### 2030: How Today's Biggest Trends Will Collide and Reshape the Future of Everything

How Today's Biggest Trends Will Collide and Reshape the Future of Everything  
by Mauro F. Guillén

**Bold, provocative. . . illuminates why we're having fewer babies, the middle class is stagnating, unemployment is shifting, and new powers are rising." - Adam Grant**

**The world you know is about to end - will you be prepared for what comes next? A groundbreaking analysis from one of the world's foremost experts on global trends.**

Once upon a time, the world was neatly divided into prosperous and backward economies. Babies were plentiful, workers outnumbered retirees, and people aspiring towards the middle class yearned to own homes and cars. Companies didn't need to see any further than Europe and the United States to do well. Printed money was legal tender for all debts, public and private. We grew up learning how to "play the game," and we expected the rules to remain the same as we took our first job, started a family, saw our children grow up, and went into retirement with our finances secure.

That world - and those rules - are over.

By 2030, a new reality will take hold, and before you know it:

- There will be more grandparents than grandchildren
  - The middle-class in Asia and Sub-Saharan Africa will outnumber the US and Europe combined
  - The global economy will be driven by the non-Western consumer for the first time in modern history
  - There will be more global wealth owned by women than men
  - There will be more robots than workers
  - There will be more computers than human brains
  - There will be more currencies than countries
- All these trends, currently underway, will (...)

### And in the End

The Last Days of The Beatles

by Ken McNab

Ken McNab's *And in the End: The Last Days of The Beatles* is an in-depth look at the Fab Four's acrimonious final year. . .

McNab reconstructs for the first time the seismic events of 1969, when The Beatles reached new highs of creativity and new lows of the internal strife that would destroy them. Between the pressure of being filmed during rehearsals and writing sessions for the documentary 'Get Back', their company Apple Corps facing bankruptcy, Lennon's heroin use, and musical disagreements, the group was arguing more than ever before and their formerly close friendship began to disintegrate. In the midst of this rancour, however, emerged the disharmony of Let It Be and the ragged genius of Abbey Road, their incredible farewell love letter to the world.

This detailed account of the breakup features the perspectives of all four Beatles and their roles in the final year. A must to add to the collection of Beatles fans, *And In the End* is full of fascinating information available for the first time.

### Author Bio

## Speaking for Myself

Faith, Freedom, and the Fight of Our Lives Inside the Trump White House

by Sarah Huckabee Sanders

**A candid, riveting account of the Trump White House, on the front lines and behind the scenes.**

Sarah Huckabee Sanders served as White House Press Secretary for President Donald J. Trump from 2017 to 2019. A trusted confidante of the President, Sanders advised him on everything from press and communications strategy to personnel and policy. She was at the President's side for two and a half years, battling with the media, working with lawmakers and CEOs, and accompanying the President on every international trip, including dozens of meetings with foreign leaders - all while unfailingly exhibiting grace under pressure. Upon her departure from the administration, President Trump described Sarah as irreplaceable, a "warrior" and "very special person with extraordinary talents, who has done an incredible job." Now, in *Speaking for Myself*, Sarah Huckabee Sanders describes what it was like on the front lines and inside the White House, discussing her faith, the challenges of being a working mother at the highest level of American politics, her relationship with the press, and her unique role in the historic fight raging between the Trump administration and its critics for the future of our country. This frank, revealing, and engaging memoir will offer a truly unique perspective on the most important issues and events of the era, and unprecedented access to both public and behind-the-scenes conversations within the Trump White House.

## Author Bio

Sarah Huckabee Sanders served as the White House press secretary from 2017-2019; she was the third woman and first mother to ever hold the position. The daughter of former Arkansas Governor Mike Huckabee, Sanders has worked in leadership roles for U.S senators, governors, and presidential campaigns. Sarah has been recognized in TIME Magazine's 40 under 40" as one of the best political operatives of her generation. She is a Fox News contributor, advises major companies, and serves on the Fulbright board as an appointee of President Trump. Sarah lives in Little Rock, Arkansas with her husband Bryan, their children Scarlett, Huck, and George, and their golden retriever Traveler.

## Hidden in Plain Sight

by Jeffrey Archer

**Jeffrey Archer's *Hidden in Plain Sight* is the second novel featuring Detective William Warwick, by the master storyteller and #1 *New York Times* bestselling author of the *Clifton Chronicles***

William Warwick has been promoted to Detective Sergeant, but his promotion means that he, along with the rest of his team, have been reassigned to the Drugs Squad. They are immediately tasked with apprehending Ahmed Rashedi, a notorious drug dealer, who operates his extensive network out of South London.

As the investigation progresses, William runs into enemies old and new: Adrian Heath, from his school days, now a street dealer who he convinces to turn informer; and financier Miles Faulkner, who makes a mistake that could finally see him put behind bars. Meanwhile, William and his fiancée Beth enjoy making preparations for their upcoming wedding, though an unpleasant surprise awaits them at the altar.

As William's team closes the net around a criminal network like none they have ever faced before, he devises a trap they would never expect, one that is hidden in plain sight

## Author Bio

JEFFREY ARCHER was educated at Oxford University. He served five years as a Member of Parliament in the House of Commons and has served twenty-seven years as a Member of the House of Lords. Now published in 97 countries and more than 37 languages, all of his novels and short story collections - including *Kane & Abel*, *Only Time Will Tell* and *This Was a Man* - have been international bestsellers. Jeffrey is married with two sons and three grandchildren, and lives in London, Cambridge and Majorca.

### Unbiased Leadership

Forging a Culture of Equality to Drive Success

by Tony Prophet

In *Unbiased Leadership*, Tony Prophet, Chief Equality Officer of Salesforce, reveals simple but effective ways to supercharge your organization by going beyond diversity, beyond inclusivity, to true equality. He shows that when you create a workplace where everyone has an equal opportunity to succeed, you unleash the full power of your organization and everyone in it. Salesforce was named #1 on *Fortune*'s 100 Best Places to Work For" list, and the company has been a leader in the push for diversity and equality in business. In his first-ever book, Prophet shares lessons from Salesforce and other companies who learned the power of leveling the playing field.

Diversity has become a hot-button issue in the world of business, but true equality goes beyond simply diversifying your workforce. But that doesn't mean doing away with hierarchy - it simply means everyone has the chance to grow and climb the ranks. It's Prophet's belief that any business can foster true equality by creating an inclusive environment where everyone feels supported - and therefore able to succeed. And he shows how we all need to be on the frontlines of social change in our workplaces and communities. Through real-life anecdotes and examples, and his own compelling story, Prophet shows managers exactly how to achieve and foster equality - for the good of our businesses, employees, customers, and the world.

### Author Bio

Tony Prophet is the Chief Equality Officer at Salesforce. Previously, Prophet held senior executive roles at Microsoft including corporate vice president of Windows and Search Marketing. Prior to Microsoft, he led worldwide operations for what is now HP Inc., and before that at Carrier Corporation. Previously, he was a partner with Booz Allen Hamilton. Prophet holds a Bachelor of Science in Industrial Engineering from General Motors Institute and an MBA from the Stanford Graduate School of Business. Elise Loehnen is a writer, editor, media executive, and podcast host.

