Court of the Vampire Queen by Katee Robert

Three Powerfully Alluring Vampire Men
And One Queen to Rule Them All

All Mina ever wanted was to escape her father's control. Half human, half vampire, she lived eternally torn between two worlds, never fully experiencing the pleasures of either-until her father chose her as the pawn in his latest political move, gifting her to the darkly powerful and dangerously seductive Malachi Zion.

Malachi is not a vampire to be trifled with. He rules with an iron fist and has a reputation for the darkest of sins. But the longer Mina spends with him, the more she realizes he's not the monster she first thought-and as fear bleeds into lust, then trust, then something more, Malachi opens Mina up to a world she never knew could be hers for the taking: including the love of Malachi's two closest friends and companions.

Now surrounded by all three men, the center of their shockingly seductive world, Mina may finally have the power to face down her father and take back the life-and crown-that by all rights should be hers.

When Life Gives You Vampires by Gloria Duke

A paranormal *Dumplin'* for adults, *When Life Gives You Vampires* is part a journey of body positivity, part a story about learning how to accept love at face value, and part a hysterical romcom told through a paranormal lens.

Twenty-five year old Lily Baines is used to waking up hungover, overweight, and underemployed. Waking up with fangs? Not so much. But when a little light necking has more serious consequences than she ever imagined, Lily's determined to get to the bottom of it, or die (again) trying. Tristan hadn't meant to turn Lily-it's against vampire law-but now that she's here, they need to team up to save both their hides. They strike an uneasy truce, fending off other vampires, Lily's work-rival-turned-slayer, and her mother's tone-deaf romance and fitness advice. . . all while Lily faces down her insecurities about the fact that she lives in a diet-obsessed world with a body that will never age, never die, and never change.

Falling for her maddeningly gorgeous sire? Easy. Surviving an ancient vampire Master determined to see her twice-dead? Piece of cake. But can Lily ever truly learn to love the woman she'll be forever more?

Now, more than a decade later, the beauty school dropout runs Meadow Valley's family tavern and steers clear of the boy who once stole her heart-no small feat in such a small town. When Casey's car breaks down on the way to an important interview, she's rescued by none other than Boone himself-on what was supposed to be his wedding day. . . Boone Murphy was finally going to put Meadow Valley in his rearview mirror, even if that meant selling his business and leaving his family's defunct horse ranch behind, because it also meant leaving Casey Walsh. Except when it came time to say goodbye" to his hometown and "I do" to his new life, he couldn't do it. Now he's back home and his only dream is winning back the girl he's always loved. . .

The Ways We Hide

A Novel

by Kristina McMorris

From the New York Times bestselling author of *Sold On A Monday*-over a million copies sold!-comes a sweeping World War II tale of an illusionist whose recruitment by British intelligence sets her on a perilous, heartrending path.

As a little girl raised amid the hardships of Michigan's Copper Country, Fenna Vos learned to focus on her own survival. That ability sustains her even now as the Second World War rages in faraway countries. Though she performs onstage as the assistant to an unruly escape artist, behind the curtain she's the mastermind of their act. Ultimately, controlling her surroundings and eluding traps of every kind helps her keep a lingering trauma at bay.

Yet for all her planning, Fenna doesn't foresee being called upon by British military intelligence. Tasked with designing escape aids to thwart the Germans, MI9 seeks those with specialized skills for a war nearing its breaking point. Fenna reluctantly joins the unconventional team as an inventor. But when a test of her loyalty draws her deep into the fray, she discovers no mission is more treacherous than escaping one's past. Inspired by stunning true accounts, *The Ways We Hide* is a gripping story of love and loss, the wars we fight-on the battlefields and within ourselves-and the courage found in unexpected places.

Cradles of the Reich

A Novel

by Jennifer Coburn

Three women, a nation seduced by a madman, and the Nazi breeding program to create a so-called master race

At Heim Hochland, a Nazi breeding home in Bavaria, three women's fates are irrevocably intertwined. Gundi is a pregnant university student from Berlin. An Aryan beauty, she's secretly a member of a resistance group. Hilde, only eighteen, is a true believer in the cause and is thrilled to carry a Nazi official's child. And Irma, a 44-year-old nurse, is desperate to build a new life for herself after personal devastation. All three have everything to lose.

