THE STORY BEHIND THE DESIGN

Laurel Burch (1945–2007) began her career in the 1960s, selling handmade jewellery in San Francisco’s Haight Ashbury neighbourhood. Relying on her intuition and passion, by the 1970s Laurel was an internationally known artist and designer. From her fertile imagination, she created brilliantly coloured, vibrant and moving themes with paint and paper, exquisitely embellished with gold and silver.

Despite her lifelong struggle with a rare bone disease, Laurel lived with extraordinary joy, undiminished gratitude and a contagious positive spirit. Her fantastical imagination, whimsical creatures and

the wonders she created in her paintings, jewellery and writings are now part of her legacy.

In 2024 we join the Laurel Burch brand, now run by her children, in celebrating 50 years of Laurel Burch. From self-taught artist to pioneering businesswoman at the head of a merchandising empire, Laurel is the embodiment of passion and perseverance. We are honoured to be a brand that Laurel trusted personally with her work, and we continue to share in her entrepreneurial spirit and creative vision.

THE STORY BEHIND THE DESIGN

Legend has it that hanging a Bird of Happiness in one's home will bring good health and fortune to all who live under its warm embrace. Artist Nadezhda Sokolova, also known as Nadya Sokolova, has taken inspiration from this classic tale of Russian folklore for these designs. Using her unique style of batik painting on silk, Sokolova captures the warmth and optimism of these "wood chip birds."

Similar to the Slavic story of the Firebird, the Bird of Happiness, or Pomor dove, is a symbol of family happiness and also represents the sun. It comes from the story of a hunter who carved such a

bird for his sick son. When he hung the carving above his son's bed, it magically came to life, with the boy exclaiming "Here is the sun!" as he experienced a miraculous recovery. Today, the birds are often hung in multiple spots inside the home where the movement of warm air brings them to life, spinning them in a circle where they hang.

With these bright and lively images, it is our hope that these vibrant birds of lore will bring good luck to your own life and brighten up a dark spot in any home.

THE STORY BEHIND THE DESIGN

French artist Claude Monet (1840–1926) was one of the founders of the Impressionist movement and is considered one of the most successful painters in contemporary art. Impressionism, which originated in France in the 1860s, is characterized by the artist's depiction of the visual impression of the moment, specifically the transient effect of light and colour. Monet was particularly fascinated with portraying the beauty of nature as the light, shadows and colours changed with each passing moment, day or season.

After purchasing property in Giverny, France, in 1890, Monet set about designing an expansive garden according to the contrasts of colour and shadow, as though it were a painting. This garden was Monet's great passion and the inspiration for many of his most famous works, including a series of canvases called *Chrysanthemums*. The 1897 painting reproduced on our cover portrays a vibrant bed of colourful chrysanthemums captured in Monet's distinctive heavy brushstrokes, which beautifully highlight the magnificence of nature.

THE STORY BEHIND THE DESIGN

Inspired by the 17th-century binding that originally housed the *Bustan*, a seminal work by Persian author Saadi (1210–1291), this design features intricate birds and flowers that beautifully mirror the contents of the original volume. Today the historic binding can be found in the British Library.

Saadi Shirāzī, known by his pen name Saadi, was a poet and prose writer born in Shiraz, Iran. He was nicknamed “The Master of Speech” among fellow Persian scholars for the quality of his writing and the depth of his social and moral thoughts. Saadi’s

work conveyed his worldview through the beauty of poetry. The strength of his writing not only impacted Persian literature but also influenced the use of Persian language in everyday life.

The *Bustan* (known in English as *The Orchard*) is one of Saadi’s two best-known works. Written entirely in verse, the stories within are rich in moral thought and principles. Scattered throughout are aphorisms, practical wisdom and reflections on the human existence. With its delicate botanical patterns, this design reflects the fruits of Saadi’s wisdom.

THE STORY BEHIND THE DESIGN

Inspired by an 1893 binding of *The Poems* by William Blake (1757–1827), our cover design features delicate golden wildflowers stamped on a rich blue background. The original volume, crafted in Britain by Zaehnsdorf bindery, had endpapers made of pink floral silk. The exquisite botanical beauty of this binding reflects the reverence for the natural world felt by poets of the Romantic era.