## The Rock

His Life at Home and in the Movies

by Hiram Garcia

Warm, funny, surprising, and energetic photos of the world's most popular action star--The Rock--featuring twenty years' worth of candids, family photos, and snapshots from movie sets.

Hiram Garcia is a childhood friend, former brother-in-law, and producing partner of Dwayne Johnson, "The Rock." He's also a talented amateur photographer, who has shot images on many of the Seven Bucks Productions' movies, including Jumanji 2, Jungle Cruise (based on the Disney ride) and the upcoming Red Notice starring Gal Gadot and Ryan Reynolds. He knows Dwayne Johnson inside and out and that intimacy informs his photography. Whether it's an on-set photo or a charming shot of Johnson with his daughters, Garcia focuses his lens on the qualities he admires in his friend: his extraordinary work ethic, his infectious smile, his warmth and sense of humor, and the joy and determination he brings to everything he does.

Many of the more than 200 photos in the book are enhanced by deep captions that tell the story behind the accompanying image. These are rich and complete quick stories only a real insider could share!

## Author Bio

HIRAM GARCIA is the President of Production at Seven Bucks Productions, co-founded by Dwayne Johnson and Dany Garcia, where he has been a producer on Jumanji: Welcome to the Jungle, Rampage, Jungle Cruise, and the Fast & Furious spin-off Hobbs & Shaw. Garcia has been instrumental in growing and producing Seven Bucks' roster of television projects, which include HBO's most watched half-hour series, Ballers, HBO's #1 stand-alone documentary special, Rock and a Hard Place, and NBC's Titan Games.

## Don't Look for Me

by Wendy Walker

A shocking, twisty novel that has the biggest names in the thriller community buzzing...

They called it a "walk away". The car abandoned miles from home. The note found at a nearby hotel. The shattered family. It happens all the time. Women disappear, desperate to start over. But what really happened to Molly Clarke?

When a new lead comes in two weeks after the search has ended, Molly's daughter, Nicole, begins to wonder. In spite of their strained relationship and the tragedy that rocked their world, nothing about her mother's disappearance makes sense.

Against her father's wishes, Nicole returns to the small, desolate town where her mother was last seen, determined to find the truth. The locals are sympathetic and eager to help. The innkeeper. The bartender. Even the police. Until secrets begin to reveal themselves. When Nicole learns about another woman who vanished from town, then discovers a small hole cut into a fence guarding a mysterious, secluded property, she comes closer to the truth about that night--and the danger surrounding her.

The night Molly disappeared began with a storm, running out of gas, and a man in a truck offering her a ride to town. With him is a little girl who reminds her of the daughter she lost years ago. It feels (...)

## Don't Look for Me

by Wendy Walker

**In Wendy Walker's thrilling novel *Don't Look for Me*, the greatest risk isn't running away. It's running out of time.**

The car abandoned miles from home.

The note found at a nearby hotel.

The shattered family that couldn't be put back together.

They called it a walk away."

It happens all the time.

Women disappear, desperate to leave their lives behind and start over.

But is that what really happened to Molly Clarke?

*Don't Look For Me* is:

"GRIPPING. . . WITH UNEXPECTED TWISTS. . . You've got a cracking mystery on your hands."

- Adrian McKinty, author of *The Chain*

"A NAILBITER . . . SO MUCH MORE THAN A TWISTY THRILLER. It's a heartbreaking portrait of a family coping with grief and an insightful study of guilt and blame, gaslighting and agency. If you love fast-paced page-turners with relatable, flawed characters, look no further!"

- Angie Kim, author of *Miracle Creek*

"

### The Immortality Key

Uncovering the Secret History of the Religion with No Name  
by Brian Muraresku, foreword by Graham Hancock

**A groundbreaking, controversial dive into the role psychedelics have played in the human experience of the Divine throughout Western history, and the answer to a 2,000 year old mystery that could shake the Church to its foundations.**

*The Immortality Key* connects the lost, psychedelic sacrament of Greek religion to early Christianity - exposing the true origins of Western Civilization. In the tradition of unsolved historical mysteries like David Grann's *Killers of the Flower Moon* and Douglas Preston's *The Lost City of the Monkey God*, Brian Muraresku's 10-year investigation takes the reader through Greece, Germany, Spain, France and Italy, offering unprecedented access to the hidden archives of the Louvre and the Vatican along the way.

In *The Immortality Key*, Muraresku explores a little-known connection between the best-kept secret in Ancient Greece and Christianity. This is the real story of the most famous human being who ever lived (Jesus) and the biggest religion the world has ever known. Today, 2.4 billion people are Christian. That's one third of the planet. But do any of them *really* know how it all started?

Before Jerusalem, before Rome, before Mecca - there was Eleusis: the spiritual capital of the ancient world. It promised immortality to Plato and the rest of Athens's greatest minds with a very simple formula: drink this potion, see God. Shrouded in secrecy for millennia, the Ancient Greek sacrament was buried when the newly Christianized Roman Empire obliterated Eleusis in the fourth century AD.

Renegade scholars in the 1970s claimed the Greek potion was psychedelic, just like the original Christian Eucharist that replaced it. In recent years, vindication for the disgraced theory has been quietly mounting in (...)

### Author Bio

BRIAN C. MURARESKU practices international law while maintaining an obsession with the mysterious spiritual foundations of Western Civilization. He is the founding Executive Director of Doctors for Cannabis Regulation (DFCR), whose work has been featured on CNN, ESPN, VICE and NBC's Today Show, as well as *The Washington Post* and *The San Francisco Chronicle*. He lives in Washington D.C. with his wife and two daughters. GRAHAM HANCOCK is the author of the major international non-fiction bestsellers including *The Sign and the Seal* and *Fingerprints of the Gods*. His books have sold more than seven million copies worldwide and have been translated into thirty languages. His public lectures, radio and TV appearances, including TV series, *Quest For The Lost Civilization* and *Flooded Kingdoms of the Ice Age*, as well as his strong presence on the internet, have put his ideas before audiences of tens of millions. He resides in

## Divided We Fall

America's Secession Threat and How to Restore Our Nation  
by David French

David French examines the depths of the American ideological divide, diagnoses its core causes, and provides a hopeful path forward.

Polarization. Tribalization. Division. Nearly every American is concerned that our republic may be fracturing. Some look at our politically divided nation and call it a "cold civil war." Others say it's nothing more than the culture war of the last three decades, amplified beyond reason by social media. David French argues that it's something else--the beginning of a national separation that could very well end in divorce.

Based on comprehensive research, fair-minded analysis, and compelling individual stories, *The Great American Divorce* is an unblinking look at the true dimensions and dangers of this widening ideological gap. Beyond not liking each other, red and blue Americans don't even know one another anymore. They don't live together, they don't worship together--they don't even consume the same kinds of entertainment. They fear their ideological opponents and empower the worst elements of their own tribe to engage in political and cultural combat--creating a vicious cycle that only exacerbates fear and division.

There are solutions, but they aren't easy and they require an awakening. They require the rediscovery of old American constitutional principles combined with a dose of humility for all sides.