Based on untold historical events, this novel brings us intimately inside the Lebensborn Society maternity homes that actually existed in several countries during World War II, where thousands of racially fit babies were bred and taken from their mothers to be raised as part of the new Germany. But it proves that in a dark period of history, the connections women forge can carry us through, even driving us to heroism we didn't know we had within us.

I loved *Cradles of the Reich*, Jennifer Coburn's fascinating and incredibly well-researched look at this little-known Nazi breeding program and three women whose lives intersect there. Don't miss this wonderful historical fiction debut!" - Martha Hall Kelly, New York Times bestselling author of *The Lilac Girls* and *Sunflower Sisters*"The hopes and dreams of three women collide in this shocking story about a little-known Nazi breeding home in Bavaria. From International Latino Book Award-winning author Ann Davila Cardinal comes a gorgeously written family saga about a Puerto Rican teenager who finds herself gifted (or cursed?) with a strange ability.

There was always an old woman dying in the back room of her family's house when Isla was a child. . .

Isla Larsen Sanchez's life begins to unravel when her father passes away. Instead of being comforted at home in New Jersey, her mother starts leaving her in Puerto Rico with her grandmother and great-aunt each summer like a piece of forgotten luggage.

When Isla turns eighteen, her grandmother, a great storyteller, dies. It is then that Isla discovers she has a gift passed down through her family's cuentistas. The tales of dead family storytellers are brought back to life, replaying themselves over and over in front of her.

The Banned Bookshop of Maggie Banks

A Novel

by Shauna Robinson

I, Maggie Banks, solemnly swear to uphold the rules of Cobblestone Books. If only, I, Maggie Banks, believed in following the rules.

When Maggie Banks arrives in Bell River to run her best friend's struggling bookstore, she expects to sell bestsellers to her small-town clientele. But running a bookstore in a town with a famously bookish history isn't easy. Bell River's literary society insists on keeping the bookstore stuck in the past, and Maggie is banned from selling anything written this century. So, when a series of mishaps suddenly tip the bookstore toward ruin, Maggie will have to get creative to keep the shop afloat.

And in Maggie's world, book rules are made to be broken.

To help save the store, Maggie starts an underground book club, running a series of events celebrating the books readers actually love. But keeping the club quiet, selling forbidden books, and dodging the literary society is nearly impossible. Especially when Maggie unearths a town secret that could upend everything.

Maggie will have to decide what's more important: the books that formed a small town's history, or the stories poised to change it all.

A Novel

by R.J. Jacobs

For fans of Riley Sager with a classic slasher twist, *Always the First to Die* follows a former horror movie actress as she returns to the set of her most iconic film, only to find that the strange circumstances begin to resemble the plot of her most famous film.

After her husband's death, Lexi has refused to return to the Pinecrest Estate on the Florida Keys, too many hard memories on that strip of land. Memories of meeting her husband on the set of an iconic horror movie. Of being cast as an extra, of watching herself get killed on screen. And of scoffing at the rumors of the Pinecrest Estate curse," until she witnessed a cast member die that very summer. But when her daughter sneaks away to visit her grandfather, legendary horror movie director Rick Plummer, Lexi is forced to face her past. That's when a Category Four hurricane changes course, and hits the southern coast.

Unable to get through to her daughter, Lexi drives to the Keys in the wake of the storm. What she finds is an island without cell service, without power, and with limited police presence. A desolate bit of land, with only a few remaining behind: the horror director, the starlet once cast as the final girl, the young teenager searching for clues of her father, the mother determined to get off the island, and. . . the person picking them off one-by-one.

Soon enough Lexi's life begins to resemble Rick's most famous horror film, and she must risk her life to save her daughter before someone, or something, destroys them all.

The Guest House

A Novel

by Robin Morgan-Bentley

How far would you go to protect the ones you love?

Jamie and Victoria are off for a last quick vacation before the arrival of their first baby. The remote country guesthouse Victoria chose seems like the perfect retreat—miles away from the distractions of work and their regular life. And the older couple that run the establishment, Barry and Fiona, are more than accommodating.

But when Jamie and Victoria awake on their first morning, they find the house deserted. Barry and Fiona are nowhere to be seen. All the doors are locked. And their cell phones and car keys have disappeared.

Even though it's a few weeks before the baby's due date, Victoria feels the contractions starting. The baby is coming. . . and there's no way out.

The Guest House is an unputdownable thriller with an explosive beginning and shocking twists perfect for fans of Lucy Foley and Ruth Ware.

