When Harry Met Minnie

A True Story of Love and Friendship

by Martha Teichner

There are true fairy tales. Stories that exist because impossible-to-explain coincidences change everything. Except in real life, not all of them have conventional, happily-ever-after endings. When Harry Met Minnie is that kind of fairy tale, with the vibrant, romantic New York City backdrop of its namesake, the movie When Harry Met Sally, and the bittersweet wisdom of Tuesdays with Morrie.

There's a special camaraderie among early-morning dog walkers. Gathering at dog runs in the park, or strolling through the farmer's market at Union Square before the bustling crowd appears, fellow pet owners become familiar—as do the personalities of their beloved animals. In this special space and time, a chance encounter with an old acquaintance changed Martha Teichner's world. As fate would have it, her friend knew someone who was dying of cancer, from exposure to toxins after 9/11, and desperate to find a home for her dog, Harry. He was a Bull Terrier - the same breed as Martha's dear Minnie. Would Martha consider giving Harry a safe, loving new home?

In short order, boy dog meets girl dog, the fairy tale part of this story. But there is so much more to this book. After Martha agrees to meet Harry and his owner Carol, what begins as a transaction involving a dog becomes a deep and meaningful friendship between two women with complicated lives and a love of Bull Terriers in common. Through the heartbreak and grief of Carol's illness, the bond that develops changed Martha's life, Carol's life, Minnie's life, Harry's life. As it changed Carol's death (...)

Author Bio

Martha Teichner has been a correspondent for "CBS Sunday Morning" since December 1993, where she's equally adept at covering major breaking national and international news stories as she is handling in-depth cultural and arts topics. Since joining CBS News in 1977, Teichner has earned multiple national awards for her original reporting, including 11 Emmy Awards and five James Beard Foundation Awards. Teichner was also part of the team coverage of the Newtown, Conn., elementary school shooting which earned CBS News a 2014 duPont-Columbia Award. Teichner was born in Traverse City, Mich. She graduated from Wellesley College in 1969 with a bachelor's degree in economics. She attended the University of Chicago's Graduate School of Business Administration. Teichner resides in New York City.

The Genome Odyssey

Medical Mysteries and the Incredible Quest to Solve Them
by Euan Angus Ashley

In *The Genome Odyssey*, Dr. Euan Ashley, Stanford professor of medicine and genetics, brings the breakthroughs of precision medicine to vivid life through the real diagnostic journeys of his patients and the tireless efforts of his fellow doctors and scientists as they hunt to prevent, predict, and beat disease.

Since the Human Genome Project was completed in 2003, the price of genome sequencing has dropped at a staggering rate. It's as if the price of a Ferrari went from \$350,000 to a mere forty cents. Through breakthroughs made by Dr. Ashley's team at Stanford and other dedicated groups around the world, analyzing the human genome has decreased from a heroic multibillion dollar effort to a single clinical test costing less than \$1,000.

For the first time we have within our grasp the ability to predict our genetic future, to diagnose and prevent disease before it begins, and to decode what it really means to be human.

In *The Genome Odyssey*, Dr. Ashley details the medicine behind genome sequencing with clarity and accessibility. More than that, with passion for his subject and compassion for his patients, he introduces readers to the dynamic group of researchers and doctor detectives who hunt for answers, and to the pioneering patients who open up their lives to the medical community during their search for diagnoses and cures.

He describes how he led the team that was the first to analyze and interpret a complete human genome, how they broke genome speed records to diagnose and treat a newborn baby girl whose heart stopped five times on the first day (...)

Author Bio

Euan Ashley is a Professor of Medicine and Genetics at Stanford University. He was born in Scotland and graduated from the University of Glasgow. He attended Oxford University, completing a PhD there before moving to Stanford University where he trained in Cardiology. He joined the Stanford faculty, where he led the team that carried out the first medical interpretation of a human genome. Ashley has received awards from the National Institutes of Health and the American Heart Association. He was recognized by the Obama White House and received the Medal of Honor from the American Heart Association.

His articles have appeared in the many journals, including *Lancet*, *The New*

Last Call

A True Story of Love, Lust, and Murder in Queer New York
by Elon Green

The Townhouse Bar, midtown, July 1992: The piano player seems to know every song ever written, the crowd belts out the lyrics to their favorites, and a man standing nearby is drinking a Scotch and water. The man strikes the piano player as forgettable.

He looks bland and inconspicuous. Not at all what you think a serial killer looks like. But that's what he is, and tonight, he has his sights set on a gray haired man. He will not be his first victim.

Nor will he be his last.