William Blake was an English poet, painter and visionary. Though in his lifetime his work went largely unrecognized, he is now

considered one of the greatest artistic and literary geniuses of the 18th and 19th centuries. Blake produced a diverse and symbolically rich collection of works that had both philosophical and mystical undercurrents. He embraced the divine imagination, often using flowers as a metaphor in his poetry.

Echoing the tune of Blake's extraordinary imagination and respect for nature, this Wildflower Song design is sure to make your spirit sing.

THE STORY BEHIND THE DESIGN

Our Embellished Manuscripts and Old Leather books come from the same piece of inspiration — a sample of William Shakespeare’s handwriting that we knew would make an inspiring journal cover. We experimented with how to enhance the handwriting and so designed a simple gold frame inspired by Renaissance-style book bindings. Since our earliest days, that gold frame has been the backbone of our Old Leather designs, allowing us to experiment with colour and other added embellishments.

Celebrating what it is about Renaissance-style bindings that we have always found so captivating — the rich hues of the dyed leather — all of our Old Leather Collection and Old Leather Classics designs share this combination of embellished frame and coloured background. Most books in the original Collection also have wrap closures, though we have experimented with magnetic straps, while our Classics offer a simple, expandable elastic band. These are the perfect books for people with a classic style who don’t want to settle for a plain black book.

THE STORY BEHIND THE DESIGN

French artist Pierre-Auguste Renoir (1841–1919) was one of the leading painters of the Impressionist movement. He created several thousand paintings in his lifetime and is acclaimed for his portraiture and dreamy landscapes. His works are some of the most well-known and frequently reproduced in the history of art.

Impressionists were the radicals of the art world, defying the formal rules of academic painting by preferring to spontaneously paint outdoors rather than within the walls of a studio. This “on

the spot” style resulted in a greater awareness of colour and light and translated on canvas as rapid and broken brushstrokes that captured the fleeting quality of sunlight.

The Impressionist group, which also included founding member Berthe Morisot, often exhibited together as well as individually. In 1892 Renoir wrote to Morisot ahead of her first solo exhibition in Paris, and that letter is reproduced here against the lush backdrop of his *Bed of Anemones* painting.

THE STORY BEHIND THE DESIGN

The art of still life painting is a celebrated part of Dutch culture, but this time-honoured artistic style didn't develop from thin air. Before still life emerged, there were illustrators who delicately illuminated handwritten manuscripts with images of plants, fruits, flowers, animals and insects to add emotional power to a written work.

One of the most celebrated practitioners of this style of illumination was Joris Hoefnagel (1542–1601). Hoefnagel, a pivotal artistic figure from the Netherlands, is remembered as

being the last important Flemish manuscript illuminator and one of the first artists to work on the new genre of still life. In the 1590s the Emperor Rudolf II commissioned Hoefnagel to add his illuminations to the *Mira calligraphiae monumenta*, a mid-16th-century manuscript on the art of calligraphy by Georg Bocsday.

The *Mira calligraphiae monumenta* (*Model Book of Calligraphy*) is regarded as one of the last important examples of European manuscript illumination. Today, the book can be found in the Getty Museum.

THE STORY BEHIND THE DESIGN

Let a swirl of rose amid gilt embellishment inspire you to write your chronicles. This cover design is based on a binding originally published by Salel Binder in Paris in 1514. The tome, *Chroniques*, was created at a time when books were evolving and binders were using smaller formats that were easier to bind. Pasteboards replaced wood covers and gold tooling grew in popularity.

The exuberance of the *Chroniques* design reflects the sheer splendour of the Renaissance approach to decoration that

influenced architecture, art and all facets of cultural life. In the glittering rose-pink of this cover you may well see the intricacies of your own stories or the infinite possibilities of the written word. At minimum, we hope that Rose Chronicles will make you think of Paris, which has for centuries been a centre for art and publishing and a beacon of culture.

With its intricate flying buttresses and ornate religious sculptures, the Duomo di Milano represents the pinnacle of Italian Gothic architecture.

The drawing recreated here is part of a series proposed by the architect Paolo Cesa Bianchi (1840–1920) for the decoration of the interior vaults of the Milan Cathedral. In the 19th century there were many architects, each with their own unique vision, who submitted design proposals such as this. The submission by Bianchi, crafted in 1881, centres around the use of arabesques, which create a sense of a faux relief arborescence over a golden background.

The design proposals of these architects, carefully preserved in the Archive of the Veneranda Fabbrica del Duomo, allow us to discover an unprecedented Cathedral, the one imagined by architects of the past and then, for various reasons, never built.

