

It's Spring! In this season of new beginnings, we have many amazing titles to present, with themes ranging from pirates and cars to feelings and animal habitats. These are the best and most appropriate books, specially handpicked to appeal to readers here. We invite you to enjoy them all, but would like to highlight the following:

- Our brand-new series of nonfiction books for preschoolers, PlayTabs™, featuring an innovative pull-tab approach to learning. For this season, the titles are *Baby Animals* and *Body*.

- *Ha-ha! Made You Laugh!*, an incredibly silly joke book for the youngest readers focusing on physical humor.

- *Seasons*, an irresistible seek-and-find book with wheels!

- *Super Mazes in Space!*, an impressive game book combining incredible mazes that pop-up, pull out, and even spin!

- *Yoga Together!*, the perfect book to wake up the senses and bring balance to the lives of our children.

- *The Ultimate Book of Planet Earth*, the long-awaited addition to the Ultimate books series.

We feel that each book is a starting point of exploration for children, about themselves and the world around them. It is exciting for us when they pull a tab, open a flap, or simply turn a page to realize something that they had not known before, and come away feeling confident and happy.

Thank you to all of you who support and love our books. Your encouragement inspires us to keep creating books that are playgrounds of learning and fun all year round!

Keep on playing . . . and learning!
