Dachshund Through the Snow

by David Rosenfelt, read by Grover Gardner

This Christmas, lawyer Andy Carpenter and his golden retriever, Tara, can't say no to helping six-year-old Adam and his dachshund, Simon.

Christmas is the time for giving. Lawyer Andy Carpenter and his wife, Laurie, generously give back year-round, but they always try to do a little something extra around the holidays. Andy's local pet store has a Christmas tree, where instead of ornaments there are wishes from those in need. This leads Andy to six-year-old Adam, whose selfless plea strikes a chord with Andy and Laurie. Adam asked Santa for a coat for his mother, food for his dachshund, Simon, and for the safe return of his missing father.

It turns out Adam's father doesn't want to be found . . . he's on the run from a murder charge - a murder that Adam's mother swears he didn't commit.

With his trademark humor and larger-than-life characters, Rosenfelt never fails to deliver as Andy and his eccentric crew dash to reunite a family in time for Christmas.

Praise for Grover Gardner as Andy Carpenter:

Nothing Ventured

by Jeffrey Archer

Nothing Ventured* heralds the start of a brand new series in the style of Jeffrey Archer's #1 New York Times bestselling *Clifton Chronicles* : introducing Detective William Warwick. *But t his is not a detective story, this is a story about the making of a detective . . .

William Warwick has always wanted to be a detective, and decides, much to his father's dismay, that rather than become a lawyer like his father, Sir Julian Warwick QC, and his sister Grace, he will join London's Metropolitan Police Force.

After graduating from university, William begins a career that will define his life: from his early months on the beat under the watchful eye of his first mentor, Constable Fred Yates, to his first high-stakes case as a fledgling detective in Scotland Yard's arts and antiques squad. Investigating the theft of a priceless Rembrandt painting from the Fitzmolean Museum, he meets Beth Rainsford, a research assistant at the gallery who he falls hopelessly in love with, even as Beth guards a secret of her own that she's terrified will come to light.

While William follows the trail of the missing masterpiece, he comes up against suave art collector Miles Faulkner and his brilliant lawyer, Booth Watson QC, who are willing

Defending Israel

The Story of My Relationship with My Most Challenging Client

by Alan M. Dershowitz

World-renowned lawyer Alan Dershowitz recounts stories from his many years of defending the state of Israel.

Alan Dershowitz has spent years advocating for his most challenging client" - the state of Israel - both publicly and in private meetings with high level international figures, including every US president and Israeli leader of the past 40 years. Listeners are given a rare front row seat to the high profile controversies and debates that Dershowitz was involved in over the years, even as the political tides shifted and the liberal community became increasingly critical of Israeli policies. Beyond documenting America's changing attitude toward the country, *Defending Israel* serves as an updated defense of the Jewish homeland on numerous points - though it also includes Dershowitz's criticisms of Israeli decisions and policies that he believes to be unwise. At a time when Jewish Americans as a whole are increasingly uncertain as to who supports Israel and who doesn't, there is no better audiobook to turn to for

Toil & Trouble

A Memoir

by Augusten Burroughs

From the number one *New York Times* bestselling author comes another stunning memoir that is tender, touching...and just a little spooky.

"Here's a partial list of things I don't believe in: God. The Devil. Heaven. Hell. Bigfoot. Ancient Aliens. Past lives. Vampires. Zombies. Homeopathy. Note that "witches" and "witchcraft" are absent from this list. When really they should be right there at the top. The thing is, I wouldn't believe in them, and I would privately ridicule any idiot who did, except for one thing: I am a witch." - From *Toil & Trouble*

For as long as Augusten Burroughs could remember, he knew things he shouldn't have known. He manifested things that shouldn't have come to pass. And he told exactly no one about this, save one person: his mother. His mother reassured him that it was all perfectly normal, that he was descended from a long line of witches, going back to the days of the Pendle witches of Lancashire, England. It was a bond that he and his mother shared - until the day she left him in the care of her psychiatrist to be raised in

The Dog I Loved

by Susan Wilson

From the author of the *New York Times* bestseller *The Plant Paradox* comes a groundbreaking plan for living a long, healthy, happy life.

