My Trip through Life with MS

.....
ARDRA SHEPHARD

A memoir based on columnist, fashion-show tv host, podcaster and MS advocate Ardra Shephard's award-winning blog, Tripping on Air.

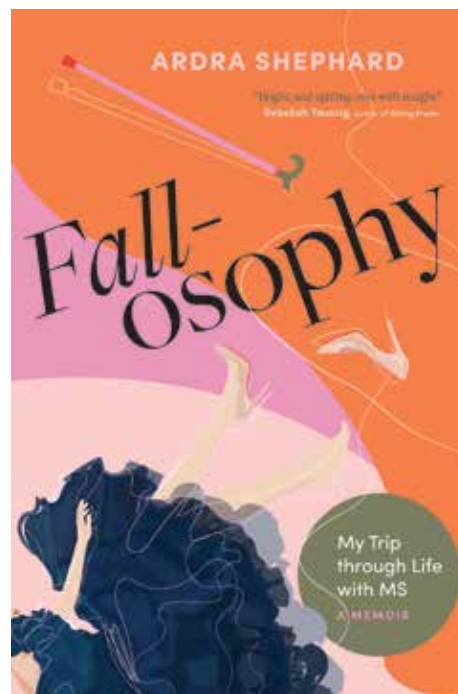

TWENTY-THREE-YEAR-OLD ARDRA SHEPHARD IS sleeping with the wrong guy, living in a crappy apartment, and spending money she doesn't have on designer shoes, boozy brunches and weekends in NYC. She hates her office job, but it pays for the lessons she needs to make it as an opera singer. She isn't thrilled about her current situation, but she isn't panicked. She knows she's got time! Making mistakes while you figure stuff out is what your twenties are all about. But then when a doctor tells Ardra she has MS, those two letters split her life into a Before and After.

While over a million people in Canada and the United States live with Multiple Sclerosis, there is no certainty when it comes to the progression of the disease. By her mid-thirties, Ardra is struggling to walk, and it's terrifying. When she starts using mobility aids, she faces feelings of otherness and not belonging like never before. As Ardra's deepest fears keep coming true, she starts to learn the most important lesson: She's been sold a lie about disability—it isn't a fate worse than death. Having so far survived all of her worst-case scenarios, she begins to realize that a difficult life doesn't have to be a joyless life.

Today, twenty years after her diagnosis, Ardra's journey isn't over. MS will always be a force to be reckoned with, but the woman Ardra is, day after day, is no longer negotiable.

Fallosophy serves up wisdom like a seasoned bartender who's seen it all, and doesn't try to sugarcoat what it's really like to live with a progressive, disabling illness in a world that would rather not build a ramp.

ARDRA SHEPHARD is a writer, consultant, podcaster and speaker whose award-winning blog, *Tripping On Air*, has an international reach and reputation. She is the creator and host of AMI-tv's lifestyle series *Fashion Dis*. Her personal essays and non-fiction work have appeared in *FASHION*, *InStyle*, *Best Health*, *BezzymS* and other magazines and online publications. *Yahoo Lifestyle* reported that “@ms_trippingonair is the number-one chronic illness account to follow on Instagram.” Ardra lives in Toronto, ON.

Restaurant Kid

A Memoir of Family and Belonging

.....
RACHEL PHAN

A warm and poignant narrative about finding one's self amidst the grind of restaurant life, the cross-generational immigrant experience, and a daughter's attempts to connect with parents who have always been just out of reach.

WHEN SHE WAS THREE years old, Rachel Phan met her replacement. Instead of a new sibling, her mother and father's time and attention were suddenly devoted entirely to their new family restaurant. For her parents—whose own families fled China during Japanese occupation and then survived bombs and starvation during the war in Vietnam—it was a dream come true. For Phan, it was something quite different. Overnight, she became a restaurant kid, living on the periphery of her own family and trying her best to stay out of the way.

