Enrichment Activities for Gifted Students

Extracurricular Academic Activities for Gifted Education

by Todd Stanley

Enrichment Activities for Gifted Students outlines a variety of extracurricular academic activities and programming options for gifted student talent development. This book:

- Includes strategies for educators to develop enrichment programs that fit the needs of their students.
- Provides numerous examples of nationally-recognized and easy-to-implement programs and competitions.
- Helps promote students' academic growth.
- Categorizes options by subject area, including math, science, technology, language arts, and social studies.
- Categorizes options by skill type, including creative thinking, problem solving, and adaptability.

Enrichment Activities for Gifted Students provides everything busy educators need to know about offering, funding, and supporting enrichment activities and programs that develop students' content knowledge and expertise, build valuable real-world skills, and extend learning beyond the walls of the classroom.

Classroom Management for Gifted and Twice-Exceptional Students Using Functional Behavior Assessment

A Step-by-Step Professional Learning Program for Teachers
by Yara Farah, Ph.D. and Susan Johnsen, Ph.D.

Classroom Management for Gifted and Twice-Exceptional Students Using Functional Behavior Assessment assists educators in understanding how to identify and target behaviors that influence the success of students and daily classroom instruction. Each module:

- Provides case studies with examples of the concepts being taught.
- Includes presentations, interactive graphic organizers, and small-group problem-solving activities.
- Offers self-assessments and resources for developing interventions.
- May be used within a university course, a series of workshops, or professional teacher learning communities.
- Uses Functional Behavior Assessment (FBA), a successful research-based approach to behavioral interventions.

Using this book, teachers can learn to manage student behavior and implement differentiation in the classroom.