We are honoured to partner with Veneranda Fabbrica del Duomo di Milano to bring this example of sublime architectural vision to new eyes.

Rinpa Florals

HARDCOVER — Smyth Sewn • Ribbon Marker
Pouch • Wrap Closure

These intricate details of spring and summer flowers are from an 18th-century Japanese paper screen by artist Watanabe Shiko (1683-1755), who painted in the Rinpa style (and was reputedly a rōnin!). Beautiful gold accents make up every intricacy of the leaves and flowers in this rich and romantic composition.

Rinpa is a leading historical school of Japanese painting, established in 17th-century Kyoto, whose artists were known for working in a range of formats, notably screens, fans, hanging scrolls and kimono textiles. The design on our cover shows a section of a screen with various types of blooms often believed to follow the ancient Japanese language of flowers, called Hanakotoba. Flowers were used to convey emotion and communicate with the viewer without the use of words.

We are honoured to have the use of this original work from the Ashmolean Museum of Art and Archaeology at the University of Oxford, where Japanese material has been exhibited since the earliest stages of the Museum's history.

Portuguese Tiles

HARDCOVER — Smyth Sewn • Ribbon Marker
Pouch • Elastic Closure

Azulejos (meaning "small polished stone") are painted, glazed ceramic tiles that date back to 13th-century Portugal where they were used inside buildings during the Gothic period. Today, we see these decorative tiles across a wide range of buildings, from monasteries and palaces to railway stations, restaurants and family homes. The design on the tiles commonly related to the building's unique history, and the individual pieces often end up forming an elaborate mosaic.

There are countless wonderful examples of these beautiful tiles all across Portugal. The design seen here is pulled from the traditional tiles gracing the façades of a variety of old houses in Porto. Ornate in detail, these tiles do not just serve as decoration but represent an important part of Portuguese culture and tradition. Held within are stories of their country and its past.

Luxe Design

HARDCOVER — Smyth Sewn • Ribbon Marker
Pouch • Elastic Closure • Book Edge Printing

Luxuriate in the brass and regal blue tones of this Blue Luxe cover design. The original book, crafted in the heart of Amsterdam in 1715, was bound in goatskin with elaborate gold tooling. Contained inside the volume was the Oratio Dominica (Lord's Prayer) in almost 150 languages and dialects, compiled by English courtier John Chamberlayne, creating a document of global appeal.

The intricate details of this design reflect the tapestry of cultures in its original pages. The translations spanned from Europe and Asia to Arabia, Persia, Syria and Turkey. Chamberlayne, who was a writer and translator, spoke 16 languages himself.

Let the many cultures that once lived within this 18th-century binding inspire you against Blue Luxe's opulent backdrop.

New York Deco

HARDCOVER — Smyth Sewn • Ribbon Marker
Pouch • Elastic Closure

New York City is home to an endless number of famed landmarks and tourist attractions, including the eye-catching skyscrapers that punctuate the city skyline.

Described in an original brochure as the "*mise en scène* for the romantic drama of American business," one such tower is the Chanin Building. This midtown Manhattan landmark was built by developer Irwin S. Chanin in the late 1920s and its magnificent lobby, designed by René Chambellan and Jacques L. Delamarre, draws in architecture aficionados. Ornatly adorned with bronze grilles representing some of the finest Art Deco in the city, the lobby was modernly styled around a "City of Opportunity" concept. One of these ventilator grilles, with loops, spirals and geometric lines symbolizing human thought and emotion, is reproduced here.

Asterales

HARDCOVER — Smyth Sewn • Ribbon Marker
Pouch • Elastic Closure • Book Edge Printing

Connect with the ornate Dutch world of yesteryear with this stately gold on black geometric design.

Reproducing an expensive goatskin leather book binding crafted in Amsterdam in 1835 by Friedrich W.J.C. Kolb, our Asterales series celebrates the harmony between art and science. The binding was originally designed to contain a Latin oration on the physiology of plants by the renowned Dutch botanist Willem Hendrik de Vriese (1806–1862). De Vriese was a member of the Royal Dutch Institute of Sciences, Literature and Fine Arts and, in his studies, named many species of plants in the Asterales order (Asterids).