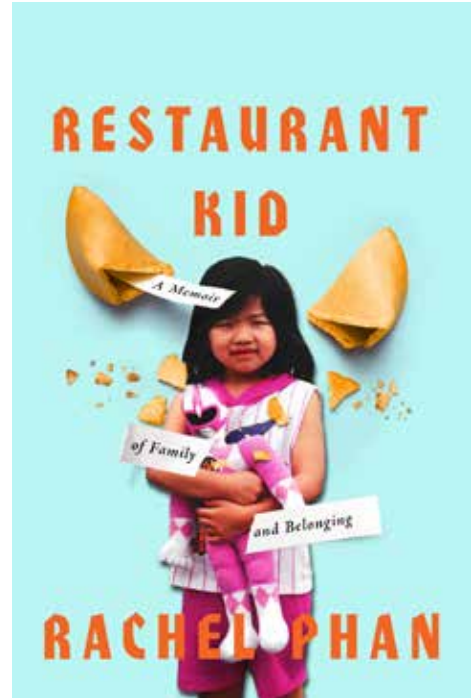

As Phan grew up, the restaurant was the most stalwart and suffocating member of her family. For decades, it's been both their crowning achievement and the origin of so much of their pain and suffering: screaming matches complete with smashed dishes; bodies worn down by long hours and repetitive strain; and tenuous relationships where the family loved one another deeply without ever really knowing each other.

In *Restaurant Kid*, Phan seeks to examine the way her life has been shaped by the rigid boxes placed around her. She had to be a “good daughter,” never asking questions, always being grateful. She had to be a “real Canadian,” watching hockey and speaking English so flawlessly that her tongue has since forgotten how to contort around Cantonese tones. As the only Chinese girl at school, she had to alternate between being the sidekick, geek, or Asian fetish, depending on whose gaze was on her.

Now, three decades after their restaurant first opened, Phan's parents are cautiously talking about retirement. As an adult, Phan's “good daughter” role demands something new of her—and a chance to get to know her parents away from the restaurant.

In *Restaurant Kid*, Phan deftly combines candour, wit and insight to craft a vibrant and important narrative on the strength and foibles of family, and how we come to understand ourselves.

RACHEL PHAN is a Chinese Canadian author who was born and raised in a small town in Southern Ontario, where she was one of only two racialized people in her class. A graduate of Toronto Metropolitan University's Master of Journalism program, she's shared her stories on CBC, *HuffPost*, the *National Post* and *Maclean's*. She now lives in Toronto, ON.

The Microbiome Master Key

Unlock Whole-Body Health and Lifelong Vitality by Harnessing the Microbes Living In, On, and All Around You

.....
B. BRETT FINLAY AND JESSICA M. FINLAY

The key to promoting longer, healthier lives lies within the teeming world of microbes inside and all around us.

HAND SANITIZER. SOCIAL DISTANCING. Antibiotics. Even before the COVID pandemic, fending off germs has long been considered one of the cornerstones of good health. But what if better health actually went hand-in-hand with embracing the invisible microbes living on, in, and all around us?

Our bodies are teeming with microbes. They impact everything from sleep, cognition, mood, heart health, and energy to likelihood of developing dementia, diabetes and some cancers. As groundbreaking new studies are showing, taking care of the microbiome—inside and out—can help improve day-to-day health and even help prevent or reverse some of the most common age-related diseases.

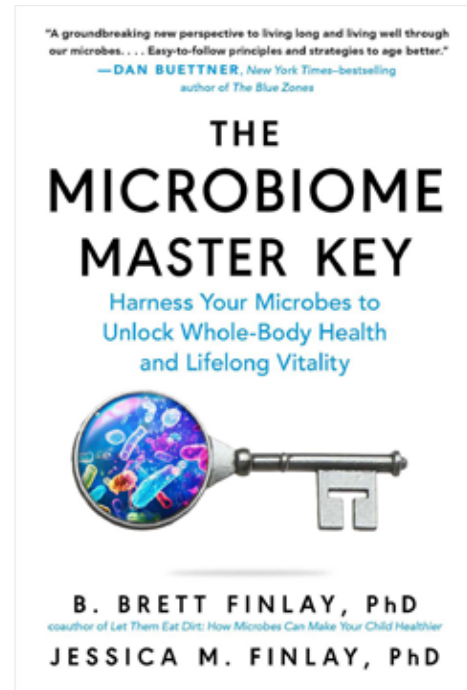

Among scores of insights and highly practical tips, discover:

- How diet, hygiene, exercise habits, stress, environment, and even social life all influence the microbiome and, in turn, your health.
- How microbe-friendly diets have been clinically shown to delay the onset of Parkinson's disease and lower the risk of developing dementia.
- Why women should be especially wary of being over-prescribed antibiotics.
- How to pick a good probiotic—and why many of the brands you see influencers promoting on social media simply don't work.
- How COVID underscored the need for healthy exposure to microbes, what that means in reality, and how to re-embrace microbes in the wake of the pandemic.