From the moment we are born, our cells begin to age. But aging does not have to mean decline. World-renowned surgeon Dr. Steven Gundry has been treating mature patients for most of his career. He knows that everyone thinks they want to live forever, until they hit middle age and witness the suffering of their parents and even their peers. So how do we solve the paradox of wanting to live to a ripe old age -but enjoy the benefits of youth?

This groundbreaking book holds the answer. Working with thousands of patients, Dr. Gundry has discovered that the "diseases of aging" we most fear are not simply a function of age; rather, they are a byproduct of the way we have lived over the decades. In *The Longevity Paradox*, he maps out a new approach to aging well - one that is based on supporting the health of the "oldest" parts of us: the microorganisms that live within our bodies.

No Ordinary Dog

My Partner from the SEAL Teams to the Bin Laden Raid

by Willard Chesney and Joe Layden

The powerful true story of a SEAL Team Six member and military dog handler, and the dog that saved his life.

Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. This is Cairo's story, and that of his handler, Will Chesney, a member of SEAL Team Six whose life would be irrevocably tied to Cairo's.

Starting in 2008, when Will was introduced to the DEVGRU canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond transcended their service.

As Cairo aged and participated in fewer missions, Will moved on to other assignments, forced to slowly - and painfully - distance himself from the dog. Then, in 2011, the call came: *Pick up your dog and get back to Virginia. Now.*

There's No Plan B for Your A-Game

Be the Best in the World at What You Do

by Bo Eason

A dynamic four-step plan for ordinary people to reach any goal by a former NFL All-Pro, playwright, and acclaimed motivational speaker to Fortune 500 companies.

Can you become the best in the world at what you do? This audiobook shows you how. At nine years old, Bo Eason set a goal: to become the best free safety in the NFL. A scrawny kid, in a small town with no youth sports tradition, he was at first rejected by both his high school and college teams. But he went all in on his dream, was drafted by the Houston Oilers in 1984, and became an All-Pro.

When his football career ended, he set a new goal: to become a great stage actor. Again, with no background in theater, he faced enormous obstacles. But he rehearsed constantly, sought out Al Pacino for career guidance, and then wrote and acted in a one-man play that *The New York Times* called one of the most powerful plays in the last decade, which ran off-Broadway and toured in 50 cities.

Then he set himself yet another goal: to use his experience to teach others how to achieve their dreams and transform their lives. Bo Eason is now one of the most in-

As one of the most celebrated musicians of our time, Alicia Keys has enraptured the nation with her heartfelt lyrics, extraordinary vocal range, and soul-stirring piano compositions. The Grammarians

A Novel

by Cathleen Schine

BO/OKISH. a. [from book .] Given to books.

- A Dictionary of the English Language by Samuel Johnson

Cathleen Schine's *The Grammarians* tells the story of Daphne and Laurel, word-obsessed twins bound together by their shared obsession, and also torn apart by it. One grows up to become a well-known language columnist, while the other becomes a poet - each poem an unlikely sampling of lines from a 1940s linguistics manual. Their once-united enthusiasm for words ruptures, and the twins find themselves divided by the long-standing descriptivist/prescriptivist debate about language. Daphne, the columnist, is devoted to preserving the dignity and formal elegance of traditional language; Laurel, the poet, is thrilled by the living, changing nature of English. The girls are infatuated with the beauty, mischief, and occasional treachery of language. Every chapter opens with a definition from Samuel Johnson's dictionary; there are sibling battles over Fowler's; and the twinship finally explodes when the sisters battle, with fiery absurdity, for custody of their deceased father's copy of Merriam Webster's *New International Dictionary, Second Edition*.

Permission to Feel

Unlocking the Power of Emotions to Help Our Kids, Ourselves, and Our Society Thrive

by Marc Brackett

The mental wellbeing of our children is shockingly poor. Marc Brackett, author of PERMISSION TO FEEL, knows why. And he knows what we can do.

We have a crisis on our hands, and its victims are our children."

