Time to Roar

by Olivia A. Cole, illustrated by Jessica Gibson

This powerful picture book shows the importance of raising your own strong voice to defend what you love.

Sasha the bear loves the meadow in her forest more than anything. But when great yellow beasts threaten to cut and burn the forest, Sasha and the other animals must find a way to stop them.

Don't go roaring," squirrel tells Sasha. The bird tries singing sweetly. The rabbit tries thumping to distract them. The deer tries running to lead them away. But none of these things stop the machines. Must they all run and hide? Sasha the bear knows they need something louder, something bigger, something more powerful. And Sasha knows her voice - her *roar* - is the most powerful tool she has.

Olivia A. Cole's deceptively simple text and Jessica Gibson's vibrant art celebrate the power of learning to raise your own strong voice to defend what you love. Because sometimes you must be a bear. Sometimes you must *roar*.

The Song for Everyone

by Lucy Morris

This stunningly illustrated picture book debut about the power of music to transform hearts and minds will be an instant classic.

A cat, a boy, an elderly woman, and a line of students may appear to have little in common, but when they pass under the same window, each are swept up and transformed in different ways by the magical music that streams toward them and buoys their weary spirits. But one day, the music stops, and the town must work together to save the music that they grew to love.

The Song for Everyone is a stunning allegory for the emotional complexities we carry within us, the universally soothing effects of music, and the importance of community. Timeless and comforting, this picture book is one to read again and again.

Author Bio

Lucy Morris is based in Norfolk, UK, has an MA in Children's Book Illustration at Anglia Ruskin in Cambridge and a Degree in Fine Art Painting from Brighton University. While this is her first picture book, she has been an artist all her life.

The Monster Who Wasn't

by T C Shelley

Should appeal to readers who enjoy the Captain Underpants and Wimpy Kid series." - School Library Connection on Kid Normal

Since becoming Kid Normal, Murph Cooper and the Super Zeroes - fellow students with arguably less-than-useful talents like the ability to conjure tiny horses from thin air - have been catching bad guys all over the place. But being a hero isn't easy, especially when you can't tell anyone about your epic adventures and your classmates still don't believe you've got what it takes. And then, far away in a top-secret prison, the world's most feared supervillain breaks his thirty-year silence. His first words? "Bring Kid Normal to me!" This supervillain was responsible for stealing the powers from some of the greatest Heroes Alliance members of all time. Does Murph have what it takes to bring him down?

With black-and-white illustrations throughout, this laugh-out-loud story proves that heroes come in all shapes and sizes.

The Torchbearers

by Ally Condie and Brendan Reichs

"This book left me breathless!" - R. L. Stine, #1 *New York Times* bestselling author of *Goosebumps* and *Fear Street*, on *The Darkdeep*

"Everything you could want in a series." - Soman Chainani, *New York Times* bestselling author of *The School for Good and Evil*, on *The Beast*

The blockbuster middle-grade series by *New York Times* bestselling authors Ally Condie and Brendan continues in this edge-of-your-seat adventure that's *Stranger Things* meets *The Goonies*.

After the events of *Dark Halloween*, the town of Timbers is in a full-blown monster panic, making life for the Torchbearers - Opal, Nico, Tyler, Emma, and Logan - extremely difficult. Nico is investigating the Rift and the strange natural phenomena that continue to occur, all while worrying about his dad's potential work transfer. Opal has her hands full researching the founding Torchbearer, Yvette Dumont, and deciphering clues from another realm sent by the mysterious Thing In a Jar. Emma's wildly popular YouTube show has brought her new-found fame, but also earned her some enemies. Logan is trying to unlock secrets in his own family history that might shed light on how the Torchbearer Order began, while Tyler, as the self-proclaimed Beastmaster strives to commune with - and not be eaten by - the mercurial and deadly alien sea creature living in Still Cove.

But that's not all. Something cryptic has surfaced from within (...)

The Beast

by Ally Condie and Brendan Reichs

Thrilling, intense, with pulse-pounding chills . . . Everything you could want in a series." - Soman Chainani, *New York Times* bestselling author of *The School for Good and Evil*

New York Times bestselling authors Ally Condie and Brendan Reichs co-author another edge-of-your-seat adventure in this darkly suspenseful middle grade series.