In this eye-opening and evidence-based book, father-daughter team Dr. Brett Finlay (a microbiologist) and Dr. Jessica Finlay (a specialist in aging) break down what the latest research says about how the microbiome affects not just gut health, but all aspects of physical and mental well-being—and what readers can do about it.

B. BRETT FINLAY, PhD, is a professor in the Michael Smith Laboratories and at the University of British Columbia. He has been at the forefront of the emerging field of cellular microbiology and is well recognized internationally for his work, having won prestigious awards including the Queen Elizabeth II Diamond Jubilee Medal and Order of Canada. He is a senior fellow and the program director at the Canadian Institute for Advanced Research. He co-wrote *Let Them Eat Dirt: Saving Our Children from an Oversanitized World* (Greystone Books, 2016) and lives in Vancouver, BC.

JESSICA M. FINLAY, PhD, specializes in health geography and environmental gerontology as an Assistant Professor at the University of Colorado. She has won national and international awards for her innovative research with older adults, and authored publications in leading health, geography and gerontology journals. She lives in Boulder, CO.

NEW REVISED EDITION!

Victory Gardens for Bees

A DIY Guide to Saving the Bees

.....
LORI WEIDENHAMMER

This newly revised and expanded edition of the prize-winning Victory Gardens for Bees empowers and inspires gardeners to create beautiful spaces while supporting wild pollinators.

ALTHOUGH BEE POPULATIONS CONTINUE to be threatened by environmental stresses, new sources of hope have appeared in the years since *Victory Gardens for Bees* was first published in 2016. As author Lori Weidenhammer makes clear in her expanded introduction, as well as in fully updated planting charts and descriptions of community projects and online resources, there are more ways than ever to participate in building the much-needed community networks that turn gardens, fields and landscapes into healthy environments for bees. Just as citizens banded together to plant Victory Gardens to offset the perilous food shortages of World War II, collective effort can turn our gardens and communal spaces into lifesaving shelters for these essential creatures.

Through detailed garden plans and planting guides, Weidenhammer shows how bee-friendly plants are easily grown by novices and seasoned gardeners alike, and how they can be used in creative combinations for plots and pots of all sizes.

Victory Gardens for Bees is also buzzing with DIY projects that will provide nesting sites and essential supplies for precious pollinators. With plenty of photographs to help readers identify bees of all stripes, beekeeping tips and other interesting bee-phemera, this book is a must-have for anyone who wants to do their part to save the bees.

LORI WEIDENHAMMER, who also goes by the moniker Madame Beespeaker, is an interdisciplinary artist, activist and author based in Vancouver, BC. As an educator, Weidenhammer engages people of all ages to explore environmental issues related to bees. She speaks on food-security issues and works with community members on a range of subjects, including eating locally and gardening for pollinators. She is originally from a tiny Saskatchewan hamlet called Cactus Lake, which is bordered by wheat fields and wild prairie, and where she first became enchanted with bees. She is a founding member of the Native Bee Society of British Columbia.

Searching for Franklin

New Answers to the Great Arctic Mystery

.....
KEN MCGOOGAN

Arctic historian Ken McGoogan approaches the legacy of nineteenth-century explorer Sir John Franklin from a contemporary perspective and offers a surprising new explanation of an enduring Northern mystery.

TWO OF ARCTIC EXPLORER Sir John Franklin's expeditions were monumental failures—the last one leading to more than a hundred deaths, including his own. Yet many still see the Royal Navy man as a heroic figure who sacrificed himself to discover the Northwest Passage.