Marc Brackett is a professor in Yale University's Child Study Center and founding director of the Yale Center for Emotional Intelligence. In his 25 years as an "emotion scientist," he has developed a remarkably effective plan to improve the lives of children and adults - a blueprint for understanding our emotions and using them wisely so that they help, rather than hinder, our success and well-being. The core of his approach is a legacy from his childhood, from an astute uncle who gave him permission to feel. He was the first adult who managed to see Marc, listen to him, and recognize the suffering, bullying, and abuse he'd endured. And that was the beginning of Marc's awareness that what he was going through was temporary. He wasn't alone, he wasn't stuck on a timeline. and he wasn't "wrong" to feel scared. isolated. and anarv. Now. best of all. he

Dominicana

by Angie Cruz

From IMPAC Dublin Award finalist Angie Cruz, an urgent, beautifully told audiobook about a Dominican teenager's arranged marriage and immigration to New York City, set against the political turmoil of the 1960s.

Fifteen-year-old Ana Cancion never dreamed of moving to America, the way the girls she grew up with in the Dominican countryside did. But when Juan Ruiz proposes and promises to take her to New York City, she has to say yes. It doesn't matter that he is twice her age, that there is no love between them. Their marriage is an opportunity for her entire close-knit family to eventually immigrate. So on New Year's Day, 1965, Ana leaves behind everything she knows and becomes Ana Ruiz, awife confined to a cold six-floor walk-up in Washington Heights. Lonely and miserable, Ana hatches a reckless plan to escape. But at the bus terminal, she is stopped by Cesar, Juan's free-spirited younger brother, who convinces her to stay.

As the Dominican Republic slides into political turmoil, Juan returns to protect his family's assets, leaving Cesar to take care of Ana. Suddenly, Ana is free to take English lessons at a local church, lie on the beach at Coney Island, see a movie at Radio City Music Hall, go dancing with Cesar, and imagine the possibility of a different kind of life

Saint X

by Alexis Schaitkin

Alexis Schaitkin's *Saint X* is a gripping psychological drama ripped from the headlines - about a young girl whose older sister vanishes on a luxury Caribbean vacation and, years later, a chance encounter with one of the suspects which spirals into an obsession.

Claire is only seven years old when her college-age sister, Alison, disappears on the last night of their family vacation at a resort on the Caribbean island of Saint X. Several days later, Alison's body is found in a remote spot on a nearby cay, and two local men - employees at the resort - are arrested. But the evidence is slim, the timeline against it, and the men are soon released. It turns into national tabloid news, a lurid mystery that will go unsolved. For Claire and her parents, there is only the sad return home to broken lives.

Years later, riding in a New York City taxi, Claire recognizes the name on the cabbie's license. The driver, Clive Richardson, is one of the men originally suspected of murdering her sister. The fateful encounter sets Claire on an obsessive pursuit of the truth - not only to find out what happened the night of Alison's death but also to answer

Girl

A Novel

by Edna O'Brien

***Girl*, Edna O'Brien's hotly anticipated new audiobook, envisages the lives of the Boko Haram girls in a masterpiece of violence and tenderness.**

I was a girl once, but not anymore.

So begins *Girl*, Edna O'Brien's harrowing portrayal of the young women abducted by Boko Haram. Set in the deep countryside of northeast Nigeria, this is a brutal story of incarceration, horror, and hunger; a hair-raising escape into the manifold terrors of the forest; and a descent into the labyrinthine bureaucracy and hostility awaiting a victim who returns home with a child blighted by enemy blood.

From one of the century's greatest living authors, *Girl* is an unforgettable story of one victim's astonishing survival, and her unflinching faith in the redemption of the human heart (...)

Conversations with RBG

Ruth Bader Ginsburg on Life, Love, Liberty, and Law

by Jeffrey Rosen

An intimate look at the life and career of Justice Ruth Bader Ginsburg, in her own words, through an extraordinary series of conversations with the head of the National Constitution Center.

Conversations with RBG is a remarkable and unique audiobook, an informal portrait of Ruth Bader Ginsburg, drawing on a series of her conversations with Jeffrey Rosen, starting in the 1990s and continuing through the Trump era. Rosen, a veteran legal journalist, scholar, and president of the National Constitution Center, shares with us the justice's observations on a variety of topics, and her intellect, compassion, sense of humor, and humanity shine through. The affection they have for each other as friends is apparent in their banter and in their shared love for the Constitution and for opera. With Justice Ginsburg's approval, Rosen has collected her wisdom from their many conversations in which she discusses the future of the Supreme Court and *Roe v. Wade*, her favorite dissents, the cases she would most like to see overruled, the #MeToo movement, how to be a good listener, and how to lead a productive,

Read the Face

by Eric Standop

Relearn the intuitive language of face reading

From birth, face is our first language. We are born face readers - knowing to seek out human features and faces from the moment our eyes open. We all have the intuitive ability to read and interpret the feelings and expressions of those around us.