Science and art have long found a common ground in Dutch history, with artists from the Netherlands pioneering the form of still life, so there is little wonder why this significant binding can be found in the KB, National Library of the Netherlands. Founded in 1798, the library holds the intention to celebrate the written word and share Dutch creativity and innovation with the world. We are honoured to partner with the KB, National Library to bring this beautiful binding to the Paperblanks collection.

Nova Stella

SOFTCOVER FLEXI — Smyth Sewn • Ribbon Marker
Pouch • Elastic Closure

The book whose cover is reproduced here is a 1768 publication of *Missale Sacri Ordinis Praedicatorum*, a volume containing instructions and texts for priests to use at mass throughout the year. It was published in Rome by Octavio Puccinelli, whose publications can still be found in major libraries around the world, including the Museum Kunstpalast in Düsseldorf, Germany, where this binding resides.

An 18th-century binding like this differs from its 17th-century counterparts in how ornaments filled the space of the surface. In the 1700s, binders would direct more of their efforts toward fashioning exquisite frames and the middle section would often remain blank or, as in this case, would feature a central object to complete the composition.

Red Velvet

 SOFTCOVER FLEXI — Smyth Sewn • Ribbon Marker
Pouch • Elastic Closure

Our Red Velvet design is inspired by a piece of a 15th-century velvet dalmatic, which is a tunic with wide sleeves worn as part of liturgical vestments and by British monarchs during coronation services. Velvets like these were originally woven on a special loom that created two thicknesses at the same time in order to achieve their marvellously soft texture and high pile. It was an expensive and painstaking procedure, making velvet one of the most highly prized luxury fabrics of the Renaissance.

The original velvet panel reproduced here was given to the Metropolitan Museum of Art as part of the Rogers Fund in 1945. It was one of a pair that was once owned by Marcell von Nemes, a Hungarian art financier, collector and dealer. This particular design is patterned using brocaded gilt metal thread in a seven-lobed shield outlined with teardrops, an artichoke-like botanical shape and tiny floral patterns.

Mary Shelley, Frankenstein

English writer Mary Wollstonecraft Shelley's (1797–1851) Gothic horror novel *Frankenstein*, considered to be one of the first works of science fiction, tells of a scientist who creates a sentient being in a morality-pushing experiment.

The story came to life during an 1816 trip that Shelley undertook with fellow Romantic era writers. The group travelled along the Rhine, stopping near Frankenstein Castle where an alchemist was said to have engaged in mysterious experiments two centuries before, and the group's conversations were dominated by topics such as galvanism and the occult. When Lord Byron suggested a competition to see who could write the best ghost story, Shelley drew upon these experiences, as well as her own feelings of grief and guilt over the loss of a child, to craft her story.

Frankenstein tackles universal questions such as "What is my purpose" and "Why am I here" — questions that always have, and always will, resonate with reading audiences. Today, Mary Shelley's handwritten draft of *Frankenstein* is held at Bodleian Libraries at the University of Oxford.

Michelangelo, Handwriting

Michelangelo Buonarroti's (1475–1564) mind was an incessant battlefield. The opposing forces of religious faith and pagan beauty warred across his consciousness. They also helped spur him to create a pantheon of artistic masterpieces.

Considered one of the masters of the Italian Renaissance, over the course of his lifetime he produced the finest frescoes and many of the most revered sculptures in the world. Michelangelo possessed a genius as severe and uncompromising as it was fertile. He was renowned for his fierce solitude, yet was one of the great chroniclers of the human form. His anatomical studies are haunting in their expressiveness and precision, while his tombs, such as those designed for Julius II and the Medicis, inspire wordless awe and perhaps even dread.

This letter, written in Michelangelo's own hand, demonstrates with every stroke of the pen the refinement and passion of one of the greatest artists humanity has produced. And with the Sistine Chapel's *The Creation of Adam* featured on the back cover, the point of creation beautifully bookends this Embellished Manuscript notebook.

Here is an example: Choose a header and a turntable base.

Step 2: Select tiers to make up your customized display unit.

Select the tiers based on the formats you wish to order. For example: 1 mini, 1 slim, 1 midi and 1 ultra.

For our Floor Display, we recommend starting with the following tiers: 1 mini, 2 midi and 2 ultra.

Step 3: Select products to fill your display.

To fill your display, use the average capacity of each tier (listed on facing page) to calculate the approximate number of items you should order. See the Visual Barcode Index for reference. Write down the unique item number for the header, base, tiers and books or other products on your order form. For further information, contact Customer Service (see back cover of this catalogue).