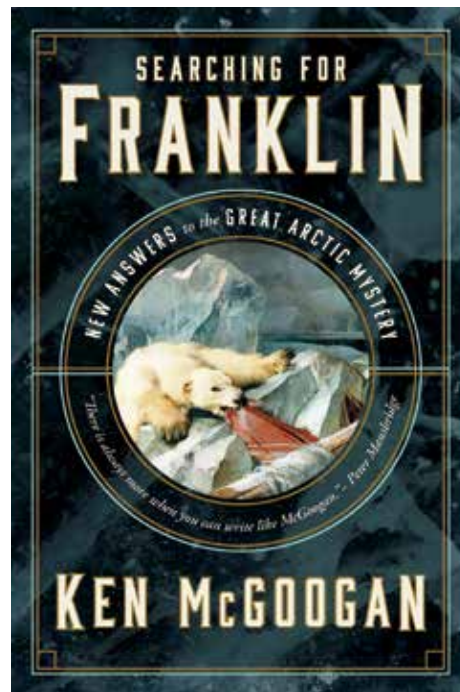

This book, McGoogan's sixth about Arctic exploration, challenges that vision. It rejects old orthodoxies, incorporates the latest discoveries, and interweaves two main narratives. The first treats the Royal Navy's Arctic Overland Expedition of 1819, a harbinger-misadventure during which Franklin rejected the advice of Dene and Métis leaders and lost eleven of his twenty-one men to exhaustion, starvation and murder. The second discovers a startling new answer to that greatest of Arctic mysteries: what was the root cause of the catastrophe that engulfed Franklin's last expedition?

The well-preserved wrecks of *Erebus* and *Terror*—located in 2014 and 2016—promise to yield more clues about what cost the lives of the expedition members, some of whom were reduced to cannibalism. Contemporary researchers, rejecting theories of lead poisoning and botulism, continue to seek conclusive evidence both underwater and on land.

Drawing on his own research and Inuit oral accounts, McGoogan teases out many intriguing aspects of Franklin's expeditions, including the explorer's lethal hubris in ignoring the expert advice of the Dene leader Akaitcho. Franklin disappeared into the Arctic in 1845, yet people remain fascinated with his final doomed voyage: what happened? McGoogan will captivate readers with his first-hand account of travelling to relevant locations, visiting the graves of dead sailors and experiencing the Arctic—one of the most dramatic and challenging landscapes on the planet.

KEN MCGOOGAN is the globe-trotting Canadian author of seventeen books—mostly nonfiction narratives but also novels and memoirs. His bestselling titles include *Searching for Franklin*, *Fatal Passage*, *Lady Franklin's Revenge*, and *Canada's Undeclared War: Fighting Words from the Literary Trenches*. His most recent release, *Shadows of Tyranny: Defending Democracy in an Age of Dictatorship*, explores how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century.

McGoogan's many accolades include the Pierre Berton Award for Popular History and the University of British Columbia Medal for Canadian Biography. A fellow of the Explorers Club and the Royal Canadian Geographical Society, McGoogan sails as a resource historian with Adventure Canada. He was born in Montreal, has lived in towns and cities across the country, and now resides in Guelph, ON.

The Animal People Choose a Leader

RICHARD WAGAMESE, WITH ILLUSTRATIONS BY BRIDGET GEORGE

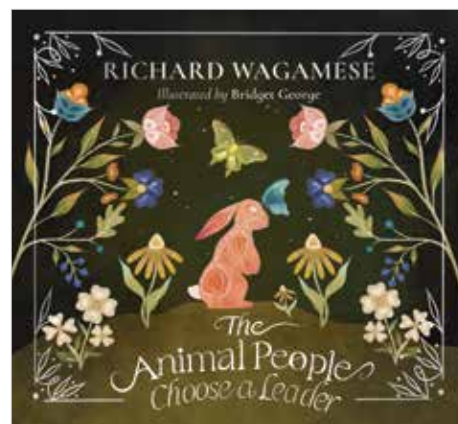

THE UNMISTAKABLE VOICE of revered Ojibway author Richard Wagamese returns with this moving tale, beautifully illustrated by original work from Anishinaabe artist Bridget George.

The story unfolds in a “Long Ago Time” when animals of all kinds share a common language and gather to solemnly consider which of them should be their leader. After hearing boasts about the qualities of the candidates—Horse’s fleetness, Buffalo’s stamina, Cougar’s patience, Wolverine’s stealth—the conference decides to settle the matter with a race between the challengers around a foreboding mountaintop lake. And there will be one more contestant of the most unlikely sort: a small, charmingly humble rabbit named Waabooz, whose chances are considered slim by all.

