2019 | Paperback , Trade | \$25.95 |

**How non-binary ways of thinking offer new and greater ways of understanding ourselves and relating to others.**

Much of society's thinking operates in a highly rigid and binary manner; something is good or bad, right or wrong, a success or a failure, and so on. Challenging this limited way of thinking, this ground-breaking book looks at how non-binary methods of thought can be applied to all aspects of life, and offer new and greater ways of understanding ourselves and how we relate to others. Using bisexual and non-binary gender experiences as a starting point, this book addresses the key issues with binary thinking regarding our relationships, bodies, emotions, wellbeing and our sense of identity and sets out a range of practices which may help us to think in more non-binary, both/and, or uncertain ways. A truly original and insightful piece, this guide encourages reflection on how we view and understand the world we live in and how we all bend, blur or break society's binary codes.

*My Life as a Gay Autistic Trans Woman*

By (author) **Laura Kate Dale**

Aug 18, 2019 | Paperback , Trade | \$25.95 |

**A candid, first of its kind insight into growing up as a gay trans woman with autism, undiagnosed until adulthood.**

Being LGBT and having autism is actually fairly common and yet often misinterpreted. This groundbreaking firsthand account uses personal experiences from birth to late diagnosis to explore this connection, and the nuances of both gender identity and ASD.

Looking at everyday struggles faced by the author, such as learning feminine presentation through observation of subtle cues, issues around sensory processing, socially difficult situations exacerbated by gender identity, and coming out as trans during an autistic meltdown, this book gives a unique insight into the links between autism, sexuality, and gender.

**Crafting Meaningful Wedding Rituals**

*A Practical Guide*

By (author) Jeltje Gordon-Lennox , Foreword by Tiu de Haan

Aug 18, 2019 | Paperback , Trade | \$25.95 |

**In-depth guide to designing and creating secular wedding ceremonies.**

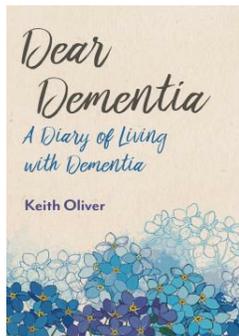

The trend towards a more secular culture in Western society means that there can be greater flexibility in a wedding ceremony, but couples are often faced with the challenge of preparing a meaningful celebration outside the traditional religious framework. This hands-on, practical guide demonstrates how to approach and prepare a secular wedding ceremony that honours a couple's relationship with honest vows and rituals true to their shared values. In addition, it provides guidance on structuring a ceremony for couples that come from very different cultural or spiritual backgrounds.

Includes the tools necessary for the creation of a ceremony, such as a Ritual Identity Questionnaire, checklists, and many other resources.

**Contributor Bio**

**Jeltje Gordon-Lennox** is an author, psychotherapist, and founder of the Ashoka Association, where she trains secular celebrants in the craft of secular ritualization.

## I Have a Question about Cancer

*Clear Answers for All Kids, including Children with Autism Spectrum Disorder or other Special Needs*

By (author) Arlen Grad Gaines, By (author) Meredith Englander Polsky

Jun 21, 2019 | Hardcover, Sewn | \$19.95 |

**An illustrated guide which explains cancer and the impact it can have to children aged 5-11 with ASD or other special needs.**

When someone in a child's life has cancer, it can be tough for any parent or adult to explain. This book is designed specifically to help kids, especially children with autism spectrum disorder or other additional needs, to understand what cancer means. Using a question and answer format, it explores the life changes and feelings of uncertainty a child may experience if a loved one has cancer. Illustrated with SymbolStix, a symbol-based language for visual thinkers, this book explains a difficult topic to children who might otherwise struggle to understand it. The book also features a short picture story that repeats the complete story for children who process information best through visual cues. Additional guidance for parents and carers gives ideas to help children cope with this experience.

