

Michael Roger

Product Catalog, Winter 2025 / 2026

Decomposition Books feature 100% post-consumer-waste recycled pages, soy ink printing and colorful and unique designs. They can be found in classrooms, homes and workplaces around the country and across the world.

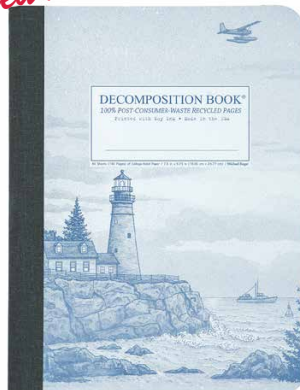

You may have even caught a glimpse of one in the hands of a character in a favorite TV show or hit movie.

We're continually adding new cover choices. Variety and novelty drive sales, and so does finding a design that suits an individual's tastes and interests.

Decomp binding is center (saddle) sewn or spiral-bound. Full-size books are 7.5" x 9.75" and have 80 sheets. Pocket-size books are 4" x 6" and have 60 sheets. Prices and other details subject to change.

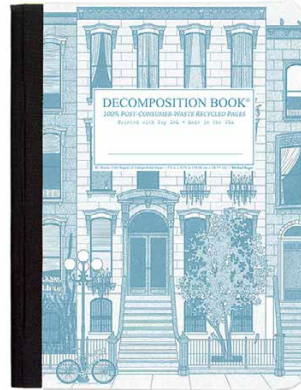

Made in USA.

Decomp Display Options

Our modular fixtures are terrific sales tools and can be acquired at no cost (just pay for shipping). See pricer for details.

From bookstores to natural food stores to museums to gift shops, our customers have found that merchandising Decomposition Books in a spinner lets them show off dozens of unique designs at once.

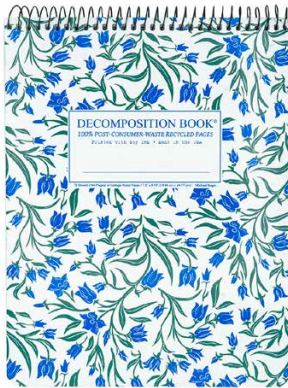

Displays are a great way to augment sales with minimal added investment and minimal additional square footage.

Try one and learn why thousands of stores have chosen to merchandise their Decomposition Books (as well as Jalapeno Paper Co. books and other Michael Roger products) in an acrylic display!

NEW and now shipping, Topbound Decomposition Books are perfect for lefties and those taking notes on the go. Large books are 9.75" x 7.5" and pocket-size books are 6" x 4". **Made in USA.**