In the action that follows, described with the piercing clarity and richness of any great legend, Wagamese and George gracefully convey the limits of physical force and the quietly irresistible energies of humility, empathy and a loving attachment to the land. Unforgettable for its lyrical power and poignant message, *The Animal People Choose a Leader* is yet another example of the late author’s unique gifts as a storyteller, and a welcome reminder of his honoured place in Canadian writing.

Beast

A Novel

RICHARD VAN CAMP

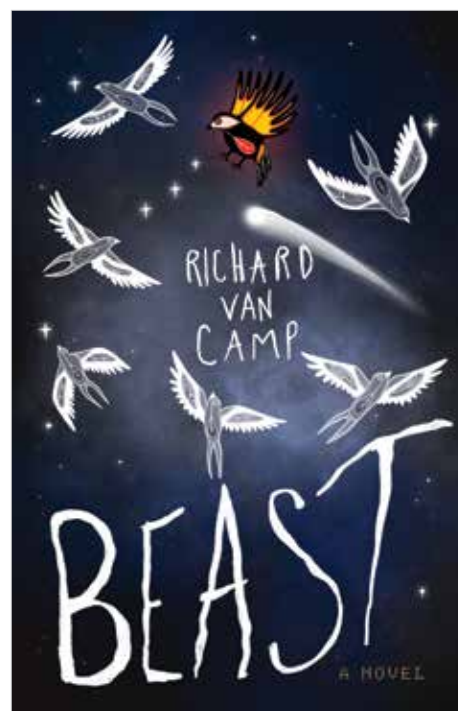

FOR AS LONG as Lawson can remember, his life in a small Northwest Territories town has revolved around “the Treaty” between the Dogrib and the Chipewyan, set down centuries ago to prevent the return of bloody warfare between the two peoples.

On the Dogrib side, Lawson and his family have done their best to keep the pact alive with the neighbouring Cranes, a family with ancestral ties to a revered Chipewyan war chief. But even as Lawson and his father dutifully tidy the Cranes’ property as an act of respect, their counterparts offer little more than scowls and derision in return, despite the fact that both families are responsible for protecting the treaty.

Worse still, it seems that one of the Cranes’ boys is doing all he can to revive the old conflict: Silver, fresh out of jail, has placed himself in the service of a cruel, ghoulish spirit bent on destroying the peace. Now it’s up to Isaiah Valentine, a Cree Grass Dancer, Shari Burns, a Metis psychic, and Lawson Sauron, a Dogrib Yabati—or protector—to face what Silver Cranes has called back.

This latest feat of storytelling magic by celebrated author Richard Van Camp blends sharply observed realism and hair-raising horror as it plays out against a 1980s-era backdrop replete with Platinum Blonde songs and episodes of *Degrassi Junior High*. Unfolding in the fictional town of Fort Simmer—the setting of previous Van Camp stories—*Beast* delivers a gripping, spirited tale that pits the powers of tradition against the pull of a vengeful past.

The Wedding

A Novel

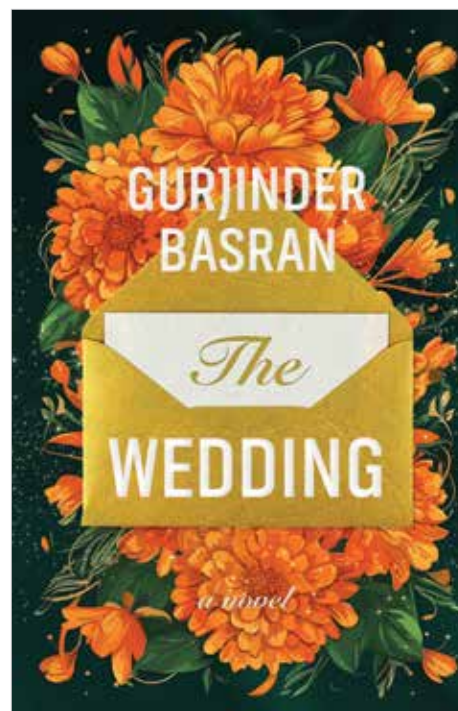

GURJINDER BASRAN

INTERWEAVING THEMES OF identity, culture clashes, and the immigrant experience as found in *The Namesake* by Jhumpa Lahiri with the exuberance and sharp humour of Kevin Kwan's *Crazy Rich Asians*, Gurjinder Basran delivers a wide-ranging but intimate portrait of a vibrant, complex Sikh community.