## Author Bio

DAVID FRENCH is a senior writer at *National Review*, a senior fellow at the National Review Institute, and the author or co-author of several books, most recently *Rise of ISIS: A Threat We Can't Ignore*, a *New York Times* bestseller.

## Eli's Promise

A Novel

by Ronald H. Balson

**A fixer" in a Polish town during World War II, his betrayal of a Jewish family, and a search for justice 25 years later - by the winner of the National Jewish Book Award.**

*Eli's Promise* is a masterful work of historical fiction spanning three eras - Nazi-occupied Poland, the American Zone of post-war Germany, and Chicago at the height of the Vietnam War. Award-winning author Ronald H. Balson explores the human cost of war, the mixed blessings of survival, and the enduring strength of family bonds.

1939: Eli Rosen lives with his wife Esther and their young son in the Polish town of Lublin, where his family owns a construction company. As a consequence of the Nazi occupation, Eli's company is Aryanized, appropriated and transferred to Maximilian Poleski - an unprincipled profiteer who peddles favors to Lublin's subjugated residents. An uneasy alliance is formed; Poleski will keep the Rosen family safe if Eli will manage the business. Will Poleski honor his promise or will their relationship end in betrayal and tragedy?

1946: Eli resides with his son in a displaced persons camp in Allied-occupied Germany hoping for a visa to America. His wife has been missing since the war. One man is sneaking around the camps selling illegal visas; might he know what has happened to her?

1965: Eli rents a room in Albany Park, Chicago. He is on a mission. With patience, cunning, and relentless focus, he navigates unfamiliar streets and dangerous political backrooms, searching for the truth. Powerful and (...)

## Liberty from All Masters

The New American Autocracy vs the Will of the People

by Barry C. Lynn

One of America's preeminent thinkers provides the clearest statement yet on the nature and magnitude of the political and economic dangers posed by America's new monopolies.

Americans are obsessed with liberty, mad about liberty. On any day, we can tune into arguments about how much liberty we need to buy a gun or get an abortion, to marry who we want or adopt the gender we feel. We argue endlessly about liberty from regulation and observation by the state, and proudly rebel against the tyranny of course syllabi and Pandora playlists. Redesign the penny today and the motto would read "You ain't the boss of me."

Yet Americans are only now awakening to what is perhaps the gravest domestic threat to our liberties in a century?in the form of an extreme and fast-growing concentration of economic power. Monopolists today control almost every corner of the American economy. The result is not only lower wages and higher prices, hence a concentration of wealth and power in the hands of the few. The result is also a stripping away of our liberty to work how and where we want, to launch and grow the businesses we want, to create the communities and families and lives we want.

The rise of online monopolists such as Google and Amazon?designed to gather our most intimate secrets and use them to manipulate our personal and group actions?is making the problem only far worse fast. Not only have these giant corporations captured the ability to manage how we share news and ideas with one another, they increasingly enjoy the power to shape how we move and play and speak and think.

## **Good Morning, Monster**

Five Heroic Journeys to Emotional Recovery

by Catherine Gildiner

In this fascinating narrative, therapist Catherine Gildiner's presents five of what she calls her most heroic and memorable patients. Among them: a successful, first generation Chinese immigrant musician suffering sexual dysfunction; a young woman whose father abandoned her at age nine with her younger siblings in an isolated cottage in the depth of winter; and a glamorous workaholic whose narcissistic, negligent mother greeted her each morning of her childhood with "Good morning, Monster."

Each patient presents a mystery, one that will only be unpacked over years. They seek Gildiner's help to overcome an immediate challenge in their lives, but discover that the source of their suffering has been long buried.

As in such recent classics as *The Glass Castle* and *Educated*, each patient embodies self-reflection, stoicism, perseverance, and forgiveness as they work unflinchingly to face the truth. Gildiner's account of her journeys with them is moving, insightful, and sometimes very funny. *Good Morning Monster* offers an almost novelistic, behind-the-scenes look into the therapist's office, illustrating how the process can heal even the most unimaginable wounds.

## **Author Bio**

CATHERINE GILDINER was a clinical psychologist in private practice for twenty-five years. Her best-selling memoir *Too Close to The Falls* was published to international acclaim. She lives in Toronto.

## Dear Life

A Doctor's Story of Love and Loss

by Rachel Clarke

In *Dear Life*, Dr. Rachel Clarke recounts her professional and personal journey to understand not the end of life, but life at its end.

Death was conspicuously absent during Rachel's medical training. Instead, her education focused entirely on learning to save lives, and was left wanting when it came to helping patients and their families face death. She came to specialize in palliative medicine because it is the one specialty in which the quality, not quantity of life truly matters. In the same year she started to work in a hospice, Rachel was forced to face tragedy in her own life when her father was diagnosed with terminal cancer. He'd inspired her to become a doctor, and the stories he had told her as a child proved formative when it came to deciding what sort of medicine she would practice. But for all her professional exposure to dying, she remained a grieving daughter.

*Dear Life* follows how Rachel came to understand--as a child, as a doctor, as a human being--how best to help patients in the final stages of life, and what that might mean in practice.

## Author Bio

RACHEL CLARKE is a current NHS doctor and former television journalist who cares passionately about standing up for her patients and the NHS. She now works in palliative medicine, believing that helping patients at the end of life experience the best quality life possible is priceless. Rachel lives in Oxford with her husband and two children.

### Ask a Philosopher

Answers to Your Most Important - and Most Unexpected - Questions  
by Ian Olsav

A collection of answers to the philosophical questions on people's minds--from the big to the personal to the ones you didn't know you needed answered.

Based on real-life questions from his Ask a Philosopher series, Ian Olsav offers his answers to questions such as:

- Are people innately good or bad?
- Is it okay to have a pet fish?
- Is it okay to have kids?
- Is color subjective?
- If humans colonize Mars, who will own the land?
- Is ketchup a smoothie?
- Is there life after death?
- Should I give money to homeless people?

The Answers shows that there's a way of making philosophy work for each of us, and that philosophy can be both perfectly continuous with everyday life, and also utterly transporting. From questions that we all wrestle with in private to questions that you never thought to ask, The Answers will get you thinking.

### Author Bio

Location: Brooklyn, NY

Ian Olsav is an adjunct professor and doctoral candidate at the City University of New York, Graduate Center. ## The Christmas Table

A Novel

by Donna VanLiere

From the New York Times bestselling author of *The Christmas Hope* series comes another heartwarming, inspirational story for the holidays.

In June 1972 John Creighton determines to build his wife Joan a kitchen table. His largest project to date had been picture frames but he promises to have the table ready for Thanksgiving dinner. Inspired to put something delicious on the table, Joan turns to her mother's recipes she had given to Joan when she and John married.

In June 2012, Lauren Mabrey discovers she's pregnant. Gloria, Miriam, and the rest of her friends at Glory's Place begin to pitch in, helping Lauren prepare their home for the baby. On a visit to the local furniture builder, Laurer finds a table that he bought at a garage sale but has recently refinished. Once home, a drawer is discovered under the table which contains a stack of recipe cards. Growing up in one foster home after another, Lauren never learned to cook and is fascinated as she reads through the cards. Personal notes have been written on each one from the mother to her daughter and time and again Lauren wonders where they lived, when they lived, and in a strange way, she feels connected to this mother and her daughter and wants to make the mother proud.