A tense thriller with a tense twist! Morgan-Bentley has hit on a chilling scenario that kept me rapt and tearing through the pages. His writing is vivid and utterly engaging with shrewd character observations that really brought Victoria and Jamie's nightmare to life. The dual timelines ramped up the tension and intrigue, gradually revealing what actually happened and setting the scene for a killer twist. Highly recommended!" - K.L. Slater, author of The Widow"Robin Morgan-Bentley is a master of the reader's comment of, 'I didn't see that coming!'" - Joy Ellis, bestselling author of The Night Thief"A gripping must-read, tightly (...)

Book of Knives

A Novel

by Lise Haines

There are thirteen knives. One by one they begin to disappear

Nora didn't expect Hidden Lake Camp to be in a state of ruin. Dock full of rotten boards, smashed windows, cabins falling apart. To her new husband, Paul, the camp is the past he'd just as soon bury. Nora agreed to drive north with him to get his elderly parents settled while he makes enough repairs to sell the property. Only a few months, Paul said. The summer camp, however, and its deep lake have other plans.

After Nora's first meal with his difficult family, one knife-part of a prized collection-goes missing. By the time the fourth and fifth vanish from behind locked doors and out from under watchful eyes, Nora can barely sleep. There's talk of ghosts, secret rooms and someone at the summer camp found dead in the tall grass.

Unsettling, gripping, and totally original, Book of Knives is a literary thriller that shows how one person's unraveling can bring the whole house down.

"Lise Haines, in Book of Knives, as in all her work, is an astute psychologist, a cool, unsentimental investigator of humans, who often locates the hard truths. In a time of circumspection, her bracing recognition of a more complex human consciousness hits the spot. I admire her work and her sensibility." - Rick Moody, author of Ice Storm and Hotels of North America

The Christmas Murder Game

by Alexandra Benedict

Twelve clues. Twelve keys. Twelve days of Christmas. But how many will die before Twelfth Night?

The annual Christmas Game is afoot at Endgame House, the Armitages' grand family home. This year's prize is to die for—deeds to the house itself—but Lily Armitage has no intention of returning. She hasn't been back to Endgame since her mother died, twenty-one years ago, and she has no intention of claiming the house that haunts her dreams.

Until, that is, she receives a letter from her aunt promising that the game's riddles will give her the keys not only to Endgame, but to its darkest secrets, including the identity of her mother's murderer.

Now, Lily must compete with her estranged cousins for the twelve days of Christmas. The snow is thick, the phone lines are down, and no one is getting in or out. Lily will have to keep her wits about her, because not everyone is playing fair, and there's no telling how many will die before the winner is declared.

Including additional scavenger hunts for the reader, this clever murder mystery is the perfect gift for fans of classic mysteries, festive Christmas books, and armchair detective work.

Laws of Depravity

A Martyr Maker Novel
by Eriq La Salle

From actor, director, producer and award-winning author Eriq La Salle comes the first in a heart-pounding crime thriller series that will leave you on the edge of your seat, frantically questioning the blurred lines between good and evil.

30 years. 36 priests butchered. His bloodiest masterpiece is yet to come.

Every ten years, for the past 30 years, a dozen clergymen are killed, brutally murdered in twisted scenes emulating the deaths of Jesus and his disciples. It is the work of a serial killer known as "The Martyr Maker." And in 2011, he set his mark on New York City.

NYPD detectives Quincy Cavanaugh and Phee Freeman, along with F.B.I. agent Janet Maclin know that they have very little time to catch this monster before he completes his final cycle of killing and disappears forever. But the investigation is made even more difficult when they discover that the seemingly unrelated clergymen are anything but the symbols of godliness they would have their community believe.

Praise for *Laws of Depravity*:

"Laws of Depravity may be the most engrossing book you read this year, bar none."-Lee Ashford, Reader's Favorites

Drive

A Novel
by James Sallis

Much later, as he sat with his back against an inside wall of a Motel 6 just north of Phoenix, watching the pool of blood lap toward him, Driver would wonder whether he had made a terrible mistake. Later still, of course, there'd be no doubt. But for now Driver is, as they say, in the moment. And the moment includes this blood lapping toward him, the pressure of dawn's late light at windows and door, traffic sounds from the interstate nearby, the sound of someone weeping in the next room. . . ."