Set in Vancouver and Surrey, BC, *The Wedding* exposes the inner lives of the wedding party, guests and event staff in the lead-up to a lavish wedding. This novel, centered around the impending marriage of Devi and Baby, illustrates the union of two people, two families and all the ways in which an entire community bears witness, ensnares and uplifts itself.

Like all great Bollywood films, *The Wedding* is rife with family drama, steeped in tradition and an ode to love in all its forms. With humour, nuance and honesty, *The Wedding* spills the chai—exploring desire and expectation, suffering and judgment, class and race—all in search of a happy enough ever after.

Just Say Yes

A Memoir

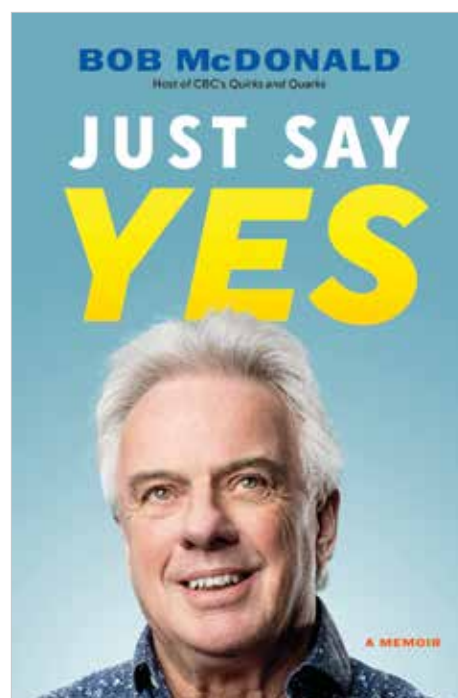

BOB McDONALD

REVERED SCIENCE REPORTER and radio host Bob McDonald has devoted his career to turning our attention away from everyday perspectives and outward to the vast, intricate wonders of our planet and universe. Now, in this revealing and captivating memoir, he looks within, offering an intimate view of the path that brought him from a blue-collar background to his long-standing role as Canada's foremost explainer of all things scientific.

It's an engrossing and often jubilant story that allows McDonald to share powerful insights on overcoming fear of failure and tackling life-transforming challenges. Early on, he describes a childhood and youth plagued by difficulties in school that eventually convinced him to drop out of university. Yet, despite the academic obstacles, his love of science burned bright. Soon, through an innate stage sense and sheer enthusiasm, he landed a gig doing high-spirited demonstrations for the public at the Ontario Science Centre, which in turn led to self-produced tv spots.

And as each hard-won, never-certain success built on the last, he arrived at the role that would make him a national figure: the witty, engaging, passionately curious host of the perennially popular CBC Radio show *Quirks and Quarks*, reporting from the frontiers of scientific exploration and rubbing elbows with such luminaries as Chris Hadfield, Buzz Aldrin and Stephen Hawking. Told with all of McDonald's trademark pace and humour, *Just Say Yes* is bound to please, surprise and inspire his numerous fans in entirely new ways.

Shadows of Tyranny

Defending Democracy in an Age of Dictatorship

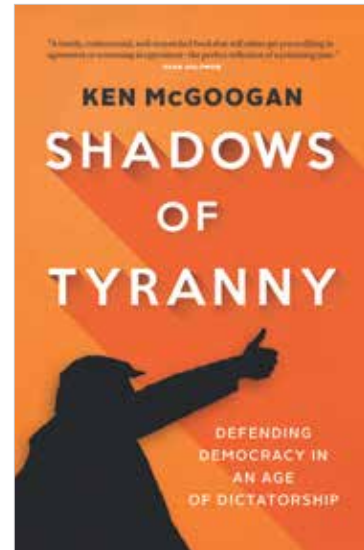

KEN MCGOOGAN

SHADOWS OF TYRANNY shows how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century. McGoogan traces the ways democracy succumbed to paranoia, polarization, scapegoating and demagoguery less than a hundred years ago; these same forces, he argues, are now driving a far-right movement in the United States that seems devoted to using Trump's warped charisma as a "wrecking ball" to clear the way for autocracy closely resembling the dictatorships that stoked the Second World War.