The story continues to from 1972 to 2012 as Joan battles breast cancer and Lauren learns to cook, preparing for the baby? (s ...)

## Author Bio

**Donna VanLiere** is a *New York Times* and *USA Today* best-selling author. Her much-loved Christmas Hope series includes *The Christmas Shoes* and *The Christmas Blessing*, both of which were adapted into movies for CBS Television, *The Christmas Secret*, *The Christmas Journey* and *The Christmas Hope*, which was adapted into a film by Lifetime. She is also the author of *The Angels of Morgan Hill* and *Finding Grace*. VanLiere is the recipient of a Retailer's Choice Award for Fiction, a Dove Award, a Silver Angel Award, an Audie Award for best inspirational fiction, and a nominee for a Gold Medallion Book of the Year. She is a gifted speaker speaks regularly at conferences. She lives in Franklin, Tennessee, with her husband and their children.

## The Character Edge

Leading and Winning with Integrity

by Robert L. Caslen, Jr. and Michael D. Matthews

*The Character Edge* is inspiring and practical in equal measure, drawing upon both scientific research and personal experience in how, and why, to develop strengths of heart, mind, and gut. Only Mike Matthews and Bob Caslen could have written it. This will surely be an instant classic!" - **Angela Duckworth**, CEO of the Character Lab and bestselling author of *Grit*

"If you ever aspire to effective leadership, whether at the tactical or strategic level, you'll soon learn that the most important ingredient in effective leadership is character. Bob Caslen and Mike Matthews have captured this truth in both theory and application with moving and insightful stories and personal experiences. This book will both challenge you and motivate you to lead a life of integrity and honor, and in so doing, inspire the men and women you lead to the highest achievements they never thought possible. Bob and Mike have something very, very important here. I hope it goes viral in a big way." - **Admiral William H. McRaven**, US Navy (Retired), former Chancellor of the University of Texas and bestselling author of *Sea Stories: My Life in Special Operations*

"General Bob Caslen and Dr. Mike Mathews have done a great job illustrating why character and excellence are the most important elements in effective leadership. I have always believed that character and excellence go hand in hand, and this has always been the formula for our teams that win. Bob and Mike are proven leaders of character, and their examples and principles are what I have used my entire career." - **Mike Krzyzewski**, head men's basketball coach at Duke University

"General Caslen and Michael Matthews are absolutely the right people (...)

## GLORY

Magical Visions of Black Beauty

by Kahran Bethencourt and Regis Bethencourt, contributions by Amanda Seales

From Kahran and Regis Bethencourt, the dynamite husband and wife duo behind CreativeSoul Photography, comes **GLORY**, a photography book that shatters the conventional standards of beauty for Black children.

### Featuring a foreword by Amanda Seales

With stunning images of natural hair and gorgeous, inventive visual storytelling, **GLORY** puts Black beauty front and center with more than 100 breathtaking photographs and a collection of powerful essays about the children. At its heart, it is a recognition and celebration of the versatility and innate beauty of black hair, and black beauty. The glorious coffee-table book pays homage to the story of our royal past, celebrates the glory of the here and now, and even dares to forecast the future.

It brings to life past, present, and future visions of black culture and showcases the power and beauty of recognizing and celebrating oneself. Beauty as an expression of who you are is power. When we define our own standards of beauty, we take back that power. **GLORY** encourages children around the world to feel that power and harness it.

## Author Bio

Regis and Kahran Bethencourt are a husband-and-wife duo and the imaginative forces behind CreativeSoul Photography. With more than ten years of working with hundreds of children, families and brands, they specialize in child and lifestyle photography while incorporating authentic visual storytelling. As artists, CreativeSoul Photography is committed to helping kids and brands create fascinating imagery by operating as a one-stop shop offering expert creative direction, vision, planning, strategy, and execution. They've worked with brands small and large around the globe such as Disney, Amazon, Just for Me, CurlyKids Haircare, CamilleRose Haircare and more.

### Tsarina

by Ellen Alpsten

**Before there was Catherine the Great, there was Catherine Alexeyevna: the first woman to rule Russia in her own right. Ellen Alpsten's rich, sweeping first-person narrative is the story of her rise to power.**

St. Petersburg, 1725. Peter the Great lies dying in his magnificent Winter Palace. The weakness and treachery of his only son has driven his father to an appalling act of cruelty and left the empire without an heir. Russia risks falling into chaos. Into the void steps the woman who has been by his side for decades: his second wife, Catherine Alexeyevna, as ambitious, ruthless and passionate as Peter himself.

Born into devastating poverty, Catherine used her extraordinary beauty and shrewd intelligence to ingratiate herself with Peter's powerful generals, finally seducing the Tsar himself. But even amongst the splendor and opulence of her new life - the lavish feasts, glittering jewels, and candle-lit hours in Peter's bedchamber - she knows the peril of her position. Peter's attentions are fickle and his rages powerful; his first wife is condemned to a prison cell, her lover impaled alive on a stake in Red Square. And now Catherine faces the ultimate test: can she keep the Tsar's death a secret as she plays a lethal game to destroy her enemies and take the Crown for herself?

From the sensuous pleasures of a decadent aristocracy, to the incense-filled rites of the Orthodox Church and the terror of Peter's torture chambers, the intoxicating and dangerous world of Imperial Russia is brought to vivid life.

*Tsarina* is the story of one remarkable woman whose bid for power would transform the Russian Empire.

#### Praise for *Tsarina* :

Astonishing. . . the (...)

### Author Bio

ELLEN ALPSTEN was born and raised in the Kenyan highlands, before attending L'Institut d'Etudes Politiques de Paris. While studying for her masters in politics, philosophy, and economics, she won the Grande Ecole short story competition with her novella *Meeting Mr. Gandhi* and was encouraged to continue writing. Upon graduating, she worked as a producer and presenter for Bloomberg TV in London: knowing no-one and working gruesome night shifts on breakfast TV, she started to write in earnest, every day, after work and a nap. *Tsarina*, the first and only account of the incredible rise of Catherine I of Russia from serf to Empress, is her debut novel. Today, Ellen works as an author and as a journalist for international publications such as Vogue, Standpoint and CN Traveller. She lives in London with her husband, three children and a chubby, moody fox red Labrador.

## Zoey Punches the Future in the Dick

A Novel

by David Wong

**New York Times** bestselling author David Wong's *Zoey Punches the Future in the Dick* is the latest - and greatest - sci-fi thriller in the Zoey Ashe Series.

Nightmarish villains with superhuman enhancements. An all-seeing social network that tracks your every move. Mysterious, smooth-talking power players who lurk behind the scenes. A young woman suddenly in charge of the most decadent city in the world. And her very smelly cat.

Zoey Ashe is like a fish so far out of water that it has achieved orbit. She finds herself struggling to establish rule over a sprawling empire while Tabula Ra \$a's rogue's gallery of larger-than-life crime bosses and corrupt plutocrats smell weakness. Tensions brew across the city.