In *Read the Face*, master face reader Eric Standop unlocks the power of this innate human ability, sharing his own journey to become a face reading master, along with stories that illustrate the power of this unique language. Using a combination of three different schools of face reading, along with a scientific accuracy to detect the most fleeting microexpressions, Standop is able to read personality, character, emotions, and even the state of a person's health - all from simply glancing at their face.

The audiobook is divided into sections focusing on specific ways that face reading can offer insight, such as Health, Love, Communication, Work and Success. The stories are accompanied by detailed black and white illustrations of faces, allowing readers to observe the same features that Standop interpreted. The final section of the audiobook

Joseph and the Way of Forgiveness

A Biblical Tale Retold

by Stephen Mitchell

A unique and special kind of masterpiece." - John Banville

Stephen Mitchell's gift is to breathe new life into ancient classics. In *Joseph and the Way of Forgiveness*, he offers us his riveting novelistic version of the Biblical tale in which Jacob's favorite son is sold into slavery and eventually becomes viceroy of Egypt. Tolstoy called it the most beautiful story in the world. What's new here is the lyrical, witty, vivid prose, informed by a wisdom that brings fresh insight to this foundational legend of betrayal and all-embracing forgiveness. Mitchell's retelling, which reads like a postmodern novel, interweaves the narrative with brief meditations that, with their Zen surprises, expand the narrative and illuminate its main themes. By stepping inside the minds of Joseph and the other characters, Mitchell reanimates one of the central stories of Western culture. The engrossing tale that he has created will capture the hearts and minds of modern listeners and show them that this ancient story can still challenge, delight, and astonish.

Cured

The Life-Changing Science of Spontaneous Healing
by Jeffrey Rediger, read by Jeffrey Rediger

When it comes to disease, who beats the odds - and why?

When it comes to spontaneous healing, skepticism abounds. Doctors are taught that "miraculous" recoveries are flukes, and as a result they don't study those cases or take them into account when treating patients.

Enter Dr. Jeff Rediger, who has spent over 15 years studying spontaneous healing, pioneering the use of scientific tools to investigate recoveries from incurable illnesses. Dr. Rediger's research has taken him from America's top hospitals to healing centers around the world - and along the way he's uncovered insights into why some people beat the odds.

In *Cured*, Dr. Rediger digs down to the root causes of illness, showing how to create an environment that sets the stage for healing. He reveals the patterns behind healing and lays out the physical and mental principles associated with recovery: first, we need to physically heal our diet and our immune systems. Next, we need to mentally heal our stress response and our identities.

Through rigorous research, Dr. Rediger shows that much of our physical reality is

Renia's Diary

A Holocaust Journal

by Renia Spiegel

The long-hidden diary of a young Polish woman's last days during the Holocaust, translated for the first time into English, with a foreword from American Holocaust historian Deborah Lipstadt.

Renia Spiegel was a young girl from an upper-middle class Jewish family living on an estate in Stawki, Poland, near what was at that time the border with Romania. In the summer of 1939, Renia and her sister Elizabeth (nee Ariana) were visiting their grandparents in Przemysl, right before the Germans invaded Poland.

Like Anne Frank, Renia recorded her days in her beloved diary. She also filled it with beautiful poetry she composed herself. She grew up, fell in love, and survived until 1942, when she was rounded up by the invading Nazis and forced to move to the ghetto in Przemysl with all other Jews. Renia was in the ghetto for two weeks, where she documented the horrors she faced in her diary. On July 28, 1942, her boyfriend, Zygmunt found a hiding place for Renia and his parents in the attic of a three-story tenement house. A day later, Zygmunt took Elizabeth out of the ghetto to stay with the Polish Leszczynski family, where she remained safe. The next day, Renia and

How Police and Government Are Trampling Our Liberties - and How to Take Them Back

by David Kirby

A revealing book about how government, law enforcement, and bureaucratic interests are seizing our property, our children, our savings, and our fundamental American rights - and how to fight back.