With this prospect, McGoogan's central questions become all the more pressing: How should Canadians respond, officially and individually, to the possibility of democratic collapse in our powerful neighbour to the south? Is talk of manifest destiny from right-wing American firebrands like Tucker Carlson just chatter for the sake of notoriety? Or is it a hint of the expansionist urges that always lie at the heart of authoritarianism, and that may one day point the American military machine in our direction on the pretext of "liberating" us?

Shadows of Tyranny offers a galvanizing image of a dark possible future, as well as an urgent call to act in the belief that we still have the time and ability to ward it off.

Dear Da-Lê

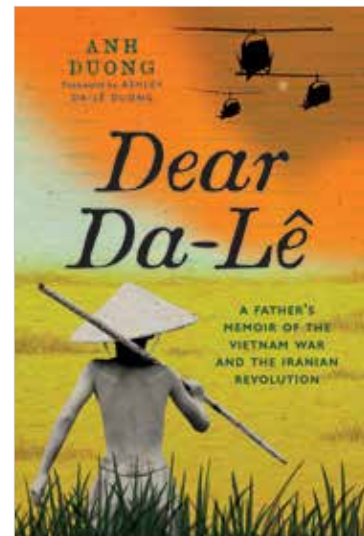

A Father's Memoir of the Vietnam War and the Iranian Revolution

ANH DUONG, WITH A FOREWORD BY ASHLEY DA-LÊ DUONG

SPANNING DECADES AND generations, this heartfelt memoir began as a series of letters from a worried father. Anh Duong had witnessed terrible things as a child during the Vietnam War, and later as a refugee in Iran during the revolution of the late 1970s. But like many in the Vietnamese diaspora, he had remained silent about his experiences, believing that trauma was better left unspoken. However, when his daughter became involved in student protests, Duong felt compelled to speak about his own experience of uprisings.

In precise prose, *Dear Da-Lê* moves along a taut narrative thread that begins with Duong's birth in 1953 and ends with his arrival, frayed and broke, in Canada in 1980. With surprising moments of hope and tenderness amid brutal divisions, the author creates a coming-of-age story intertwined with the human costs of war and exile. Its revelations are sure to resonate not only with the generation born to refugees of the Vietnam War, but with anyone seeking to understand the lasting, often hidden torments of violent conflict and the healing that can take place in the act of telling.

Climate Hope

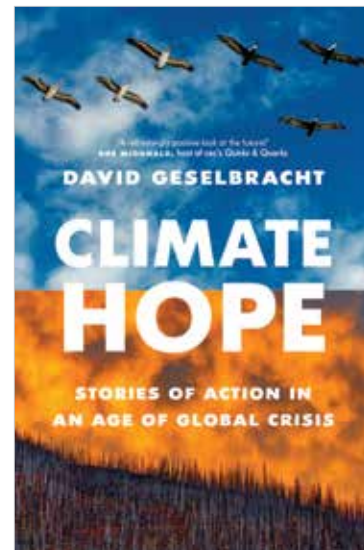

Stories of Action in an Age of Global Crisis

DAVID GESELBRACHT

CLIMATE CHANGE is a problem so enormous and complex that many of us fend off confusion and hopelessness by simply turning away. There are jobs to do, children to raise, bills to pay. Meanwhile, a notion that the crisis is intractable continues to spread. And the proposed solutions can be just as daunting. They often involve jargon about gigatons of carbon and kilowatt-hours of electricity. In a deeply polarized political environment, any sense of the common purpose required to make these work seems to dissolve into denial or paralysis. The question must be asked: How do we find the tools and—equally important—the hope we need to tackle such a wickedly difficult issue?