A steamer trunk-sized box arrives at Zoey's door, and she and her bodyguard Wu are shocked to find that it contains a disemboweled corpse, and even more shocked when that corpse, controlled by an unknown party, rises from the box and goes on a rampage through the house. After being subdued, it speaks in an electronic voice, accusing Zoey of being its murderer. Soon, it makes the same claim to the public at large, along with the promise of a cash reward for proof that Zoey and the Suits are behind the crime.

Now Zoey is having doubts of her own: Is she 100% sure that someone on her team didn't do this? She also doesn't even have a complete list of what businesses she owns, or what exact laws her organization is still breaking. So what does she really know?

Praise for (...)

## Formerly Known As

The 4Real Life of Prince, on and off the Record

by Neal Karlen

***Formerly Known As* profoundly changes what we know about a global star whose talents humbled other celebrities, and who ruthlessly controlled his own image and career, purposely muddying the murky waters of his own fractured life to keep attention focused on his music - not the man - and whom everyone wanted to know.**

Neal Karlen was the only journalist Prince granted in-depth press interviews to for over a dozen years, from before *Purple Rain* to when the artist changed his name to an unpronounceable glyph. Karlen interviewed Prince for three *Rolling Stone* cover stories, wrote "3 Chains o' Gold," Prince's "rock video opera," as well as the rock star's last testament, which is claimed to be buried with Prince's will underneath Paisley Park's vast acreage.

According to Prince's former fiancée Susannah Melvoin, Karlen was "the only reporter who made Prince sound like what he really sounded like." Karlen quit writing about Prince a quarter-century before the mega-star died, but he never quit Prince, and the two remained confidantes for the last thirty-one years of the superstar's life.

Indeed, Prince and Karlen had known each other years before (the reporter's grandparents lived two blocks from Prince in North Minneapolis,) as two of the gang of Minneapolis kids who biked around the neighborhood and played basketball. Karlen says that not only can fans not understand Prince without understanding Minneapolis in the '70s, but that even his best friends knew only 15% of him: that was all he was willing to give, no matter how much he cared for them.

Going back to Prince Rogers Nelson's roots, especially his contradictory often tortured, and sometimes violent relationship (...)

## Author Bio

Neal Karlen is a former contributing editor for *Rolling Stone*, *Newsweek* staff writer, and regular contributor to the *New York Times*. He is the author of *Babes in Toyland: The Making and Selling of a Rock and Roll Band*, and eight other books ranging in content from minor league baseball to fundamentalist religion to linguistics. A graduate of Brown University, he lives in his hometown of Minneapolis.

## Mill Town

Reckoning with What Remains

by Kerri Arsenault

**A galvanizing and powerful debut, *Mill Town* is an American story, a human predicament, and a moral wake-up call that asks: what are we willing to tolerate and whose lives are we willing to sacrifice for our own survival?**

Kerri Arsenault grew up in the rural working class town of Mexico, Maine. For over 100 years the community orbited around a paper mill that employs most townspeople, including three generations of Arsenault's own family. Years after she moved away, Arsenault realized the price she paid for that seemingly secure childhood. The mill, while providing livelihoods for nearly everyone, also contributed to the destruction of the environment and the decline of the town's economic, moral, and emotional health in a slow-moving catastrophe, earning the area the nickname Cancer Valley."

In *Mill Town*, Arsenault undertakes an excavation of a collective past, sifting through historical archives and scientific reports, talking to family and neighbors, and examining her own childhood to present a portrait of a community that illuminates not only the ruin of her hometown and the collapse of the working-class of America, but also the hazards of both living in and leaving home, and the silences we are all afraid to violate. In exquisite prose, Arsenault explores the corruption of bodies: the human body, bodies of water, and governmental bodies, and what it's like to come from a place you love but doesn't always love you back.

"

[ *Mill Town* ] is about the better, more prosperous American life those industries afforded us before we fell ill, as well as the Devil's bargain that made all this possible, maybe even inevitable. *Mill Town* is for anyone who's (...)

## Author Bio

KERRI ARSENAULT serves on the board of the National Books Critics Circle, is the Book Review Editor at *Orion* magazine, and Contributing Editor at *Lithub*. Arsenault received her MFA in Creative Writing from The New School and studied in Malmo University's Communication for Development master's programme. Her writing has appeared in *Freeman's*, *Lithub*, Oprah.com, and *The Minneapolis Star Tribune*, among other publications. She lives in New England. This is her first book.

### The Mutant Project

Inside the Global Race to Genetically Modify Humans

by Eben Kirksey

**An anthropologist visits the frontiers of the next scientific revolution to ask: whose values are guiding gene editing experiments, and what are the implications for humanity?**

At a conference in Hong Kong in November 2018, Dr. He Jiankui announced that he had created the first genetically modified babies - twin girls named Lulu and Nana - sending shockwaves around the world. A year later, a Chinese court sentenced Dr. He to three years in prison for illegal medical practice."

As scientists elsewhere start to catch up with China's vast genetic research program, gene editing is fueling an innovation economy that threatens to widen racial and economic inequality. Fundamental questions about science, health, and social justice are at stake: Who gets access to gene editing technologies? As countries around the globe, from the U.S. to Indonesia, loosen regulations, can we shape research agendas to promote an ethical and fair society?

Eben Kirksey takes us on a groundbreaking journey to meet the key scientists, lobbyists, and entrepreneurs who are bringing cutting-edge genetic modification tools like CRISPR to your local clinic. He also ventures beyond the scientific echo chamber, talking to disabled scholars, doctors, hackers, chronically-ill patients, and activists who have alternative visions of a future shaped by genetic engineering.

*The Mutant Project* empowers us to ask the right questions, uncover the truth, and better prepare for this brave new world we're already entering.

"

Praise for *Emergent Ecologies*:

A work of great sophistication, *Emergent Ecologies* is a great read. It is movingly written, methodologically innovative, and provides an intellectually rich account of an important and timely subject (...)

## Traitor

A History of American Betrayal from Benedict Arnold to Donald Trump

by David Rothkopf

### Political pundit David Rothkopf's *Traitor* puts Trump's crimes in historical context to show how he'll be judged by history

Donald Trump is unfit in almost every respect for the high office he holds. But what distinguishes him from every other bad leader the U.S. has had is that he has repeatedly, egregiously, betrayed his country. Regardless of what Congress decides he's done, the facts available to the public show that Trump has met every necessary standard to define his behavior as traitorous.

He has clearly broken faith with the people of the country he was chosen to lead, starting long before he took office, then throughout his time in the White House. And we may not yet have seen the last of his crimes. But the story we know so far is so outrageous and disturbing that it raises a question that has never before been presented in American history: is the president of the United States the greatest threat this country faces in the world?

We also need to understand how the country has historically viewed such crimes and how it has treated them in the past to place what has happened in perspective. After his examination of traitors including Benedict Arnold, Aaron Burr, and leaders of the Confederacy, Rothkopf concludes that Donald Trump, those closest to him in his White House, his campaign and his family, and the leaders of the Republican Party in the United States have committed the highest-level, greatest, most damaging betrayal in the history of the country. They are traitors.