Thus begins *Drive* by one of the nation's most respected and honored authors. Set mostly in Arizona and L.A., the story is, according to Sallis, "about a guy who does stunt driving for movies by day and drives for criminals at night. In classic noir fashion, he is double-crossed and, though never before has he participated in the violence (I drive. That's all.), he goes after the ones who double-crossed and tried to kill him."

Drive is full of sly humor, poetic details and plenty of rude violence. . . The novel is a terrific ride." - Los Angeles Times "A perfect piece of noir fiction." - New York Times "Sallis's lean mystery and flat-voiced prose are refreshing, even startling. A lovely piece of work." - Washington Post "One stark and stunning tale of murder, treachery, and deceit . . . [Drive] packs a wallop." - Boston Globe "Imagine the heart of Jim Thompson beating in the poetic chest of James Sallis and you'll have some idea of the beauty, sadness and power of Drive. . . [It] has more thought (...)

Author Bio

James Sallis has published fourteen novels, multiple collections of short stories, poems and essays, the definitive biography of Chester Himes, three books of musicology, and a translation of Raymond Queneau's novel *Saint Glinglin*. The film of *Drive* won Best Director award at Cannes; the six Lew Griffin books are in development. Jim plays guitar, banjo, mandolin, fiddle and Dobro both solo and with the band Three-Legged Dog.

Room to Swing

by Ed Lacy, edited by Leslie S. Klinger

"It boiled down to a white cop and black me, and he had the 'difference' in his hand."

Toussaint Moore is a college-educated, decorated war veteran. Because he's also a Black man, his employment options are limited, so he ekes out a living as a private eye serving Black clients in and around Harlem where he lives. When he's hired by producers of a television reality show called "You - Detective!" to keep tabs on the whereabouts of an accused child molester until the episode airs, the gig goes quickly south; Touie finds the man murdered, and himself framed for the deed. Needing to flee, he goes to the small Ohio town where the deceased was wanted for his crime, thinking the key to the murder may lie there. As Virgil Tibbs would experience years later in John Ball's *IN THE HEAT OF THE NIGHT*, Touie encounters a whole new level of resistance and racism as a Black man asking questions in a small-minded, predominantly white town.

As Scott Adlerberg states in his Feb. 2019 article for *Criminal Element*: "What Lacy does in *Room to Swing* is consider a question Walter Mosely would more fully explore years later in his *Easy Rawlins* books. Lacy asks whether a black man (in the late fifties) can go everywhere he needs to, with the freedom his job requires, in order to conduct the investigation necessary to crack a case

What the Ear Hears (and Doesn't)

Inside the Extraordinary Everyday World of Frequency

by Richard Mainwaring

For readers of Neil deGrasse Tyson and Bill O'Neill, *What the Ear Hears (and Doesn't)* is a fascinating science book for adults that explores the physics principle of frequency and the (sometimes weird) role it plays in our everyday lives.

What do the world's loneliest whale, a black hole, and twenty-three people doing Tae Bo all have in common?

In 2011, a skyscraper in South Korea began to shake uncontrollably without warning and was immediately evacuated. Was it an earthquake? An attack? No one seemed quite sure. The actual cause emerged later and is utterly fascinating: Twenty-three middle-aged folks were having a Tae Bo fitness class in the office gym on the twelfth floor. Their beats had inadvertently matched the building's natural frequency, and this coincidence-harnessing a basic principle of physics-caused the building to shake at an alarming rate for ten minutes. Frequency is all around us, but little understood.

Musician, composer, TV presenter, and educator Richard Mainwaring uses the concept of the Infinite Piano to reveal the extraordinary world of frequency in a multitude of arenas—from medicine to religion to the environment to the paranormal—through the universality of music and a range of memorable human (and animal) stories laced with dry humor. Whether you're science curious, musically inclined, or just want to know what a Szechuan pepper has to do with physics, *What the Ear Hears (and Doesn't)* is an immensely enjoyable read filled with "did you know?" trivia you'll love to share with friends.

Author Bio

Richard Mainwaring is a performing musician, composer, TV presenter and educator. He has composed music for Netflix, the BBC, and the International Space Station. He is a classically trained multi-instrumentalist, and has worked with artists as diverse as Hugh Laurie, Larry Adler, Eartha Kitt, Hayley Westenra and Tom Odell. He has also presented over fifty short films for the BBC.