Liberty and justice for all is the bedrock of American democracy, but has America betrayed our founders' vision for the nation? In *When They Come For You*, *New York Times* bestselling author David Kirby exposes federal, state, and local violations of basic constitutional rights that should trouble every American, whether liberal, conservative, or libertarian. Free speech, privacy, protection from unreasonable search and seizure, due process, and equal protection under the law are rights that belong to every American citizen, but are being shredded at an alarming rate all across the country.

Police and prosecutorial misconduct, overzealous bureaucrats with virtually unchecked power, unwarranted searches, SWAT-style raids on the homes of innocent Americans,

The Furies

by Katie Lowe

This harrowing debut is the story of a girl trying to fit in, whose obsessive new friends and desperation to belong leads her to places she'd never imagined. . . dark, dangerous, and possibly even violent.

In 1998, a sixteen-year-old girl is found dead on her boarding school's property, dressed in white and posed on a swing, with no known cause of death. What happened to her? And what do her friends know? To find out, it is necessary to go back to the beginning.

The school is Elm Hollow Academy, an all-girl's boarding school located in a sleepy coastal town, with a long-buried grim history of 17th century witch trials. A new student, Violet, joins the school, and soon finds herself invited to become the fourth member of an advanced study group, led by the alluring and mysterious art teacher Annabel. Annabel does her best to convince the girls that her classes aren't related to ancient rites and rituals, and that they are just mythology. But the more she tries to warn the girls off the topic, the more the girls start to believe that magic is real and that they have the power to harness it.

Violet quickly finds herself wrapped up in this addictive new world. But when she

Poisoner in Chief

Sidney Gottlieb and the CIA Search for Mind Control

by Stephen Kinzer

The bestselling author of *All the Shah's Men* and *The Brothers* tells the astonishing story of the man who oversaw the CIA's secret medical experiments of the 1950s and '60s.

The visionary chemist Sidney Gottlieb was the CIA's master magician and gentlehearted torturer - the agency's poisoner in chief." As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or maim without a trace - including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States, making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world.

Manhunters

How We Took Down Pablo Escobar, the World's Most Wanted Criminal
by Steve Murphy and Javier F. Peña

The explosive memoir of legendary DEA agents and the subject of the hit Netflix series Narcos, Steve Murphy and Javier F. Peña.

In the decades they spent at the DEA, Javier Peña and Steve Murphy risked their lives hunting large and small drug traffickers. But their biggest challenge was the hunt for Pablo Escobar in Colombia. The partners, who began their careers as small-town cops, have been immortalized in Netflix's *Narcos*, a fictional account of their hunt for Escobar. Now, for the first time ever, they tell the real story of how they brought down the world's first narco-terrorist, the challenges they faced, and the innovative strategies they employed to successfully end the reign of terror of the world's most wanted criminal. Listeners will go deep inside the inner workings of the Search Bloc, the joint Colombian-US task force that resulted in an intensive 18-month operation that tracked Escobar. Between July 1992 and December 1993, Steve and Javier lived on the edge, setting up camp in Medellin at the Carlos Holguin Military Academy. There, they lived and worked with the Colombian authorities, hunting down a man who was thought by many to be untouchable. Their firsthand experience coupled with stories from the

Life Stories and Lessons from the Say Hey Kid

by Willie Mays and John Shea

The baseball hall of famer and congressional medal of freedom winner Willie Mays shares inspirational life stories and lessons.

I was very lucky when I was a child. My family took care of me and made sure I was in early at night. I didn't get in trouble. My father made sure that I didn't do the wrong thing. I've always had a special place in my heart for children and their well-being, and John Shea and I got the idea that we should do something for the kids and the fathers and the mothers, and that's why this book is being published. We want to reach out to all generations and backgrounds. Hopefully, these stories and lessons will inspire people in a positive way."

- Willie Mays

"It's because of giants like Willie, that someone like me could even think about running for President." - President Barack Obama

24: Life Stories and Lessons from the Say Hey Kid, co-authored with John Shea and told in Mr. Mays's voice, is full of poignant and timeless stories and reflections from Mr. Mays that helped him become the man he is today, as well as stories from great
