After months aboard the legendary ghost ship *Soliton*, Isoka and the rest of the crew finally arrive at their mysterious destination—a city of great stone ziggurats, enshrouded in a ghostly veil of unwelcoming magic. And they're not alone.

By night, monstrous living corpses wander in search of prey. By day, royalty, monks, and madmen live in a precarious balance. The one thing they all agree on is that escape is impossible, but Isoka refuses to give up. But there's more to Tori's life back in Kahnzoka than Isoka believes. In secret, Tori helps run a sanctuary for mage-bloods fleeing the Emperor's iron fist, and her work takes her deep into the mires of intrigue and revolution. But that's not her only secret—she commands the power of Kindre, the Well of Mind, which can bend others to its will. Though she's spent her life denying this brutal magic, Tori will use whatever means she has to fight for the people who need her help. . . .

A Novel

by Mary Cecilia Jackson

There are two kinds of people on the planet. Hunters and prey.

I thought I would be safe after my mother died. I thought I could stop searching for new places to hide. But you can't escape what you are, what you've always been.

My name is Savannah Darcy Rose.

And I am still prey.

Though Savannah Rose—"Sparrow" to her friends and family—is a gifted ballerina, her real talent is keeping secrets. Schooled in silence by her long-dead mother, Sparrow has always believed that her lifelong creed—"I'm not the kind of girl who tells"—will make her just like everyone else: Normal. Happy. Safe. But in the aftermath of a brutal assault by her seemingly perfect boyfriend Tristan, Sparrow must finally find the courage to confront the ghosts of her past, or lose herself forever....

## This Light Between Us: A Novel of World War II

by Andrew Fukuda

"I remember visiting Manzanar and standing in the windswept plains where over ten thousand internees were once imprisoned, their voices cut off. I remember how much I wanted to write a story that did right by them. Hopefully this book delivers."—Andrew Fukuda

In 1935, ten-year-old Alex Maki, from Bainbridge Island, Washington, is disgusted when he's forced to become pen pals with Charlie Levy of Paris, France—a girl. He thought she was a boy. In spite of Alex's reluctance, their letters continue to fly across the Atlantic, along with the shared hopes and dreams of friendship. Until the Japanese attack on Pearl Harbor and the growing Nazi persecution of Jews force both young people to confront the darkest aspects of human nature. From the desolation of an internment camp on the plains of Manzanar to the horrors of Auschwitz and the devastation of European battlefields, the only thing they can hold onto are the memories of their letters. But nothing can dispel the light between them.

Fukuda ( *The Trap*, 2013, etc.) artfully conveys Alex's inner turmoil and paints visceral combat scenes. . . . An intriguing premise and fascinating tale." - *Kirkus Reviews*

## Author Bio

Born in Manhattan and raised in Hong Kong, ANDREW FUKUDA earned a bachelor's degree in history from Cornell University. Fukuda's experience volunteering with the immigrant teen community in Manhattan's Chinatown led to the writing of *Crossing*, his debut novel that was selected by ALA Booklist as an Editor's Choice, Top Ten First Novel, and Top Ten Crime Novel. He currently resides on Long Island, New York, with his family.

## Catfishing on CatNet

A Novel

by Naomi Kritzer

Because her mom is always on the move, Steph hasn't lived anywhere longer than six months. Her only constant is an online community called CatNet—a social media site where users upload cat pictures—a place she knows she is welcome. What Steph doesn't know is that the admin of the site, CheshireCat, is a sentient A.I.

When a threat from Steph's past catches up to her and CheshireCat's existence is discovered by outsiders, it's up to Steph and her friends, both online and IRL, to save her.

A surprising, heartfelt near-future YA thriller about the topical issues of online privacy and out-of-control technology, and the importance of making connections in an increasingly fragmented society by award-winning author Naomi Kritzer, whose short story "Cat Pictures Please" won the Hugo Award and Locus Award and was a finalist for the Nebula Award.

## Strange Exit

The end of the world came and went. The survivors escaped into a simulated reality, a world of impossibilities and mysteries where human minds could live while the earth healed. A world that was programmed to end. But never did.

Now the strange sanctuary is breaking down. And only seventeen-year-old Lake remembers none of this is real. She spends her days searching a strange, postapocalyptic landscape for people who have forgotten the real world and helps them escape.

But time's running out before the simulation fails, and Lake's only ally, Taren, is making decisions about who's worth saving and who must be sacrificed for the greater good.

Now, Lake has no choice but to pit herself against Taren in a race to save everyone. Not just the lucky few.

This post-apocalyptic novel will have wide appeal amongst gamers and fans of this genre. . . . Caught in a tangle of strangely surreal settings, readers will find themselves questioning what is real and what is a simulation." - *School Library Connection*

## Meet Me at Midnight

by Jessica Pennington

Sidney and Asher have spent every summer together since they were twelve. Every year it's the same—in between cookouts and boat rides and family-imposed bonfires, the sworn rivals spend their dog days finding the ultimate ways to prank each other.

Now, the summer after their senior year, their stretch of forced family vacations is nearing an end, and both are determined to make this summer the most epic yet. When both of their families are kicked out of their beloved beach houses just one week into their eight-week vacation, their final summer is suddenly in jeopardy.

Despite the new and horrendously cramped accommodations, Sidney expects her vacation to continue as usual. Then she gets a note—Meet me at midnight. Asher has a proposition for her: join forces for one last summer of epic pranks, pitted against a shared enemy—the woman who kicked them out of their beloved vacation homes. With their attention finally on something other than tormenting one another, Sydney and Asher will discover if they can put their pasts aside and actually work as a team. Not to mention if they can ignore the attraction rapidly building between them.

Sweet and real, and fans of Sarah Dessen or Meg Cabot will find themselves hoping these pranksters find true love. With a light romance, humor, and summers full of swimming, parties, and bonfires, this is a perfect beach read."