Nico, Opal, Tyler, Emma, and Logan survived their worst fears come to life, and saved their tiny Pacific Northwest town of Timbers from a monstrous figment invasion. Now they just want to keep their heads down, enjoy Halloween, and explore the secrets of their mysterious houseboat clubhouse. And also figure out their new Torchbearer responsibilities as keepers of the Darkdeep, an ancient whirlpool hidden in Still Cove that can make both dreams and nightmares into reality.

But when a dangerous new breed of figments starts appearing on their own, and the very environment around them begins to spiral out of control, the friends realize they have no idea what they are doing - or how they're supposed to restrain the Darkdeep. They must uncover the pool's origins, as well as those of the freaky Thing in a Jar, a seemingly lifeless green creature Opal believes is communicating with her. To make matters worse, a trashy YouTube series has rolled into town intent on finding the Beast, the legendary local sea monster suddenly stirring up the countryside.

As threats rapidly close in around them, the friends must fight to protect their secrets, defeat new enemies, and save Timbers and all that they love.

When Revver finally gets the chance to sneak out to the track, he finds that becoming part of the pit crew is more difficult than he expected. Some Places More Than Others

by Renee Watson

From Newbery Honor- and Coretta Scott King Author Award-winning, *New York Times* bestselling author Renee Watson comes a heartwarming and inspiring middle-grade novel about finding deep roots and exploring the past, the present, and the places that make us who we are.

All Amara wants for her birthday is to visit her father's family in New York City - Harlem, to be exact. She can't wait to finally meet her Grandpa Earl and cousins in person, and to stay in the brownstone where her father grew up. Maybe this will help her understand her family - and herself - in new way. But New York City is not exactly what Amara thought it would be. It's crowded, with confusing subways, suffocating sidewalks, and her father is too busy with work to spend time with her and too angry to spend time with Grandpa Earl. As she explores, asks questions, and learns more and more about Harlem and about her father and his family history, she realizes how, in some ways more than others, she connects with him, her home, and her family.

Determined to prevent a war and bring Alex back to her side, Faryn and her half-dragon friend Ren join the New Order, a group of warriors based out of Manhattan's Chinatown. She learns that one weapon can stand against Fenghuang - the Ruyi Jingu Bang. Only problem? It belongs to an infamous trickster, the Monkey King.

The Lemon Tree (Young Readers' Edition)

An Arab, A Jew, and the Heart of the Middle East

by Sandy Tolan

A middle grade adaptation of the award-winning adult book about a human story behind conflict in the Middle East.

In 1967, Bashir Khairi, a twenty-five-year-old Palestinian, journeyed to Israel with the goal of seeing the beloved stone house with the lemon tree behind it that he and his family had fled nineteen years earlier. To his surprise, when he found the house he was greeted by Dalia Eshkenazi Landau, a nineteen-year-old Israeli college student, whose family fled Europe for Israel following the Holocaust. On the stoop of their shared home, Dalia and Bashir began a rare friendship, forged in the aftermath of war and tested over the next half century in ways that neither could imagine on that summer day in 1967. Sandy Tolan brings the Israeli-Palestinian conflict down to its most human level, demonstrating that even amid the bleakest political realities there exist stories of hope and transformation.

Sandy Tolan is the author of *Me & Hank: A Boy and His Hero, Twenty-five Years Later*. He has written for the *New York Times Magazine* and for more than 40 other magazines and newspapers. Power of a Princess

by E.D. Baker

From beloved author E.D. Baker, an adventurous tale about a princess who is more than what she seems - and a kingdom whose fate rests in her hands.

Aislin is more than just a princess. Born to a fairy king and pedrasi queen, she's strong, smart, and brave, with magical gifts she's only beginning to discover. Aislin has spent her whole life keeping her family's gifts hidden from the non-magic folk who surround her kingdom, and is shocked to find out the humans knew about these enchantments all along. But when the fairies decide to move back onto human territory, it soon becomes clear that some will not be happy about this change.

As she sets out to restore the balance, Aislin chooses a surprising group of young women to join her - girls she knows are brave and loyal, but who don't have the qualities of typical guards or princess confidantes. Things only get more complicated when an old foe appears, surely up to no good. The princess knows she has the power and ingenuity to stand up for herself and her kingdom, especially with her friends by her side - will that be enough to set things right?

