### Hygge Puzzles

by Eric Saunders

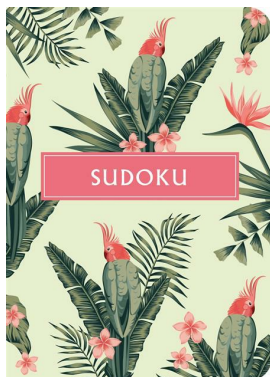

Oct 11, 2022 Paperback \$12.95 CAD

**The Danish are often said to be the happiest people in the world - could hygge be the key? Find that hygge feeling with this collection of over 160 cozy puzzles and heart-warming quotes.**

The Danish art of living well has taken hold in our consciousness as we seek an antidote to stressful lives. Hard to pronounce (hooga is close) and even harder to translate into English, it is taking pleasure in simple, everyday moments and making them special, and being present enough to full appreciate them. It is sharing food with friends, lighting candles and cosying up with blankets around the fire in winter and sharing a picnic in the park in summer. It is cosiness, contentedness, comfort, and making the ordinary extraordinary.

The puzzles and quotes in this book are intended to evoke a feeling of hygge - as you immerse yourself in them you will be transported to a place of happy and comforting experiences. Many of the puzzle types will be familiar to you, including wordsearches, arrowwords, codewords and word wheels. They're accompanied by beautiful, comforting quotes and a introduction on how to embrace the hygge feeling.