## Author Bio

**David Rothkopf** is the internationally acclaimed author of *Power, Inc.: The Epic Rivalry Between Big Business and Government - and the Reckoning That Lies Ahead*, *Superclass: The Global Power Elite and the World They Are Making* and *Running the World: The Inside Story of the National Security Council and the Architects of American Power*. He is the president and chief executive of Garten Rothkopf, an international advisory firm, and a visiting scholar at the Carnegie Endowment for International Peace and CEO and Editor-at-Large of the FP Group, publishers of Foreign Policy Magazine.

### **Trial by Fire**

A Devastating Tragedy, A Hundred Lives Lost, and A Fifteen-Year Search for Truth

by Scott James

In only 90 seconds, a fire in the Station nightclub killed 100 people and injured hundreds more. It would take nearly 20 years to find out why--and who was really at fault.

All it took for a hundred people to die during a show by the hair metal band Great White was a sudden burst from two giant sparklers that ignited the acoustical foam lining the Station nightclub. But who was at fault? And who would pay? This being Rhode Island, the two questions wouldn't necessarily have the same answer.

Within 24 hours the governor of Rhode Island and the local police commissioner were calling for criminal charges, although the investigation had barely begun, no real evidence had been gathered, and many of the victims hadn't been identified. Though many parties could be held responsible, fingers pointed quickly at the two brothers who owned the club. But were they really to blame? Bestselling author and three-time Emmy Award-winning reporter Scott James investigates all the central figures, including the band's manager and lead singer, the fire inspector, the maker of the acoustical foam, as well as the brothers. Drawing on firsthand accounts, interviews with many involved, and court documents, James explores the rush to judgment about what happened that left the victims and their families, whose stories he also tells, desperate for justice.

Trial By Fire is the heart-wrenching story of the fire's aftermath because while the (...)

## Inventing Equality

Reconstructing the Constitution in the Aftermath of the Civil War  
by Michael Bellesiles

The evolution of the battle for true equality in America seen through the men, ideas, and politics behind the 13th, 14th, and 15th Amendments passed at the end of the Civil War.

On July 4, 1852, Frederick Douglass stood in front of a crowd in Rochester, New York, and asked, "What to the slave is the Fourth of July?" The audience had invited him to speak on the day celebrating freedom, and had expected him to offer a hopeful message about America; instead, he'd offered back to them their own hypocrisy. How could the Constitution defend both freedom and slavery? How could it celebrate liberty with one hand while withdrawing it with another? There was a country which promoted and even celebrated inequality.

From the very beginning, American history can be seen as a battle to reconcile the large gap between America's stated ideals and the reality of its republic. Its struggle is not one of steady progress toward greater freedom and equality, but rather for every step forward there is a step taken in a different direction. In *Inventing Equality*, Michael Bellesiles traces the evolution of the battle for true equality--the stories of those fighting forward, to expand the working definition of what it means to be an American citizen--from the Revolution through the late nineteenth century. He identifies the systemic flaws in the Constitution, and explores through the role of the Supreme Court and three Constitutional amendments--the 13th, 14th, and 15th--the ways in which equality and inequality waxed and waned over the decades.

## Author Bio

Location: Connecticut

MICHAEL BELLESILES, once a visiting professor at Trinity College in Connecticut and a professor of history at Emory University, is the author of numerous books on American history--including *1877* and *A People's History of the U.S. Military*. Bellesiles received his BA from the University of California-Santa Cruz and his PhD from the University of California at Irvine. He lives in Connecticut.

## Nazi Wives

The Women at the Top of Hitler's Germany

by James Wyllie

***Nazi Wives* is a fascinating look at the personal lives, psychological profiles, and marriages of the wives of officers in Hitler's inner circle.**

Goering, Goebbels, Himmler, Heydrich, Hess, Bormann - names synonymous with power and influence in the Third Reich. Perhaps less familiar are Carin, Emmy, Magda, Margarete, Lina, Ilse and Gerda. . .

These are the women behind the infamous men - complex individuals with distinctive personalities who were captivated by Hitler and whose everyday lives were governed by Nazi ideology. Throughout the rise and fall of Nazism these women loved and lost, raised families and quarreled with their husbands and each other, all the while jostling for position with the Fuhrer himself. Until now, they have been treated as minor characters, their significance ignored, as if they were unaware of their husbands' murderous acts, despite the evidence that was all around them: the stolen art on their walls, the slave labor in their homes, and the produce grown in concentration camps on their tables.

James Wyllie's *Nazi Wives* explores these women in detail for the first time, skillfully interweaving their stories through years of struggle, power, decline and destruction into the post-war twilight of denial and delusion.

Wyllie tells the stories of the wives of Goering, Goebbels, Himmler and others. . . a distinctive prism through which to view the period." - ***The Guardian (UK)***

"Wyllie's study of the other halves of the Third Reich is exhaustive and studded with fascinating detail." - ***The Tablet (UK)***

### **Praise for GOERING AND GOERING:**

"A fascinating story of intrigue and family differences. . . Wyllie charts a relationship of seemingly irreconcilable extremes set against (...)

## Losing the Long Game

The False Promise of Regime Change in the Middle East

by Philip H. Gordon

**The definite account of how regime change in the Middle East has proven so tempting to American policymakers for decades - despite never achieving the aims its proponents hope to accomplish - and how it's finally time to forge a new path forward.**

Since the end of World War II, the United States has set out to oust governments in the Middle East on an average of once per decade - in places as diverse as Iran, Iraq, Afghanistan (twice), Egypt, Libya, and Syria. The reasons for these interventions have also been extremely diverse, and the methods by which the United States pursued regime change have also been highly varied: sponsoring a military coup, providing covert or overt military assistance to opposition groups, invading and occupying, invading and not occupying, providing air power to opposition forces, or relying on diplomacy, rhetoric, and sanctions. What is common to all the operations, however, is that they failed to achieve their ultimate goals, produced a range of unintended and even catastrophic consequences, carried heavy financial and human costs, and in many cases left the countries in question worse off than they were before.

*Losing the Long Game* is a thorough and riveting look at the U.S. experience with regime change over the past seventy years, and an insider's view on U.S. policymaking in the region at the highest levels.

With sharp insight and refreshing candor, Phil Gordon lays bare the magical thinking which has so often led American policymakers to assume too much about our powers of transformation in the Middle East, and too little about the limits of our agency. Gordon offer a compelling argument for more pragmatism and less hubris (...)

## The Other Mother

A Novel

by Matthew Dicks

From the beloved author of *Memoirs of an Imaginary Friend* comes a novel about a teenage boy coping with the rupture of his family by viewing his mother in an unusual light.

The one he loves most, is the one he knows least.

Thirteen-year-old Michael Parsons is dealing with a lot. His father's sudden death; his mother's new husband, Glen, who he loathes; his two younger siblings, who he looks after more and more now that his mother works extra shifts.

And then one day, Michael wakes up and his mother is gone. In her place is an exact, duplicate mother. The 'other mother'. No one else seems to notice the real version is missing. His brother, his sister and even Glen act as if everything's normal. But Michael knows in his heart that this mother is not his. And he begins to panic.