**Yoga Therapy for Arthritis**

*A Whole-Person Approach to Movement and Lifestyle*

By (author) Steffany Moonaz, By (author) Erin Byron

Jan 21, 2019 | Paperback , Trade | \$49.95 |

**A whole-person approach to arthritis management through yoga therapy.**

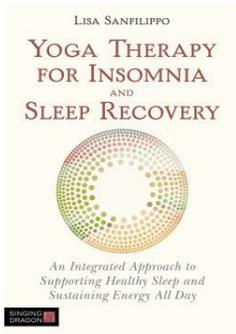

Yoga therapy is commonly used for the management of arthritis, but often focuses exclusively on adaptation of the physical poses and on structural solutions. This book moves beyond the traditional routines to present yoga as a lifestyle designed to improve quality of life and overall well-being for individuals living with arthritis and rheumatic conditions. By incorporating the ancient practices of yoga as both physical and mental exercises involving a model of 5-koshas or sheaths (physical, energetic, mental/emotional, wisdom, and spiritual), the yoga therapy practice presented here will help reduce pain and shift the perspective of the individual living with arthritis.

This therapy uses a whole-person approach that employs a broad range of tools to address the biopsychosocial effects of arthritis through the application of yoga practices and philosophy. Useful as a guide for people living with arthritis, this book is full of inspiration for self care along with instructions for yoga teachers and medical professionals to guide their clients using this whole-person perspective.

**The A-Z of Gender and Sexuality**

*From Ace to Ze*

By (author) Morgan Potts

Dec 21, 2018 | Paperback , Trade | \$22.95

**This comprehensive, up-to-date glossary of queer and transgender terms is designed to dispel anxiety around using the "wrong" words, while helping readers navigate the relationship between gender and identity.**

There can be confusion around the appropriate terminology for trans and queer identities, even within the trans community itself. As language is constantly evolving, it can be especially difficult to know what to say. As a thorough A-Z glossary of trans and queer words from "ace" to "ze," this dictionary will help to dispel the anxiety around using the "wrong" words, while explaining the weight of using certain labels.

Having correct and accurate terminology to describe oneself can be empowering, especially with words and phrases that describe gender identity, sexuality, sexual orientation, as well as slang relevant to LGBTQ+ rights, queer activism, gender-affirming healthcare, and psychology. Written in a traditional A-Z glossary style, this guide will serve as a quick reference for looking up individual words, as well as an in-depth look at trans history and culture. By dispelling myths about "correct" language, this guide will serve as an accessible introduction to more informed conversations about gender and sexuality.

For information on obtaining UBC Press and Athabasca University Press titles outside of Canada, please visit our website at [ubcpres.ca](http://ubcpres.ca).

### E-BOOKS

UBC Press titles are available to libraries in e-book format via a number of different suppliers, including Ingram Content Group's MyiLibrary®, ebrary, and EBSCO.

UBC Press e-books are also available for individuals from Kobo, Google Play, iTunes, and Kindle.

### EXAMINATION COPIES

UBC Press invites faculty members to write, on departmental letterhead or via a departmental e-mail address, to request the title you wish to consider for course adoption. Please state the course name, semester, anticipated enrolment, and the book currently in use. Paperback titles of interest for courses may be available before their paperback release date. Please contact Harmony Johnson, Academic Marketing Manager, [johnson@ubcpres.ca](mailto:johnson@ubcpres.ca), 604 822 1978, or toll-free 877 377 9378.

UBC Press charges a shipping and handling fee for each examination copy requested. In Canada the fee is \$8.50 per title; in the US, \$15.00; and elsewhere, \$25.00. Please include payment with your request.

Please note: All examination copy requests are provided at the publisher's discretion.

### MEDIA COPIES

Please submit review requests to Kerry Kilmartin, Publicity & Events Manager, [kilmartin@ubcpres.ca](mailto:kilmartin@ubcpres.ca), fax: 604 822 6083.

Please note: All review copy requests are provided at the publisher's discretion.

### RETURNS

Permission to return is not required. Current editions of clean, re-saleable books are eligible for credit at invoice discount if returned not less than 3 months nor more than 12 months from purchase date. Invoice numbers must be supplied. Damaged books, short shipments, or errors must be reported within 10 days of shipping date.

Prices are subject to change.
