Plastic Planet

How to Cut Out Plastic and Live an Earth-Friendlier Existence
by Lonely Planet

Look around you-plastic is everywhere! It's in your shoes, pens, toothbrush, car, toys, TV, water bottles, food packaging. . . It's almost impossible to get through one day without using it. And it's creating major problems for our world, our oceans, our animals and marine life, and ourselves.

In *Plastic Planet*, from the team that brought you *101 Small Ways to Save the World*, you'll learn how to become a 'plastic patroller' instead of a plastic polluter by learning about the easy ways you can cut plastic out of your life. The simple actions found in this practical guide will help you protect our world and inspire your friends and family to do the same. Tips include:

- Pack a zero waste travel kit to help your family reduce its rubbish on trips
- Take better care of your clothes, swap items with friends, and get excited about hand-me-downs
- Switch your toothpaste for natural tooth powders and choose an electric, non-throwaway toothbrush
- Take your lunch to school in a reusable container and bring reusable cutlery
- Reduce the amount of things you buy, reuse what you have, and recycle what you no longer need
- Take reusable bags to the supermarket or with you when you go shopping
- Think twice about single-use bottled water and fruit juices

As a future guardian of the planet, you can say no to plastic. Your actions, however small, can make a big difference every day.

Are you up to the challenge?

Build Your Own History Museum 5 Amazing Pop-Ups To Make and Display by Lonely Planet

Calling all archaeologists!

A crate has arrived for you and it's packed with treasures from the ancient world! Can you assemble them and assign each to the right room in time for the museum's big opening? Among the treasures to display are an Egyptian sarcophagus, a Greek temple and a Chinese Terracotta Army.

Fun, interactive and with lots of facts to discover, Lonely Planet Kids' *Build Your Own History Museum* is a hands-on way to learn about ancient people, cultures and traditions. It's packed with amazing facts and awesome illustrations that reveal how people all over the world once lived and worked. Perfect for history fans of all ages, this follow-up to *Build Your Own Dinosaur Museum* features the ancient civilizations Mesopotamia, the Indus Valley, Egypt, Greece, China, Rome, the Maya, and the Vikings.
