*Pretty Little Liars* meets *Memento* in this debut YA thriller.

When Allie Castillo wakes up after a terrible car accident, with head injuries and zero recollection of who she is or what happened, one thing haunts the edges of her mind: the crash may not have been an accident.

Her body still bruised, she returns to a life she doesn't recall, to a house that's unfamiliar, and to a family that doesn't feel like her own. School is another minefield—her boyfriend wants his girl back, her best friend wants to carry on their old partying ways, and the mysterious guy at the back of the classroom wants nothing more than to unlock the door to her forgotten memories.

As Allie learns about her notorious past, she grows to dislike who she was preaccident. She's determined to change, determined not to repeat the same mistakes. But when her life is put in jeopardy once more, Allie realizes that her only chance at survival is to remember who she used to be—even if that means abandoning who she wants to become.

## by Kate Marchant

Love is right beneath the surface in this heartfelt summer read for fans of Sarah Dessen and Jenny Han.

Waverly Lyons has been caught in the middle of her parents' divorce for as long as she can remember. This summer, the battle rages over who she'll spend her vacation with, and when Waverly's options are shot down, it's bye-bye Fairbanks, Alaska and hello Holden, Florida to stay with her aunt.

Coming from the tundra of the north, the beach culture isn't exactly Waverly's forte. The sun may just be her mortal enemy, and her vibe is decidedly not chill. To top it off? Her ability to swim? Nonexistent.

Enter Blake, the (superhot) boy next door. Charming and sweet, he welcomes Waverly into his circle. For the first time in her life, Waverly has friends, a social life, and soon enough, feelings...for Blake. As the two grow closer, Waverly's fortunes begin to look up. But every summer must come to an end, and letting go is hardest when you've finally found where you belong.

## by Rachael Rose

14.6M Reads

A teen girl reaches her breaking point in this contemporary novel reminiscent of Jennifer Lopez's *Enough*.

For Maddie Goodwright and her mom, a six-hour flight from New York City to Los Angeles will change their lives as they leave behind broken relationships and shattered dreams. But a new school, a new home, and a new group of friends can't heal the wounds of the past. To move forward, Maddie will have to reinvent herself.

When Maddie's stepcousins take her to the local underground fight club, it's only a matter of time before boxer Hayden Walker catches her eye. Strong, powerful, and confident—he's everything Maddie isn't, but definitely wants to be. Convincing Hayden to train her is hard, not falling for him will be even harder.

As Maddie transforms both inside and out of the ring, her past returns with a vengeance, determined to ruin everything. Except this time he's not ready for her to face him head-on.

## by Bella Higgin

3.8M Reads

**One girl makes the ultimate sacrifice to find and save her sister in this juicy vampire novel.**

When my sister went missing a few weeks ago, I knew I had to figure out a way to get into Belle Morte to find her. And so, here I am, offering myself up as a donor, actually letting hated vampires feed on me, all so that I can discover not just why she's disappeared, but where they're keeping her.

Only now that I'm here, the secrets are much bigger than I ever anticipated. The truth—about this world, these vampires, what's happened to my sister—is both shocking and terrifying. But what's even more frightening is how much I've come to care about Edmund Dantes, and those feelings are set to ruin my life forever.

And when my world changes in an instant, I know I'll never go back to my old life again. I'll never be me, again—I'll be forever changed. Belle Morte will have changed me, completely.

## The Opposite of Falling Apart

After losing his leg in a terrible car accident, Jonas Avery can't wait to start over and go away to college. Brennan Davis, on the other hand, would like nothing more than to stay home and go to school so she can keep her anxiety in check. When the two accidentally meet the summer before they move away, they'll push each other to come to terms with what's holding them back even as they're pulled closer to taking the biggest leap of all—falling in love.

## Trapeze

Flying high above the big top has always been Corey Ryder's passion. Trained as a trapeze artist from a young age, it's the only life she's ever known—but when a tragic accident puts a halt to the traveling circus she calls home, she's forced to a standstill.

Elevating the voices and stories of diverse communities around the world.
