

Children of Virtue and Vengeance

Tomi Adeyemi

Summary

Zélie must save Orisha from the brink of civil war in the dazzling second audiobook from the Legacy of Orisha trilogy by Tomi Adeyemi.

After battling the impossible, Zélie and Amari have finally succeeded in bringing magic back to the land of Orisha. But the ritual was more powerful than they imagined, reigniting the powers of not only the maji but also any noble with a trace of magic ancestry, too.

Now, Zélie struggles to unite the maji in an Orisha where their enemies are just as strong and magical as they are. When Amari's mother forms an army of royals with newly awakened powers, Zélie fights to secure Amari's right to the throne and protect the new maji from the monarchy's wrath.

With civil war looming on the horizon, Zélie finds herself at a breaking point: she must find a way to bring the kingdom together or watch as Orisha tears itself apart.

Children of Virtue and Vengeance is the stunning sequel to Tomi Adeyemi's *New York Times*-bestselling debut *Children of Blood and Bone*, the first book in her Legacy of Orisha trilogy.

Gita Trelease

Summary

It's *Caraval* in the world of *Marie Antoinette*! *Enchantée* is Gita Trelease's lush and imaginative debut fantasy about an impoverished girl who must use magic to impersonate an aristocrat in Versailles to provide for her sister as her own political awakening forces her to choose sides in the French Re...

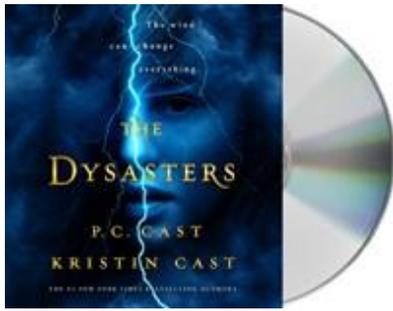

Paris in 1789 is a labyrinth of twisted streets, filled with beggars, thieves, revolutionaries—and magicians...

When smallpox kills her parents, seventeen-year-old Camille Durbonne must find a way to provide for her frail sister while managing her volatile brother. Relying on petty magic—*la magie ordinaire*—Camille painstakingly transforms scraps of metal into money to buy the food and medicine they need. But when the coins won't hold their shape and her brother disappears with the family's savings, Camille must pursue a richer, more dangerous mark: the glittering court of Louis XVI and Marie Antoinette.

With the dark magic she learned from her mother, Camille transforms herself into 'the Baroness de la Fontaine' and is swept up into life at the Palace of Versailles, where aristocrats both fear and hunger for *la magie*. Her resentment of the rich at odds with the allure of glamour and excess, Camille is astonished to find that her would-be suitor Lazare, a handsome young inventor whom she ...

House of Night meets *X-Men* in this exciting new audiobook series from #1 *New York Times* mother/daughter writing duo, PC Cast and Kristin Cast.

Foster Stewart knows she's different. Her life has never been "normal." Talking to plants and controlling cloud formations aren't things most seventeen year olds are into. Tate "Nighthawk" Taylor is perfect. Star quarterback and all around dreamy boy next door he never thought about his "extra" abilities. What quarterback wouldn't want night vision? That's not weird, right? It's cool!

But on the night of their first meeting a deadly tornado brings them together and awakens their true abilities - the power to control the element air. Unbeknown to Tate and Foster, they are the first in a group of teens that were genetically manipulated before birth to bond with the elements. Which truly sucks for Foster, as she has to face the fact that Dr. Rick Stewart, her beloved scientist father, betrayed her and now wants to use her and the others for ...