E. D. Baker is the author of many beloved books for young readers, including *The Frog Princess*, which was the inspiration for Disney's *The Princess and the Frog*. A classic and original fairy tale that celebrates goodness in all shapes and sizes, *More than a Princess* will resonate with readers who love magic, suspense, girl power, and adventure.

by Stephanie Burgis

Princess Sofia of Drachenheim is sick of being used for her older sister's political gains. At twelve years old, she's already been a hostage to invading dragons and promised to marry a wicked fairy. Now she's being sent to far-off Villene to play the part of a charming, diplomatic princess. Her only comfort lies in writing letters to her pen pal and best friend - Jasper, a young dragon she's never even met.

But when an accident leads to her exile from Villene, Sofia is free to wander as she pleases for the first time in her life. And when Jasper's magical sister Aventurine turns him into a human boy, Sofia thinks life can't get any better. Until . . . the legendary ice giants of the north attack, trying to reclaim the territory that was theirs centuries ago. With the dragons and royals frozen in ice, can Sofia and Jasper save their families and kingdom?

With another strong heroine and plenty of action, this is an enchanting and strong-hearted fantasy set in the same world as *The Dragon with a Chocolate Heart* and *The Girl with the Dragon Heart* .

Ellie, Engineer: In the Spotlight

by Jackson Pearce

Ellie enters a pageant with her best friend Kit, which means lots of glitter, hairspray, and chances to make new friends. After all, Ellie has lots of engineering ideas to help the other girls with their talents, like building a light-up skateboard ramp for Kit!

But one contestant, Kit's not-so-nice pageant rival Melody, makes fun of Ellie's tool belt and thinks engineering is messy. And when Melody's rabbit - part of her magic act - goes missing, Ellie knows that she can build a contraption to catch him. But Melody's comments have made Ellie start to doubt herself - what if a pageant isn't a place for engineering?

With Ellie's designs and sketches throughout, and her fun guide to electricity and circuits in the back, the continuation of this delightful series will leave young readers laughing and inspired to create.

Look out, Junie B. Jones! Ellie the engineer is thinking, making, creating, and showing enthusiasm and brilliance with her creations!" - *School Library Connection on ELLIE, ENGINEER*

"Charming. . . . In addition to spotlighting engineering, the narrative contains strong themes of friendship and working together toward a common goal." - *School Library Journal on ELLIE, ENGINEER*

"Pearce emphasizes Ellie's persistence and individuality. . . . Mourning's notebook-style images help give a sense of how Ellie's brain works." - *Publishers Weekly on ELLIE, ENGINEER*

"Explicitly rejects the idea that activities and objects are gendered (e.g., boys and girls can both like engineering and tea parties). . . . A spirited, duplicable depiction of STEM fun." - *Kirkus Reviews on ELLIE, ENGINEER*

Never Look Back

by Lilliam Rivera

Expertly blends reality and fantasy to explore what's behind love and loss, what it takes to heal." - Randy Ribay, author of National Book Award finalist *Patron Saints of Nothing*

Acclaimed author Lilliam Rivera blends a touch of magical realism into a timely story about cultural identity, overcoming trauma, and the power of first love.

Eury comes to the Bronx as a girl haunted. Haunted by losing everything in Hurricane Maria - and by an evil spirit, Ato. She fully expects the tragedy that befell her and her family in Puerto Rico to catch up with her in New York. Yet, for a time, she can almost set this fear aside, because there's this boy . . . Pheus is a golden-voiced, bachata-singing charmer, ready to spend the summer on the beach with his friends, serenading his on-again, off-again flame. That changes when he meets Eury. All he wants is to put a smile on her face and fight off her demons. But some dangers are too powerful for even the strongest love, and as the world threatens to tear them apart, Eury and Pheus must fight for each other and their lives.

Featuring contemporary Afro-Latinx characters, this retelling of the Greek myth Orpheus and Eurydice is perfect for fans of Ibi Zoboi's *Pride* and Daniel Jose Older's *Shadowshaper*.

"

A revitalized and layered retelling that expertly blends reality and fantasy to explore what's behind love and loss, what it takes to heal." - *Randy Ribay, author of National Book Award Finalist PATRON SAINTS(...)*

Author Bio

Lilliam Rivera is an award-winning writer and author of the young adult novels *Dealing in Dreams* and *The Education of Margot Sanchez*.