The Last Call Killer preyed upon gay men in New York in the '80s and '90s and had all the hallmarks of the most notorious serial killers. Yet because of the sexuality of his victims, the skyhigh murder rates, and the AIDS epidemic, his murders have been almost entirely forgotten.

This gripping true-crime narrative tells the story of the Last Call Killer and the decades-long chase to find him. And at the same time, it paints a portrait of his victims and a vibrant community navigating threat and resilience.

In this astonishing and powerful work of nonfiction, Green meticulously reports on a series of baffling and brutal crimes targeting gay men. It is an investigation filled with twists and turns, but this is much (...)

Author Bio

Elon Green has written for The New York Times Magazine, The Atlantic, The New Yorker, and The Columbia Journalism Review, and appears in Sarah Weinman's forthcoming anthology of true crime. He has been an editor at Longform for nearly a decade. He lives in Port Washington, New York.

Love People Use Things

Because the Opposite Never Works

by Ryan Nicodemus and Joshua Fields Millburn

Imagine your life a year from now. Five years from now. What will it look like? Imagine a life with less: less stuff, less clutter, less stress and debt and discontent - a life with fewer distractions. Now, imagine a life with more: more time, more meaningful relationships, more growth and contribution and contentment - a life of passion, unencumbered by the trappings of the chaotic world around you. What you're imagining is an intentional life. And to get there, you might have to let go of some stuff that's in the way.

In *Love People Use Things*, Joshua Fields Millburn and Ryan Nicodemus use their own experiences - and those of the people they have met along the minimalist journey - to provide a template for how to live a fuller, more meaningful life. They do this by examining the seven essential relationships - truth, stuff, self, money, values, creativity, and people - that make us who we are. These relationships criss-cross our lives in unexpected ways, providing destructive patterns that frequently repeat themselves, too often left unexamined because we have buried them beneath materialistic clutter while trying to impress people we don't even know. Confronted and explored, *The Minimalists* have the tools to help in the fight against consumerism, clearing the clutter to make room for what's truly important.

It all starts with one simple question: How might your life be better with less?

Author Bio

Joshua Fields Millburn and Ryan Nicodemus, known to their audience as *The Minimalists*, help more than 20 million people live meaningful lives with less through their website, books, podcast, and films. They have been featured in *The New York Times*, *The New Yorker*, *The Wall Street Journal*, and *Time* magazine, and they have spoken at Harvard, Apple, and Google. *The Minimalists Podcast* is often the #1 health podcast on Apple Podcasts, and their documentary, *Minimalism*, was released by Netflix. Both raised in Dayton, Ohio, they currently live in Los Angeles.

Finding Freedom

A Cook's Story; Remaking a Life from Scratch

by Erin French

Make your way to Freedom, Maine, and you will find both an exquisite meal and a vivid memory. After the flood of calls for dinner reservations crashed the restaurant's phone lines, Erin knew she had to make a change. To eat at The Lost Kitchen, you'll need a postage stamp and a bit of luck. Requests are made by snail mail, and if you're one of the lucky few whose postcard has been plucked from the over twenty thousand cards received, you'll find yourself in the soft glow of a Maine summer night. You'll cross the footbridge extending over Freedom Falls, and the shingled mill will come into view, nestled into the great granite bedrock perched above the rushing water. The Lost Kitchen. Found. When you enter, Erin greets you with a warm smile, as if she's welcoming you to a dinner party in her own home, because this is home. Despite what she once believed, it was here in her hometown of Freedom, Maine, where she was told dreams went to die, that she found a good life.

In *Finding Freedom*, Erin shows us her life as an exuberant child, roaming barefoot and gleeful on a 25-acre farm, despite facing constant feelings of disappointment from her father, who had always dreamed of a son. We see her as a teenager, falling in love with food while working the line at the family diner, determined to fight her way out of Maine to a better life. And, finally, she emerges as a woman, finding her calling as a professional chef at her beloved restaurant tucked inside a 19th century gristmill. But that woman has another story: one of multiple rock-bottoms, of darkness and anxiety, of the (...)

Author Bio

Erin French is the owner and chef of The Lost Kitchen, a 40-seat restaurant in Freedom, Maine, that was recently named one of *TIME Magazine*'s World's Greatest Places and one of 12 Restaurants Worth Traveling Across the World to Experience" by *Bloomberg*. A born-and-raised native of Maine, she learned early the simple pleasures of thoughtful food and the importance of gathering for a meal. Her love of sharing Maine and its delicious heritage with curious dinner guests and new friends alike has garnered attention in outlets such as *The New York Times* (her piece was one of the ten most read articles in the food section the year it was published), *Martha Stewart Living*, *Wall Street Journal*, *Boston Globe*, and *Food & Wine*. She has been invited to share her story on NPR's *All Things Considered*, *The Chew*, *CBS This Morning*, and *The Today Show*. Erin was featured in a short film made by Tastemade in partnership with L. L. Bean, which won a James Beard Award, and *The Lost Kitchen Cookbook* has been named one of the best cookbooks by *The Washington Post*, *Vogue.com*, and *Remodelista* and was nominated for a