What follows is a big-hearted coming-of-age story of a boy struggling with an unusual disorder that poses unparalleled challenges--but also, as he discovers, offers him unique opportunities.

## Author Bio

MATTHEW DICKS is a writer and elementary school teacher. His articles have been published in the *Hartford Courant* and he has been a featured author at the Books on the Nightstand retreat. He is also a Moth storyteller and a two-time StorySLAM champion. Dicks is the author of the novels *Memoirs of an Imaginary Friend*, *Something Missing*, and *Unexpectedly Milo*. He lives in Newington, Connecticut, with his wife, Elysha, and their children, Clara and Charlie.

## Inferno

The True Story of a B-17 Gunner's Heroism and the Bloodiest Military Campaign in Aviation History  
by Joe Pappalardo

**Joe Pappalardo's *Inferno* tells the true story of the men who flew the deadliest missions of World War II, and an unlikely hero who received the Medal of Honor in the midst of the bloodiest military campaign in aviation history.**

There's no higher accolade in the U.S. military than the Medal of Honor, and 472 people received it for their action during World War II. But only one was demoted right after: Maynard Harrison Smith.

Smith is one of the most unlikely heroes of the war, where he served in B-17s during the early days of the bombing of France and Germany from England. From his juvenile delinquent past in Michigan, through the war and during the decades after, Smith's life seemed to be a series of very public missteps. The other airmen took to calling the 5-foot, 4-inch airman "Snuffy" after an unappealing movie character.

This is also the man who, on a tragically mishandled mission over France on May 1, 1943, single-handedly saved the crewman in his stricken B-17. With every other gunner injured or bailed out, Smith stood alone in the fuselage of a shattered, nameless bomber and fought fires, treated wounded crew and fought off fighters. His ordeal is part of a forgotten mission that aircrews came to call the May Day Massacre. The skies over Europe in 1943 were a charnel house for U.S. pilots, who were being led by tacticians surprised by the brutal effectiveness of German defenses. By May 1943 the combat losses among bomb crews were a staggering 40 to 50 percent.

The backdrop of Smith's story intersects with some of the luminaries of aviation history, including Curtis Lemay, Ira Eaker and "Hap" Arnold, during critical times of their storied careers. *Inferno* also examines Smith's life in a new, comprehensive light, through the use of exclusive interviews of those who knew him (including fellow MOH recipients and family) as well as public and archival records. This is both a thrilling and horrifying story of the air war over Europe during WWII and a fascinating look at one of America's forgotten heroes.

## Last Stands

Why Men Fight When All Is Lost

by Michael Walsh

*Last Stands* is a thoroughly original study of doomed or trapped soldiers often fighting to the last man, from Thermopylae to the Korean War. But Michael Walsh's book is more than a military history of heroic resistance. It is also a philosophical and spiritual defense of the premodern world, of the tragic view, of physical courage, and of masculinity and self-sacrifice in an age when those ancient virtues are too often caricatured and dismissed. A much needed essay on why rare men would prefer death to dishonor, and would perish in the hope that others thereby might live."

- Victor Davis Hanson, *The Hoover Institution, Stanford University, and the author of *The Second World Wars**

Praise for *The Fiery Angel*:

"For decades now, the cultural Left has been waging a war for our souls and freedoms, and their success depends on our increasing inability to comprehend and appreciate the rich spiritual and intellectual heritage of Western civilization. In *The Fiery Angel*, Michael Walsh's dazzling intellect is on full display and readers will walk away not just with a tremendous appreciation of the Judeo-Christian beliefs and heroic narratives that have preserved and protected us for thousands of years, but he also gives them the tools to go out and defend these ideals from the cultural onslaught."

- Mollie Hemingway, Senior Editor of *The Federalist* and Fox News contributor

"From Aristotle to *The Marriage of Figaro*, Michael Walsh seeks light in these dark times in the deepest sources of our culture and its most illuminating works of art. From the divine to the erotic and from the contemplative to the heroic, it's all there, waiting, in *The Fiery* (...)

## Red Hands

A Novel

by Christopher Golden

When a mysterious and devastating bioweapon causes its victims to develop Red Hands, the touch of death, weird science expert Ben Walker is called to investigate.

A car plows through the crowd at a July 4th parade. The driver climbs out, sick and stumbling, reaching out... and everyone he touches drops dead within seconds. Mae Sinclair watches in horror as people she loves begin to die and she knows she must take action. But in the aftermath of this terror, it's Mae Sinclair who possesses that killing touch. Fleeing into the mountains, Mae is struggling with her own grief, confusion, and the dawning realization that she will never be able to touch another human being again.

"Weird s\*\*t expert" Ben Walker is surprised to get a call from Alena Boudreau, director of the newly restructured Global Science Research Coalition. There's an upheaval in the organization and she needs to send someone she can trust to Jericho Falls. Whoever finds Mae Sinclair first will unravel the mystery of her death touch, and many are willing to kill her for that secret. Walker's assignment is to get her off the mountain alive. But as Mae searches for a safe hiding place, hunted and growing sicker by the moments, she begins to hear an insidious voice in her head, and the yearning, the need... the hunger to touch another human being continues to grow. When Walker and Mae meet at last, they will unravel a stunning legacy of death and betrayal, and a malignant secret as old as history.

## The Pandora Deception

by David Bruns and J. R. Olson

**With *The Pandora Deception*, Bruns and Olson return with a captivating portrayal of modern day combat that compares with the best of the timeless classics by Tom Clancy, Dale Brown, and Stephen Coonts." (Mark Greaney)**

To effectively combat the rise of global terrorism, the U.S. military must now rely on more than traditional weapons and tactics. Don Riley of the U.S. Cyber Command is given charge of a brand new effort: a new team in the CIA Operations Directorate called Emerging Threats. To establish this team he recruits three talented recent commissioned naval officers - Janet Everett, Michael Goodwin, and Andrea Ramirez - and together they uncover a new terrorist group. The group is going under the name of the Mahdi, a messiah figure of Islamic mythology, and is operating in the geopolitical tinderbox that is the Nile River basin.

But the Mahdi is no ordinary terrorist group. Their stock in trade is not the usual suicide bombings and surprise attacks. In fact, the Mahdi has created and is about to release the worst kind of weapon: a hugely destructive bioweapon, known as Pandora, with a devastating fatality rate. And it will take all the resources that the U.S. can bring to bear - intelligence assets, cyber warfare and military assaults - to not only find out who is really behind the Mahdi, but to stop them before they successfully destroy the balance of power in the Middle East.

## Author Bio

DAVID BRUNS is a graduate of the U.S. Naval Academy and was an officer in the submarine force, before leaving the Navy for corporate life. He lives in Shakopee, Minnesota.

With J. R. Olson, Bruns is the author of the WMD (Weapons of Mass Deception) Files series.

J. R. OLSON spent more than 20 years in the Navy, retiring as a commander. He now teaches college courses in Intelligence and Counter-Terrorism. He lives in Webster, Minnesota.

With David Bruns, Olson is the author of the WMD (Weapons of Mass Deception) Files series.