David Geselbracht blends in-depth research, expert interviews and on-the-ground reporting in multiple countries, revealing remarkable efforts to identify the causes and impacts of climate change—and devise crucial ways to address them. Geselbracht brings the reader to the chaotic 2021 UN Climate Change Conference in Glasgow, as well as to giant heating ducts below the city of Copenhagen and to wildfire-scorched landscapes in Western Canada, to name just a few sites. He shares stories of hope, awe and wonder that encourage us to confront this long-term, world-warping phenomenon with a renewed sense of purpose and possibility.

Poutine

A Deep-Fried Road Trip of Discovery

JUSTIN GIOVANNETTI LAMOTHE

THE RECIPE IS deceptively simple—fried potatoes, cheese curds, gravy—but the story behind it is as rich and complex as Canada itself. Poutine is the closest thing we have to a national dish. As its popularity has spread across the country and beyond, it has become what the baguette is to France: a kind of national symbol, as immediately Canadian as the toque, beaver or hockey puck.

Yet the odd, winding history of poutine has never been written—until now. Following lore about the dish's rise from the road-side chip wagons of rural Quebec, award-winning journalist Justin Giovannetti Lamothe tells a story that mirrors the growth of modern Canada and the shifting cultural gap between La Belle Province and its English-speaking neighbours. As the son of an anglophone mother and a francophone father, Giovannetti Lamothe is perfectly suited to the task: much of his childhood was spent on the outskirts of Trois-Rivières, a stone's throw from the region where—according to local lore—poutine was invented sometime in the 1950s or '60s. As he tracks poutine's origins and wanderings, he also reveals the evolving nature of his relationship to his father and, with this, to the Québécois heritage he once drifted away from.

Quest for Speed

A History of Trains from Rocket to Bullet and Beyond

DEREK HAYES

THIS IS A journey through time that criss-crosses the world, investigating trains that were considered high-speed back in their day. Focused at first in Britain, the birthplace of the railway, the book covers developments in the nineteenth and twentieth centuries across Europe. This includes the French TGV, which was inspired by the early Japanese Bullet Train and is credited with kick-starting the modern rise of the high-speed train in the West. American and Canadian trains from the 1930s also feature in the book, including awe-inspiring steam monsters but also the svelte diesel rail cars that revolutionized rail travel before World War Two. The book documents the many attempts at higher speeds since then, which generally did not achieve the ultra-high speeds that have become the norm in some parts of the world today. From steam to diesel to gas turbines to electric, it's all covered, including significant, recent innovations such as driverless trains and maglevs (magnetic levitation trains) on conventional track, which may well be the way of the future.

Westviking

The Ancient Norse in Greenland and North America

FARLEY MOWAT

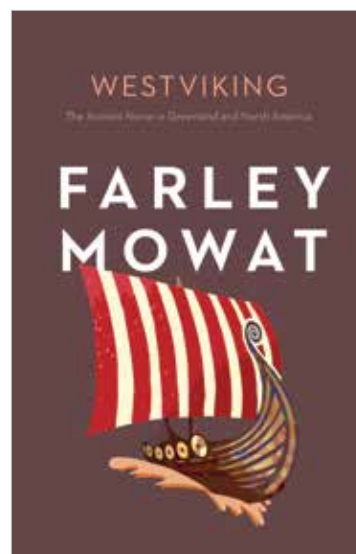

THE VIKING SAGAS speak of a land called Vinland, a place of abundant resources and possibilities. Nearly a thousand years after the events those tales describe, Farley Mowat sets out to decipher these ancient accounts and trace their path along the rugged coastlines of the North Atlantic.

In this celebrated classic first published in 1965, Mowat's immersive storytelling brings Viking culture to life as he tells the story of Viking settlement in Vinland—now thought to include areas of Newfoundland and New Brunswick—five hundred years before Christopher Columbus and John Cabot.

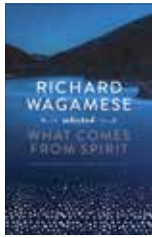

With the vivid prose that made him a bestselling author and beloved storyteller, Mowat follows the stories of Norsemen like Erik the Red, Leif Erikson, Bjarni Herjolfsson and Thorfinn Karlsefni, unravelling their struggles and triumphs as they set sail for the uncharted waters of the New World—then face the challenges of a new and unfamiliar land.

Meticulously researched and grippingly told, Mowat infuses his own adventurous spirit into the little-known story of the Viking culture that once took hold on the edges of North America.