The Silent Patient

by Alex Michaelides

The instant #1 *New York Times* bestseller

An unforgettable - and Hollywood-bound - new thriller. . . A mix of Hitchcockian suspense, Agatha Christie plotting, and Greek tragedy."
- *Entertainment Weekly*

***The Silent Patient* is a shocking psychological thriller of a woman's act of violence against her husband - and of the therapist obsessed with uncovering her motive.**

Alicia Berenson's life is seemingly perfect. A famous painter married to an in-demand fashion photographer, she lives in a grand house with big windows overlooking a park in one of London's most desirable areas. One evening her husband Gabriel returns home late from a fashion shoot, and Alicia shoots him five times in the face, and then never speaks another word.

Alicia's refusal to talk, or give any kind of explanation, turns a domestic tragedy into something far grander, a mystery that captures the public imagination and casts Alicia into notoriety. The price of her art skyrockets, and she, the silent patient, is hidden away from the tabloids and spotlight at the Grove, a secure forensic unit in North London.

Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with Alicia. His determination to get her to talk and unravel the mystery (...)

You're Not Listening

What You're Missing and Why It Matters

by Kate Murphy

Who listens to you?

New York Times contributor Kate Murphy asked people on five continents this question, and the response was typically a long, awkward pause. People struggled to come up with someone, anyone, who truly listened to them without glazing over, glancing down at a phone, or jumping in to offer an opinion. Many admitted that they, themselves, weren't very good listeners, and most couldn't even describe what it meant to be a good listener.

Despite living in a world where technology allows constant digital communication and opportunities to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, Murphy wanted to know how we got here.

In this illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus-group moderator, bartender, radio producer, and top furniture salesman).

While listening is often regarded as talking's meek counterpart, Murphy discovered it's actually the more powerful position in communication. We learn when we listen. It's how we connect, cooperate, empathize, and fall in love. Listening is something we do or don't do every day. While we might take listening for granted (...)

Author Bio

Kate Murphy is a Houston, Texas-based journalist who has written for The New York Times, The Economist, Agence France-Presse, and Texas Monthly.

Never Enough

A Navy SEAL Commander on Living a Life of Excellence, Agility and Meaning

by Mike Hayes

Mike Hayes has lived a lifetime of once-in-a-lifetime experiences. He has been held at gunpoint and threatened with execution. He's jumped out of a building rigged to explode, helped amputate a teammate's leg, and made countless split-second life and death decisions. He's written countless emails to his family, telling them how much he loves them, just in case those were the last words of his they'd ever read. Outside of the SEALs, he's run meetings in the White House Situation Room, negotiated international arms treaties, and developed high-impact corporate strategies.

Over his many years of leadership, he has always strived to be better, to contribute more, and to put others first. That's what makes him an effective leader, and it's the quality that he's identified in all of the great leaders he's encountered. That continual striving to lift those around him has filled Mike's life with meaning and purpose, has made him secure in the knowledge that he brings his best to everything he does, and has made him someone others can rely on.

In *Never Enough*, Mike Hayes recounts dramatic stories and offers battle- and boardroom-tested advice that will motivate readers to do work of value, live lives of purpose, and stretch themselves to reach their highest potential.

Author Bio

Mike Hayes is the former Commanding Officer of SEAL Team TWO, leading a 2,000 person Special Operations Task Force in Southeastern Afghanistan. In addition to a twenty-year career as a SEAL, Mike was a White House Fellow, served two years as Director of Defense Policy and Strategy at the National Security Council, and has worked directly with both Presidents George W. Bush and Barack Obama. Beyond his military and governmental service, Mike served in Chief of Staff and COO roles at Bridgewater Associates, the world's largest and most successful hedge fund. He's currently the SVP and Head of Strategic Operations at Cognizant Technology. He holds an M.A. in Public Policy from Harvard's John F. Kennedy School of Government and received his B.A. from Holy Cross College. His military decorations include the Bronze Star for valor in combat in Iraq, a Bronze Star for Afghanistan, and the Defense Superior Service Medal from the White House. Hayes is a lifetime member of the Council on Foreign Relations, a member of the board of directors of Immuta, a data governance company, and of the National Medal of Honor Museum, and a senior advisor to Inherent Group, an impact investment firm. He lives in Westport, Connecticut, with his wife and daughter.