## The Story of China

The Epic History of a World Power from the Middle Kingdom to Mao and the China Dream

by Michael Wood

**A single volume history of China, offering a look into the past of the global superpower and its significance today.**

Michael Wood has travelled the length and breadth of China producing a magisterial new book that combines a sweeping narrative of China's story with the stories of its people, the history of its landscape and commentary from his extensive travel journals. He begins with a look at China's prehistory - the early dynasties, the origins of the Chinese state, and the roots of Chinese culture in the teachings of Confucius. He looks at particular periods and themes that are being reevaluated by historians now such as The Renaissance of the Song with its brilliant scientific discoveries. He offers a revaluation of the Qing Empire in the 18th century, just before the European impact, a time when China's rich and diverse culture was at its height. Wood takes a new look at the encounter with the West, the Opium Wars, clashes with the British and the extraordinarily rich debates in the late 19th century as to which path China should take to move forward into modernity.

Finally, he brings the story up to today by giving readers a clear, current account of China post 1949 complete with a more balanced view of Mao based on newly-opened archives. In the final chapter, Wood considers the provocative question of when, if ever, China will rule the world. Michael Wood's *The Story of China* answers that question and is the indispensable book about the most intriguing and powerful country amassing power on the world stage today.

## Author Bio

**Michael Wood** is Charles Barnwell Straut Professor of English at Princeton University. He is the author of *The Magician's Doubts*, an acclaimed analysis of Nabokov's works. He lives in Princeton, New Jersey.

## High Crimes

The Inside Story of the Trump Impeachment

by Michael D'Antonio and Peter Eisner

Two award-winning journalists expose the machinations leading up to and during the House impeachment process.

Having spent a year essentially embedded inside several House committees, D'Antonio and Eisner draw on many sources, including key House leaders, to expose the politicking, playcalling, and strategies debated backstage and to explain the Democrats' successes and apparent public failures during the show itself.

The book opens with Nancy Pelosi deciding the House should take up impeachment, then, in part one, leaps back to explain what Ukraine was really all about: not just Joe Biden and election interference, but a money grab and oil. In the second part, the authors recount key meetings throughout the run up to the impeachment hearings, including many of the heated confrontations between the Trump administration and House Democrats. And the third part takes readers behind the scenes of those hearings, showing why certain things happened the way they did for reasons that never came up in public.

In the end, having illuminated every step of impeachment, from the schemes that led Giuliani to the Ukraine in 2016 to Fiona Hill's rebuking the Republicans' conspiracy theories, *High Crimes* promises to be Trump's Final Days.

## Author Bio

Location: New York and Washington, D.C.

As part of a team of journalists from *Newsday*, MICHAEL D'ANTONIO won the Pulitzer Prize for his reporting before going on to write many acclaimed books, including *Atomic Harvest*, *The State Boys Rebellion*, and *The Truth About Trump*. He has also written for *Esquire*, *The New York Times Magazine*, and *Sports Illustrated*. He lives in New York.

**Peter Eisner** has won national and international awards for his writing and investigative reporting as a foreign correspondent, editor and reporter at *The Washington Post*, *Newsday*, and the *Associated Press*. His 2004 book *The Freedom Line*, which won the Christopher Award, is the story of young resistance workers who rescued Allied fighter pilots during World War II. Eisner was nominated for an Emmy in 2010 as a producer at PBS World Focus. He is based in Washington, D.C.

### Dark Diplomacy

Proof of Corruption in the Trump White House

by Anonymous MFAB

Proof of Corruption is Seth Abramson's deep-dive into the murky world of Donald Trump and the Ukraine scandal, revealing it to be multifaceted, darker, and more sinister than previously thought, the culmination of 16 months of clandestine machinations involving dozens of players.

Just as with his NYT bestseller, *Proof of Conspiracy*, Abramson takes readers on a worldwide journey from Beijing to Caracas, from Budapest to Ankara, from Kyiv to Warsaw, and from Moscow to D.C. While many know about the telephone call that ignited the Ukraine scandal, they don't know about the attempt to take over Ukraine's national gas company to the benefit of the Kremlin and the destruction of the Ukrainian economy—a victory for Putin. And Trump's dealings with the Chinese government not only benefitted him and his family; they also involved Trump seeking election interference from Xi Jinping in October 2019 as well as a release by the Chinese of closely-held information about Joe Biden. In Venezuela, many of the same actors involved in the Ukraine scandal are engaged in the same Kremlin-pleasing negotiations that contradict and undermine U.S. policy.

Ultimately, the book lays bare the consistent pattern of corruption evident in Trump's actions going back twenty years. Seth Abramson's *Proof of Corruption* is a wake-up call about an administration whose corruption knows no bounds.

### Author Bio

SETH ABRAMSON is a former criminal defense attorney and criminal investigator who teaches digital journalism, legal advocacy, and cultural theory at the University of New Hampshire. A regular political and legal analyst on CNN and the BBC during the Trump presidency, he is the author of eleven books and editor of five anthologies. Abramson is a graduate of Dartmouth College, Harvard Law School, the Iowa Writers' Workshop, and the PhD program in English at University of Wisconsin-Madison. He lives in New Hampshire with his wife and two one-year-old rescue hounds, Quinn and Scout. Read more about him at [SethAbramson.net](http://SethAbramson.net).

## Overstated

A Coast-to-Coast Roast of the 50 States

by Colin Quinn

How can a nation composed of states that range from Utah (The church of states") to Vermont ("The state of relevant old people") possibly hang together? In Colin Quinn's new book, the popular comedian, social commentator, and star of the shows *Red State Blue State* and *Unconstitutional* tackles the condition of our union today.

Running state-by-state, from Connecticut to Hawaii, Quinn calls us out and identifies the hypocrisies inherent in what we *claim* to believe and what we actually *do*. Within a framework of big-picture thinking about systems of government - after all, how would you put this country together if you started from scratch today? - to dead-on-funny observations about the quirks and vibes of the citizens in each region, *Overstated* skewers us all, red, blue, and purple, and is infused with the same blend of optimism and practicality that sparked the U.S. into being. As Quinn writes, "We made promises in the Constitution that no one can live up to. A representative democracy has a lot of flaws to it - because representatives are humans. They have to deal with hundreds of different needs and personalities in their districts. And there are just too many people! It's like your wedding. You plan the tables to make sure the people who hate each other don't sit too close. You want to say 'hi' to everybody, but ultimately you spend time with the people with the biggest envelope.

## Author Bio

COLIN QUINN is a stand-up comedian, writer, and performer whose thirty-year broadcast career has included stints on *Saturday Night Live* as the "Weekend Update" anchor, appearances on every cable comedy showcase and network talk show you can think of, including his own eponymous late-night show, and guest-starring roles in a wide swath of television shows and movies, including *The Larry Sanders Show* and *Inside Amy Schumer*. His specials *Unconstitutional* (2013) and *The New York Story* (2015, directed by Jerry Seinfeld) are available on Netflix, and his one-man show *Red State, Blue State* (2019) premiered to rave reviews in New York. The special was adapted into CNN's first comedy special in May 2019 and started streaming on Netflix in August 2019.
